Annual Catalogue

1916

We take pleasure in presenting to our patrons and friends our catalogue for 1916.

We offer our seeds with the full assurance that they are true and reliable, quality being always our first consideration, but at the same time we wish it particularly understood that we do not warrant them, for the ultimate success of a crop is dependent on so many contingencies that we cannot hold ourselves liable or responsible for failure. If the purchaser does not accept the seeds on these conditions, they must be returned at once.

In ordering goods please give your *Name, Post Office and State* in full, being particular to *write your name very distinctly*.

Remittances can be made by Post Office Money Orders, Bank Drafts, Express Orders or cash sent in Registered Letter.

Orders from unknown correspondents must be accompanied by a remittance or a satisfactory reference.

When ordering seeds in bulk by Parcel Post postage must be added as per parcel post rates see page 2. Seeds by packet and ounce will be mailed without extra charge.

In shipping we make no charge for delivery to railroads or express companies.

We are thankful for the generous patronage heretofore given and intend to continue to merit the same by exercising the utmost care and fidelity in promoting the interests of our customers.

R. B. DUNNING & CO.

LIBERAL REDUCTION TO CLUBS

Liberal reductions will be made to persons selecting packet seeds from our Catalogue at the prices named, and will be forwarded, postage free, to any part of the United States.

Those remitting	\$1.00	may select seeds in	5 cent packets	amounting to	\$1.25

RESTRICTIONS

Size limit, 84 inches in length and girth combined. Four ounces or less, 1 cent per ounce; over four ounces considered one pound. Fractional pounds considered pounds.

Weight limit up to and including second zone 50 Lbs., beyond that, 20 Lbs.

Any goods of a Poisonous nature, such as Paris Green, Arsenate of Lead, Etc., cannot be sent by Parcel Post.

Selected Northern Grown Vegetable Seeds

Seeds sent by Mail, Express or Freight as the purchaser may wish. Seeds in packets and ounces mailed without extra charge for postage. For seeds in larger quantities to go by Parcel Post, see General Information at top of this page.

ARTICHOKE—Jerusalem

From four to five bushels will seed an acre; they should be cut the same as potatoes, one eye on a piece being sufficient, planted in May, in rows three feet apart, and about eighteen inches in the rows, and covered about two inches deep.

They are the best hog food known, and are attracting much attention on account of their great fattening properties, and for milch cows, they excel any root grown for increasing the flow of milk, and make it much richer.

An acre will keep from 20 to 30 hogs during the fall and winter months.

They are well adapted to any soil where corn or potatoes can be grown.

Jerusalem Artichoke. Tubers, per qt., 25 cents; per pk., \$1; per bu., \$3.

ASPARAGUS

One ounce of seed will sow sixty feet of drill.

This is one of the first and finest spring relishes which comes to the table from the garden, and it really requires very little trouble in cultivation, since a bed once properly made and planted will last for years. The soil for the bed can hardly be made too rich, and the fertilizer should be well trenched-in to the depth of 2 feet or more. The roots should be planted as early in spring as the ground can be prepared, setting them a foot apart in rows 3 or 4 feet apart, with the crowns from 4 to 6 inches below the surface of the bed. Asparagus seed may be sown directly in the permanent bed and the

plants thinned as they grow; or it may be sown elsewhere, and the seedlings transplanted the second year. An ounce of seed will sow 60 feet of drill, and produce about 300 plants. Fair crops may be expected the third year.

Colossal. Widely cultivated; very large, deep green; tender Pkt Oz. $\frac{1}{4}$ lb.
stalks of good flavor; the roots are vigorous and productive, 5 .10 .20
For price on Asparagus Roots, see Vegetable Plants.

BEANS—Dwarf or Bush

One quart is sufficient for one hundred feet of drill; two bushels for one acre in drills.

A succession of sowings can be made from the first week in May until July. Plant in drills about two inches deep, and from eighteen inches to two feet apart, according to the richness of the soil; the poorer the soil the closer they can be planted; the plants should be about three inches apart.

Improved Golden Wax Beans

All varieties of seed garden Beans are a very short crop this year. In ordering Beans, it would be well to specify some other varieties so we can substitute, in case we should be out of any of the varieties you order.

Beans weigh about two pounds per quart. If ordered sent by Parcel Post, extra money should be remitted to pay postage. See general information concerning parcel post on page 2.

Burpee's Stringless Pod Bush Beans. The only stringless, green pod bush bean in cultivation, consequently it surpasses all others in crisp, tender flavor. All are absolutely stringless, and of a beautiful fleshy appearance. It is very early and very prolific.....

Qt.	Pk.	Bu.
.35	2.50	—
.25	1.75	—

Dwarf Horticultural. A fine, early shell bean.....

Improved Goddard or Boston Favorite. A fine shell bean, very similar to the Dwarf Horticultural, but much larger. A great favorite throughout this section as a shell bean for market gardeners as it matures earlier than the large pole varieties

.30	2.00	—
-----	------	---

Currie's Rust Proof, or Black Wax Bush. Straight, yellow stringless pod. Unsurpassed for quality

.35	2.50	—
-----	------	---

Improved Golden Wax. An improvement on the old Golden Wax. Pod is somewhat round, meaty and entirely rust-proof

.35	2.50	—
-----	------	---

Hodson Wax. Very large, brittle and tender wax pods. Strong and of vigorous habits. Pods 6 inches long, flat, meaty and of fine flavor.....

.35	2.50	—
-----	------	---

Davis Kidney Wax. This plant is a vigorous grower, carrying the pods well up from the ground. In productiveness it is astonishing, as it will produce at least one-third more bushels of pods to the acre than any other Wax Bean. The pods are long, straight, oval, of clear, waxy, white color and handsome, often growing to a length of seven to eight inches, and when fit for use, are quite stringless and of fine flavor.....

.35	2.50	—
-----	------	---

Wardwell's Kidney Wax. Early; vine medium, erect, hardy, productive. Pods long, broad, flat, brittle and of a delicate waxy-yellow. Very attractive market sort. Beans large, kidney-shaped, white and dark markings about the eye. First-class snap bean, and a good one for winter..

.40	3.00	—
-----	------	---

Early Mohawk. Very early, hardy and productive. Large, flat, dark green pods, five to six inches in length.....	.30	2.00	—
Low's Champion. One of the best for either snap or shell beans. Very productive; large, green, flat pods.....	.35	2.50	—
Refugee Wax. Long, round, yellow wax pods, very productive, and not inclined to rust.....	.35	2.50	—
Hodson Green Pod. Hardy, vigorous, upright in growth holding pods well up from the ground. Very productive,	.35	2.50	—
Long Yellow Six Weeks. Hardy and prolific, an excellent early string bean; pods green.....	.30	2.00	—
Yellow Eye. (Old Fashioned). Very productive; not as large as the improved, but of better quality for baking...	.20	1.50	5.50
Improved Yellow Eye. Very prolific; fine for baking....	.20	1.50	5.50

Improved White Pea.

Excellent for baking20 1.50 5.50

Imperial Yellow Eye.

Very similar in size and shape to the Old Fashioned Yellow Eye, and is very often mistaken for them. Pure white with the exception of having a small dot of yellow each side of the eye. Very prolific and of excellent quality for baking..... .20 1.50 5.50

Lazy Wives Pole Beans

BEANS—Pole or Running

One quart will plant one hundred hills, ten to twelve quarts to the acre.

These are more tender, and require rather more care in culture than the bush beans; they succeed best in sandy loam, which should be liberally enriched with short manure in the hills, which are formed, according to the variety, from three to four feet apart; from five to six seeds are planted in each hill, about two inches deep.

Horticultural or Speckled Cranberry.

The most popular variety for both string and shell beans30 2.00 7.00

Carmine Podded Horticultural. An improvement over the common Horticultural, being very much larger and much more productive. As a market shell bean, it has no equal .35 2.50 8.50

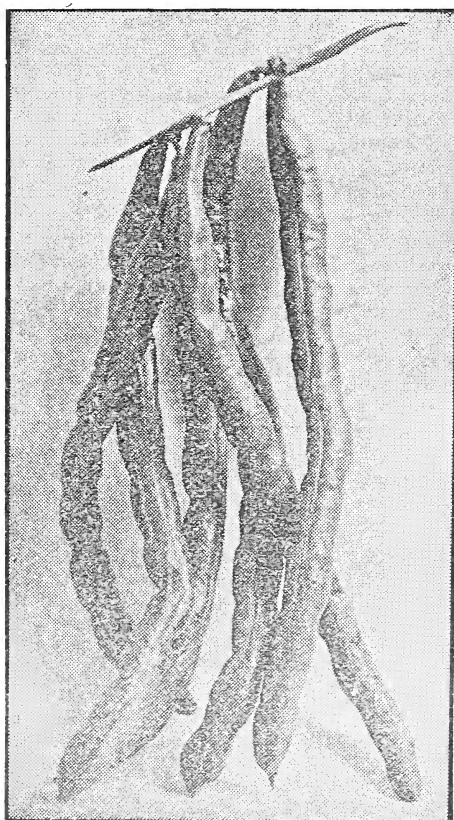

Mont d'Or, or Golden Butter. Earliest of the wax pole varieties, unsurpassed in quality.....	Qt.	Pk.	Bu.
	Crop	Failed.	
Indian Chief, or Black Wax Pole. A very tender string bean	.40	3.00	—
Lazy Wives. Immensely popular everywhere. Pods are large, green, entirely stringless, and of excellent flavor. It is exceedingly productive and easily gathered. Such is the peculiar taste and pleasant flavor of this bean that many persons could not be induced to eat other varieties of string beans, after tasting Lazy Wives. Excellent for shelling or baking.....	.35	2.50	—
Red Cranberry. Small, round, green pods, almost stringless, very tender. One of the best for a string bean....	.35	2.50	—
Golden Cluster. Pods a beautiful golden yellow, from six to eight inches long, produced in clusters of four to six. One of the earliest of the pole wax beans and very productive. Quality excellent.....	.35	2.50	—
Dutch Case-Knife. Very prolific, pods very long and flat, seven to eight inches long and three-quarters to one inch wide. Excellent quality, whether used green or dry....	.35	2.50	—

KENTUCKY WONDER or Old Homestead

A very prolific sort producing its pods in large clusters. Pods green, very long, often reaching nine or ten inches, nearly round when young and very crisp, of fine flavor and most excellent for snap beans. One of the best and most profitable beans for the market gardener, the pods being so showy and produced in great abundance... Qt. Pk. Bu. —

Early Jersey Lima. Of large size. Very tender and of delicious flavor. Very early. Out of a number of varieties that we have tried, we found this to be the most desirable sort for this climate.... .35 2.50 —

Scarlet Runner. Very ornamental, free climber with bright scarlet flowers..... Pkt. Qt. Pk. .10 .35 2.50

Kentucky Wonder Beans

White Dutch Runners. Large, white flowers; often planted with the scarlet variety; the effect is very beautiful..... Pkt. Qt. Pk. .10 .35 2.50

BEETS

One ounce to fifty feet of drill, six pounds to the acre.

The best results are obtained on a deep, rich, sandy loam. For early use sow as soon as the ground will admit, in drills fourteen inches apart, and thin to four inches; for the main crop sow the first week in May, and for winter use as late as June. The soil should be deeply manured and well cultivated. In lifting and storing the roots, care must be taken that they are not bruised.

Perfection Early Blood

Turnip Beet. This beet is the result of years of careful selection. It is very early with exceedingly small tops, roots globular and very smooth, flesh of a bright blood red color, very crisp, tender and sweet. It is

Perfection Early Blood Turnip Beet

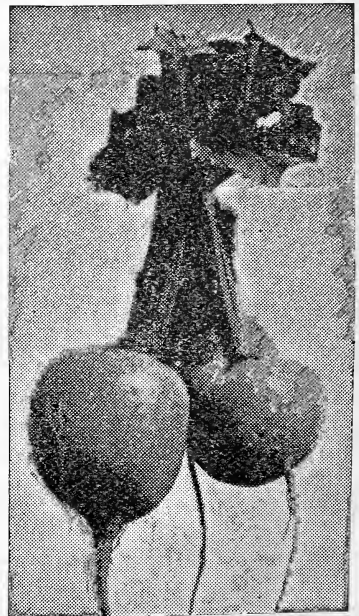

equally good for the market or home garden, as it is an excellent keeper, as well as being very early. . . .

	Pkt	Oz.	¼lb.	Lb.
5	.15	.40	1.25	

Detroit Dark Red Beet. As early as Crosby's Egyptian, with flesh a very dark, intense red. Tops small, roots globular or ovoid; very tender and sweet; good keeper. An early beet of the finest quality for either home or market use

5	.15	.35	1.00
---	-----	-----	------

Dirigo Extra Early. Originated with a leading market gardener and was brought to perfection after years of careful cultivation. It is a rich, blood-red beet of fine grain and flavor, is

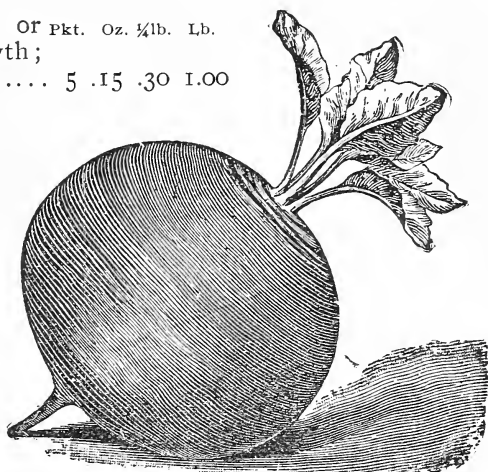

Detroit Dark Red Beet

earlier than either the Egyptian or Pkt. Oz. $\frac{1}{4}$ lb. Lb.
Eclipse, of smooth and rapid growth;
top and tap root being very small. 5 .15 .30 1.00

Crosby's Egyptian.

This variety resembles the Egyptian only in its extreme earliness. It grows much larger and lighter colored. It is one of the best sort for early planting as it reaches a usable size sooner than any other sort. Pkt. Oz. $\frac{1}{4}$ lb. Lb.

5 .10 .25 .75

**Crimson Globe.** Skin smooth and**Crimson Globe Beet**

regular. Flesh a deep, purplish crimson; foliage small, of a rich bronze purple. Roots globular in form with very tender and sweet flesh Pkt. Oz. $\frac{1}{4}$ lb. Lb.

5 .10 .25 .85

Eclipse. This variety is about as early as the Egyptian, but of larger and finer quality. Pkt. Oz. $\frac{1}{4}$ lb. Lb.

5 .10 .25 .85

Bastian's Early Blood Turnip. Larger than the Egyptian and follows it and the Eclipse in point of earliness; lighter colored

5 .10 .25 .90

Dewing's Blood Turnip. Of fine form and flavor; and deep blood red; a desirable variety. Pkt. Oz. $\frac{1}{4}$ lb. Lb.

5 .10 .25 .75

Swiss Chard Beet

Long Smooth Blood

Red. This is a long, smooth beet, growing to good size. Pkt. Oz. $\frac{1}{4}$ lb. Lb.

5 .10 .30 1.00

Edmand's Early Blood

Turnip. The largest sort for general crop. In quality one of the finest, exceedingly dark, shape globular, having only one tap root. Very popular with marketmen. Pkt. Oz. $\frac{1}{4}$ lb. Lb.

5 .10 .25 .75

Swiss Chard. Used

for greens. Pkt. Oz. $\frac{1}{4}$ lb. Lb.

SUGAR BEETS and MANGEL WURZELS

Varieties Grown for Feeding Stock (Sown in May or Early in June) Six Pounds Per Acre.

Lane's Improved Sugar. A well known variety; valuable for feeding to cattle. Oz. $\frac{1}{4}$ lb. Lb.

.10 .15 .50

Danish Sludstrup. This wonderful new mangel is of Danish origin and has repeatedly been awarded a first-class certificate by the Danish government on account of the larger yield per acre and the greater feeding value, per ton, over other

**Danish Studstrup
Mangel Wurzel**

We consider this one of the best varieties.

Oz.	¼lb.	Lb.
.10	.15	.45

Giant Feeding Sugar. A cross of the Mammoth Red Mangel and Improved Sugar Beet. Roots large, long and smooth, and of a beautiful light rose tint. Yields nearly as large a crop as the Mangels, and supplies a food of very much higher nutritive value. The roots grow partly out of the ground and can be harvested very easily.

.10	.15	.50
-----	-----	-----

Giant Yellow Intermediate. This variety grows more than half above the ground, and is a russet, yellow color. The root is ovoid, intermediate between the long and globe varieties. Flesh white, firm and sweet, much liked by cattle. Produces enormous crops and a good keeper

.10	.15	.50
-----	-----	-----

well known standard varieties. It has a long, reddish-yellow root, growing well above the ground, and on that account is very easily harvested. Tried with six standard, well-known varieties of Mangels by us, we found that the Sludstrup gave a far greater yield. We think this is the best Mangel ever introduced

Oz.	¼lb.	Lb.
.10	.20	.65

Yellow Globe Mangel Wurzel. Roots of large size, and globular form; very productive.

.10	.15	.50
-----	-----	-----

Improved Mammoth Long Red Mangel Wurzel. A variety producing roots of mammoth size.

.10	.15	.45
-----	-----	-----

Giant Red Eckendoff. A very popular

Danish variety of mangel of a square chunky type. It is very valuable, not only for its high feeding value, but also for its phenomenal yields. As the greater portion of the root grows above the surface of the soil, they are easily harvested, and their chunkiness prevents their breaking in

	Oz.	¼lb.	Lb.
Golden Tankard. A half long variety of a bright yellow color,	.10	.15	.45
Norbiton Giant Mangel Wurzel. Extra fine Long Red, very large10	.15	.45
Giant Yellow Eckendoff. Very similar to the Giant Red Eckendoff, except it is of a rich yellow color10	.15	.45

BRUSSELS SPROUTS

One ounce will produce 2000 plants.

Cultivated for the small heads that grow from the main stem; these small heads are firm and compact like little cabbages, and are considered a great delicacy by many people. Cultivate the same as cabbage or cauliflower.

Half Dwarf Paris Market. A most excellent variety and sure cropper. Pkt. Oz.
Tender and of fine flavor..... 5 .25

CABBAGE

One ounce will produce about 3000 plants

The Cabbage is one of the most important vegetables, and some of its varieties universally cultivated. The ground must be highly manured, deeply dug or plowed, and thoroughly worked, to insure good, full sized heads, a heavy, moist and fresh loam is the most suitable. The

Brussels Sprouts

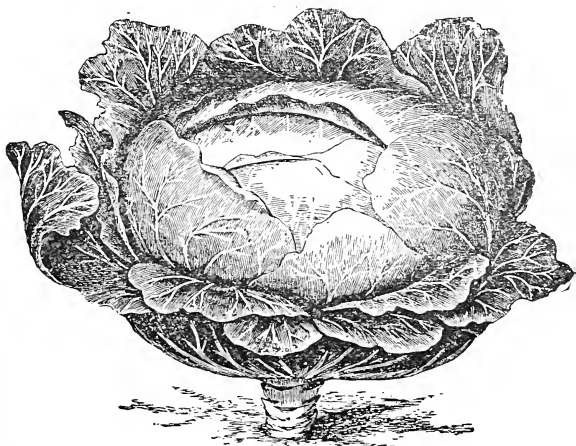

early sorts should be sown very early in the spring, in hotbeds, or later in the open ground. Eighteen inches by three feet apart is the common distance.

Early Jersey Wakefield. This is the standard early pointed-head cabbage. For the market garden it is the best, and for early home use all should have it Pkt. Oz. ¼lb.
5 .20 .50

Early Winningstadt. An excellent sort, heads of large size.... 5 .20 .60

Henderson's Early Summer. The standard summer variety. Unexcelled for the market garden and good for home use.... 5 .20 .60

Early Spring. The only Extra Early Round Flat-headed Cabbage in the world. Coming in with the Wakefield, and yielding one-third more than any other Extra Early. This variety is of the Early Summer Type, but about one-fifth smaller, and has only four to five outside leaves, and these so small that it may be planted twenty-one inches apart, 14,500 to the acre. The stem is short, making almost the whole plant edible. It is finely bred, the veining of the leaves being particularly fine. There is no cabbage we know of having a more solid head; it has also the peculiarity of heading

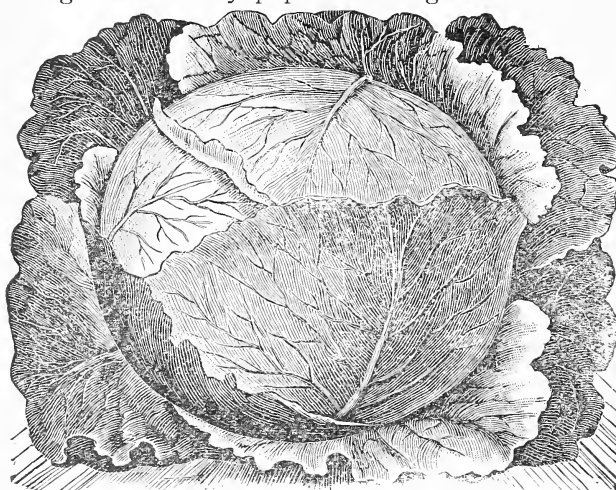

**Early Spring Cabbage**

firmly at an early stage in its growth, so that the finest cabbage, though small, can be obtained long before it has attained its mature size. Pkt. Oz. ¼lb.

Danish Summer Ballhead. This is a very early, large, very firm and heavy headed cabbage. Heads ball-shaped and of splendid appearance. A very sure header and one of the very best for the early market garden 10 .40 1.25

Premium Flat Dutch. The old standard variety for main crop. It has long stood the test and is yet one of the best. 5 .20 .60

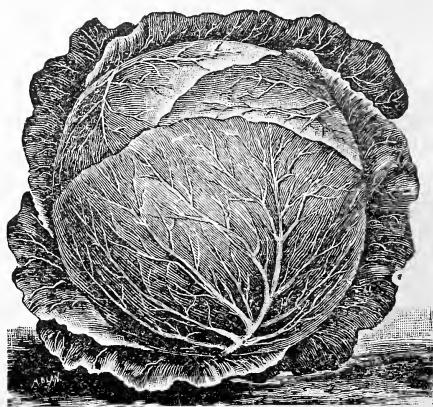

Deep Head. An early strain of the Flat Dutch type. The plant is rather below medium size; very short stemmed and few leaved. The leaves are large, broad and quite thick. The head is oval and very large for the size of plant, solid and of good quality. It matures just after the All Seasons' Cabbage and is very popular with gardeners 5 .20 .60

Fottler's Improved Brunswick Cabbage

Maine, grown. A valuable, round, solid winter variety. Is a long keeper, and profitable for shipping, keeping long after other varieties have gone. 10 .40 1.25

Sure Head. Produces large, round, flattened heads of The Flat Dutch type, and is remarkable for its certainty to head. It is all head and sure to head even under unfavorable conditions. The heads are remarkably uniform, very hard, firm and fine in texture, and, ordinarily weigh from 10 to 15 pounds each. Has but few leaves, keeps well. A good shipper, and just the variety to suit market gardeners and farmers, Pkt. Oz. ¼lb.

Sure Head Cabbage

Fottler's Improved Brunswick. An excellent early Drumhead variety; produces a firm and solid head. 5 .20 .65

Henderson's Succession. One of the finest for a second early or late sort, 5 .20 .60

Danish Ball Head. Cape Elizabeth,

Autumn King. Entirely distinct, one of the best keepers, enormous sized head, of that dark shade of green, which is most desirable in a cabbage and has such small outer leaves that it can be planted much closer together than the ordinary late sorts; therefore can be relied upon to produce a greater weight of crop per acre than any other variety. A distinct feature of the Autumn King is the peculiarly crimped leaf, which not only adds to its appearance, but enables it to be distin-

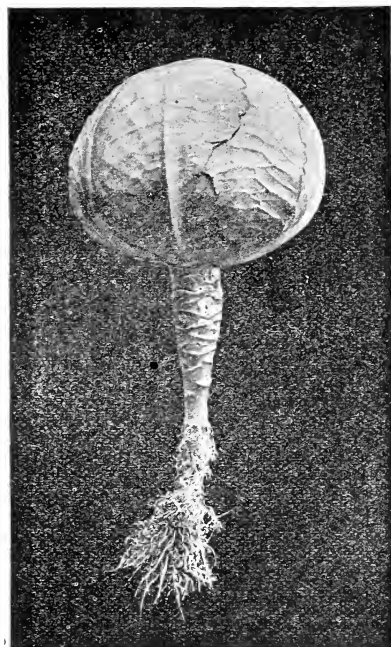

gished anywhere..... 5 .20 .60

Mammoth Rock Red. This is the best, largest and surest heading red cabbage ever introduced. The head is large, round, very solid and of deep red color..... 5 .20 .60

Stone-Mason Drumhead. One of the very best for a main crop.. 5 .20 .60

All Seasons' Cabbage. Early; solid and sure headed..... 5 .20 .60

Danish Ball Head. An extremely hardy, imported cabbage, which is growing in popularity in America, having proven itself one of the very best winter sorts. It is a very sure header, very solid and heavy, an extra good keeper and seller. It is

Danish Ball Head Cabbage

medium to late, but is generally grown as a late crop. Heads are not extra large and without many outer leaves. It is the best cabbage to raise where it is sold by weight, as its solidity is not equalled by any other cabbage grown..... 5 .25 .75

Danish Round Head. One of the best varieties of cabbage ever imported. Very similar to the Danish Ball Head, but of larger growth and embodies all its good qualities 5 .25 .85

CARROTS

One ounce to 100 feet of drill; three to four pounds to the acre

Carrots require a very finely pulverized soil to grow them to perfection. A good, light, and well enriched sandy loam is the best for this crop. For field culture, sow in drills three to three and one-half feet apart so as to cultivate by horse. Market gardeners sow in drills about eighteen inches apart, and cultivate by hand. For early crops cover one-half an inch deep, and thin to six inches apart, in the rows; for late, cover three-fourths of an inch deep, and thin to four inches.

Early French Forcing. The earliest variety in cultivation and the best suited

French Forcing Carrots

for forcing and early market gardening. Tops, small and divided. The roots are a reddish orange color and nearly round. When fully matured, they are about two inches in diameter...

	Pkt.	Oz.	¼lb.	Lb.
	5	.15	.40	1.25

Danvers' Half Long. In form it is midway between the Long Orange and Ox Heart. The root is of a dark orange color and grows very smooth.

Very productive..... 5 .15 .30 .90

Long Orange. Large roots, heavy cropper and excellent keeper 5 .10 .30 .75

New Ox Heart. A very early and heavy yielder. Thick and short in form, scarlet in color..... 5 .15 .30 .90

Long White Belgium. Large, long rooted variety; valuable for feeding stock..... 5 .10 .30 .75

CAULIFLOWER

One ounce will produce about 3,000 plants

Any soil that will grow early Cabbage will grow Cauliflower, as their requirements are almost similar; but as the product

are almost similar; but as the product are almost similar; but as the product are almost similar; but as the product

Ox Heart Carrots

is more valuable, extra manuring and preparation of the soil will be well paid. The seeds may be sown in the hotbed in March or April, and transplanted to open ground about the first of May.

Henderson's Early Snowball.

	Pkt.	Oz.
A very reliable early variety10	2.00

Early Favorite. One of the best early varieties, very hardy, easily grown, and will head under conditions in which many sorts will fail. Heads, large, solid, crisp, and tender..... 5 1.00

CELERY

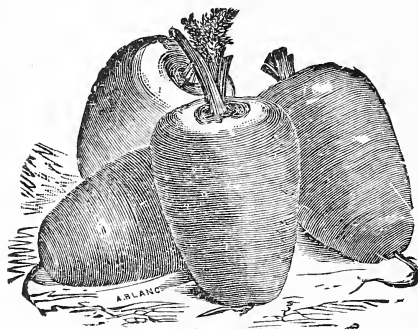

One ounce of seed produces about 4,000 plants.

To have celery early it should be sown in a hotbed quite early in the spring, and when three inches high plant out in a well prepared bed, which must be covered in frosty weather. For the principal crop, sow early in the spring, very shallow in the seedbed, and when the plants are about six inches high, transplant them about six inches apart into trenches, for blanching. Dig

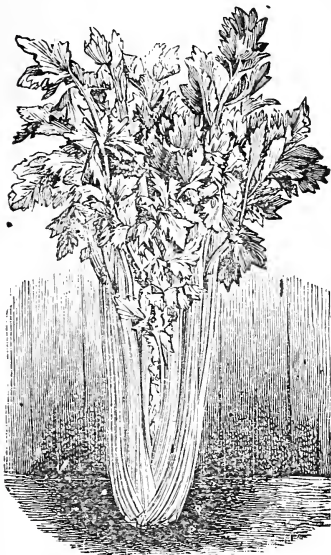

Danvers Half Long Carrot

CORN—Field and Ensilage

Field or Flint Corn will weigh about one and three-fourths pounds to the quart. If ordered sent by parcel post extra money should be remitted to pay postage. See General Information concerning Parcel Post on page 2.

Extra Early Yellow Canada. This is a very early eight-rowed variety, which we have secured after years of careful selection. Produces large, long, well-filled, golden ears; very prolific.....

Qt.	Pk.	Bu.
.10	.60	2.25

Red Cob Ensilage. A pure, white corn. It is sweet, tender and juicy, has short joints, grows to a great height with an abundance of leaves

	Qt.	Pk.	Bu.
of leaves10	.45	1.60

Evergreen Sweet Fodder. For cutting green and feeding to stock this variety excels all others in tenderness, sweetness and nutriment

	.10	.60	2.00
--	-----	-----	------

Early White Sanford. A white flint variety, very valuable for ensilage and fodder, the stalks being very large and numerous. Particularly adapted to this climate as it ears well and, if planted early, will come to maturity

	.10	.55	2.00
--	-----	-----	------

Improved Leaming. An early, yellow dent variety. Very productive. One of the best for ensilage or green fodder

	.10	.45	1.70
--	-----	-----	------

Eureka. An early, large-eared corn, of the dent variety. Grains are very deep and broad. Matures a trifle later than the Leaming. Very prolific, producing a great abundance of ensilage and fodder; grows from 12 to 14 feet tall

	.10	.60	2.00
--	-----	-----	------

Early Yellow Canada Corn

CRESS OR PEPPER GRASS

One ounce will sow 100 feet of drill.

A well known salad. Requires to be sown thickly and covered very slightly. Sow at frequent intervals to keep up a succession, as it soon runs to seed.

Double Curled. Very fine; may be cut two or three times

	Pkt.	Oz.
	5	.15

CUCUMBER

One ounce to fifty hills

The Cucumber is a tender annual, and therefore should not be planted or set out in the open air until there is a prospect of continued warm and pleasant weather. Cucumbers succeed in warm, moist, rich, loamy ground. The hills should be four or five feet apart in each direction.

When all danger from insects is passed, leave but three or four of the strongest plants in the hill.

**Japanese Climbing Cucumber****Japanese Climbing.**

A distinct and valuable variety, quickly climbing poles or trellis, taking up less room in the garden and keeping the fruit up from the ground and clean. It produces very long, round, crisp fruit of fine flavor and is very prolific

	Pkt	Oz.	¼lb.	Lb.
prolific	5	.15	.45	1.50

Nichols' Medium Green.

This is a very fine table variety, and also good for early forcing. Color dark green; flesh very crisp; very prolific and always straight, smooth and handsome. It also makes a very desirable sort for pickles..

	5	.10	.25	.75

**Improved Thick-Leaved Dandelion****DANDELION***One ounce to one hundred feet of drill*

The Dandelion resembles Endive, and affords one of the earliest, as well as one of the most healthful, of spring greens. Sow as early as the weather will permit, in good, well enriched soil, in rows twelve inches apart, covering seed one-fourth of an inch deep, the earth firmly pressed over the seed.

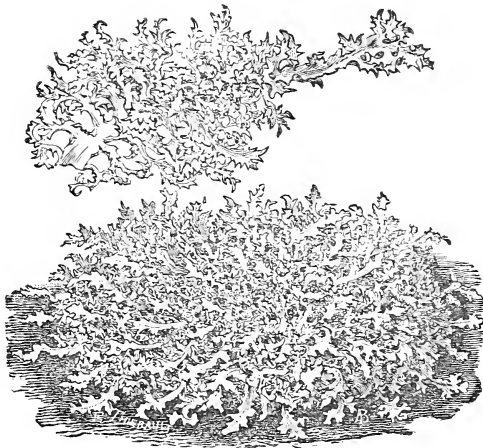

Improved Thick-leaved. Pkt. Oz. ¼lb.
Best variety10 .40 1.25

ENDIVE*One ounce to one hundred and fifty feet of drill.*

May be grown at any season, but is more generally used late in the fall. Sow during May or June, in drills, four teen inches apart, and when well established, thin to one foot apart. When nearly full grown, tie the outer leaves together over the center in order to blanch the heart of the plant.

Green Curled. This is the hardiest variety, and very desirable for the home and market garden. The deep, green leaves are beautifully cut and curled, easily blanched, and become very crisp, tender and fine flavored Pkt. Oz.
..... 5 .15

White Curled. By far the most beautiful variety. Plants moderately dense, with divided leaves which are coarser and less tender than those of the Green Curled; but even the outer leaves are very light colored, frequently white so that the plant is

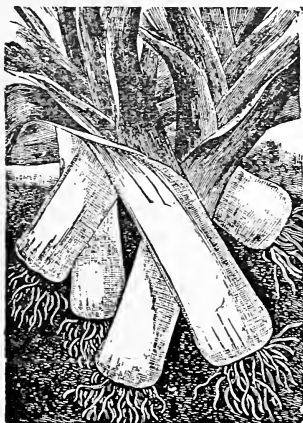

**Green Curled Endive**

very attractive and always brings the highest price on the market..... Pkt. Oz.
..... 5 .15

LEEK*One ounce of seed will sow 100 feet of drill*

Belongs to the onion family and by some preferred to that vegetable. Sow the seeds and care for the young plants same as for onions, but they need a little more room in order to develop fully. When the young plants are about the size of a goose-quill, transplant to a prepared bed in rows one foot apart and four or five inches in the row. Set the roots deep and draw the earth to them when cultivating, so that they may be well blanched by the time they are fit for use.

London Flag. It is the variety more cultivated in this country than any other. It is hardy and of good quality..... Pkt. Oz. ¼lb.
..... 5 .15 .50

**London Flag Leek**

LETTUCE

One ounce to one hundred and twenty feet of drill.

Lettuce thrives best in rich, moist ground. Sow the seed in hotbeds in February or March, and transplant into a sheltered border with a southern exposure. For successive crops, sowings may be made in the open ground as early as the spring opens, and continuing until July.

Lettuce should always be transplanted in order to make it head well.

Early Tennisball. White seeded. Extensively grown for forcing and heading under glass, heads firm and good size; very white and crisp.....

White Paris Cos Lettuce

Black Seeded Simpson. Heads very large with light colored leaves; leaves being almost white and beautifully curled. Pkt. Oz. ¼lb.
Stands summer heat splendidly and remains long fit for use.. 5 .15 .50

MELON—Musk

One ounce for sixty hills; two to three pounds for an acre.

Citron Preserving Melon

Melons thrive best in a moderately enriched light soil; the hills should be six feet apart each way. After all danger of frost is past, plant twelve or fifteen seeds in each hill, and when well up, thin out to three or four plants in each hill.

Nutmeg. Named from its shape; flesh green and sweet Pkt. Oz. ¼lb.
5 .10 .25

Large, Round, Yellow Cantaloupe. Flesh reddish orange, sweet and of good flavor; an early and productive variety 5 .10 .25

Miller's Cream. This is one of the finest, all-

round melons in existence. Flesh of a rich salmon color, very sweet and melting in quality..... 5 .10 .25

Extra Early Hackensack. A green-fleshed nutmeg of splendid quality. It is very early and a prolific bearer..... 5 .10 .25

MELON—Water

One ounce for thirty hills; four to five pounds for an acre.

Plant in hills eight feet apart, and cultivate same as Musk Melon.

Vick's Early. Productive, early and finely flavored; red flesh.. Pkt. Oz. ¼lb.
5 .10 .25

Mountain Sweet. One of the best for general culture..... 5 .10 .25

Citron. The standard variety for preserves 5 .10 .25

MUSTARD

One ounce to one hundred feet of drill.

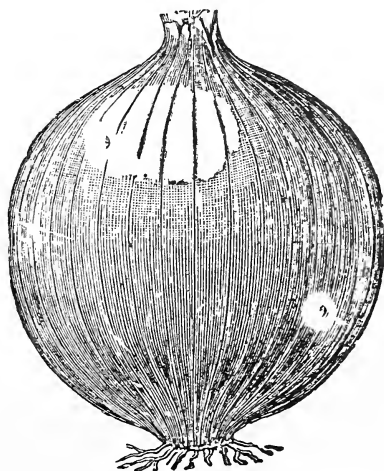

Sow thickly in rows at different times from May to July and cut when about two inches high. Used as a salad or cut and boiled for greens. The seed is used for flavoring pickles, etc.

White London. The leaves are light green, mild and tender when young; seed Pkt. Oz. ¼lb.
light yellow 5 .10 .25

ONION

One ounce to one hundred feet of drill; five pounds to the acre.

No vegetable is more extensively known and cultivated than the Onion. A good crop is impossible unless the soil is very rich and kept clean. Use well-rotted manure freely, and get the crop in as early as possible in spring, no matter if the

Yellow Globe Danvers Onion

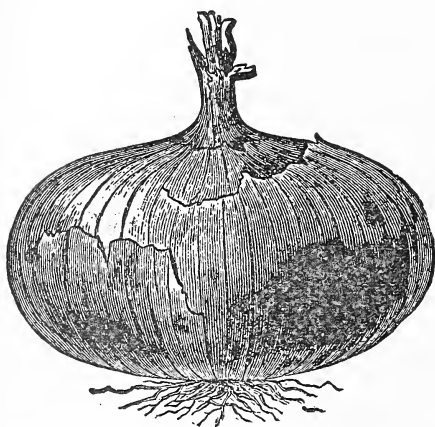

weather is cold and unpleasant. Sow in drills one foot apart and cover about one-third of an inch, treading or rolling, after sowing, so that the hot, dry atmosphere may not dry up and destroy the sprouting seed.

Large Red Wethersfield. Large size, productive and a good keeper 5 .15 .50 1.50

Extra Early Red Globe. A very early variety of medium size and deep red color; an abundant producer and of good form and flavor, keeping well. 5 .15 .50 1.50

Yellow Globe Danvers.—Extra Choice. Maine grown seed. This is far superior to the western grown seed as it is much earlier and is better adapted to our climate. It is sure to produce a good crop. The most profitable variety for the market gardener 5 .20 .75 2.50

Yellow Globe Danvers. The most profitable variety to raise, very productive, a good keeper, of mild flavor, and always meets with ready sale. 5 .15 .40 1.25

Large Red Weathersfield

The variety is without doubt the largest onion grown, samples under special culture, sometimes weighing five pounds 5 .20 .75 2.25

Onion Sets should be planted near the surface as early in the spring as the ground will permit, in drills about twelve inches apart and four inches in the rows. They produce a very early and profitable crop.

American Silver Skin.

Flavor mild and pleasant. Skin silver white. Handsome in appearance. Highly esteemed for pickling when young; also for market in early winter 5 .20 .60 2.25

Prize Taker. This is one of the best of the huge foreign varieties. When started under glass and transplanted into open ground, they bottom well, are nearly free from stiff neck, and when offered for sale always attract marked attention.

Onion Sets by mail are subject to an extra charge of six cents a quart for postage

For larger quantities prices will be given on application.

PARSLEY*One ounce to 150 feet of drill.*

Parsley requires rich, mellow soil; sow thickly in drills, one foot apart; and half an inch deep. As the seed germinates slowly, it is best to soak it for a few hours in tepid water before sowing. For winter use, protect it in a glass frame or light cellar.

	Pkt.	Oz.	¼lb.
Double Curled.....	5	.10	.25

PARSNIP*One ounce for 250 feet of drill five pounds to the acre.*

Sow as early in the spring as the weather will admit, in drills 15 inches apart, covering half an inch deep; when well up thin out to five or six inches apart in the rows. Unlike carrots, they are improved by frost, and it is usual to take up in the fall a certain quantity for winter use, leaving the rest in the ground until spring, to be dug as required.

Abbott's Improved, or Long Smooth.

Smooth and quite large; one of the best	Pkt.	Oz.	¼lb.	1lb.
	5	.10	.20	.60

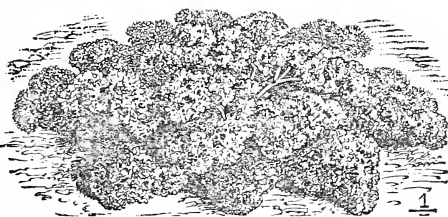

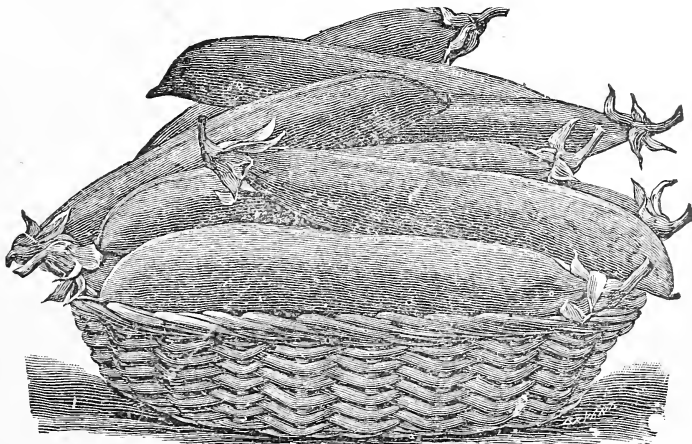

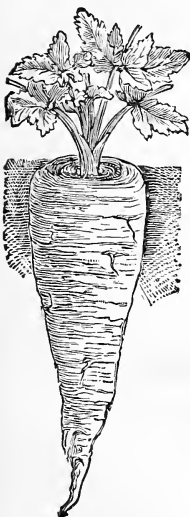

PEAS*One quart to 75 feet of drill; 2 to 3 bushel to the acre.*

Peas for an early crop should be sown as soon as the ground is in working condition. The soil for their reception should be light, dry, and well sheltered. Mild manure,

Abbott's Improved Parsnip

such as leaf mould, has a beneficial effect; but for many of the varieties, the soil cannot be too rich. For general crop the ground should be well manured the previous year, which causes them to yield more abundantly. When grown as a market crop, peas are never staked, and are sown in single rows, two or three

inches deep, and from two to three feet apart, according to the variety or strength of the soil. When grown in small quantities for private use, they are generally sown in double rows, six or eight inches apart, and the tall varieties staked up by brush.

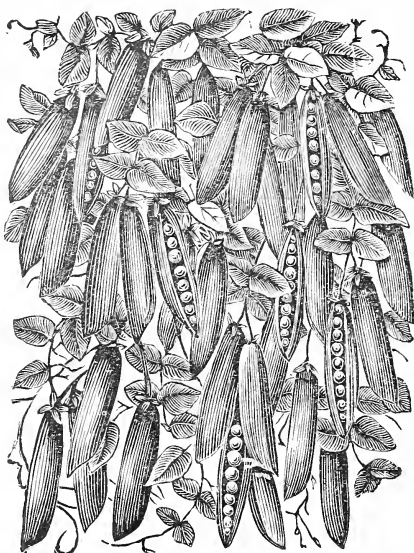

**Double Curled Parsley****Early Morn Peas**

Peas will weigh about one and three-fourths pounds per quart. If ordered sent by parcel post, extra money should be remitted to pay postage. See general information concerning parcel post on page 2.

EXTRA EARLY VARIETIES

Early Morn. (New). This pea is a new variety very similar in growth to Gradus, but a trifle earlier than either Gradus or Thomas Laxton. Very large pods of fine appearance and a good cropper. Excellent market garden variety for early use. Peas large and of excellent quality. It grows about three feet high and is very prolific

Qt.	Pk.	Bu.
.30	2.00	7.50

Sutton's Excelsior Peas

Sutton's Excelsior. A dwarf, early wrinkled variety, height about 15 inches; pods large and well filled; a very heavy yielder and of delicious flavor. In habit and growth it resembles the Nott's Excelsior, but is more prolific and has larger pods. This is without doubt the best early, dwarf pea on the market

.25	1.75	6.50
-----	------	------

Gradus or Prosperity. A new, very large, extra early variety of wrinkled pea. The most desirable sort for the home and early market garden, large podded and of splendid quality. The vines

grow about three feet high and are vigorous and hardy. The immense pods are as large as those of the Telephone, uniformly well shaped and handsome, and more attractive than those of other extra early varieties. The peas are very large, of splendid quality and beautiful color.....

.25	1.75	6.50
-----	------	------

Thomas Laxton. A new, early wrinkled variety of great merit. Vine three to three and one-half feet high, similar to that of Gradus, but darker in color, hardier and more productive. Pods large and long, similar to, but larger than those of the Champion of England, and as uniformly well filled. The green peas are very large, fine colored and unsurpassed in quality. This pea has only to be known to become one of the most popular sort for the market and home garden, as it is one of the very best varieties yet produced.....

.25	1.75	6.50
-----	------	------

Cleveland's Eclipse. The earliest and most productive pea as compared with the hitherto, earliest known pea on record. Grows about two feet high, seed green, wrinkled. Smaller than the American Wonder, the pods of which it resembles. Pods true American Wonder in shape and size. A most desirable sort for canners, market gardeners, or private family use.....

.30	2.00	7.50

Cleveland's Alaska. A very early variety, smooth, blue, prolific and sweet. Height two feet; very desirable for early market gardening.....	Qt.	Pk.	Bu.
	.25	1.50	5.50
Nott's Excelsior. One of the most valuable of all the wrinkled, dwarf peas. As early as the American Wonder, while the pods are larger, fully as well filled, and there are more of them. It grows a half taller than the American Wonder, and is a much heavier cropper25	1.75	6.50
Bliss' American Wonder. One of the earliest and best known wrinkled, dwarf varieties, grows about nine inches high, and is covered with well filled pods25	1.75	6.50

SECOND EARLY VARIETIES

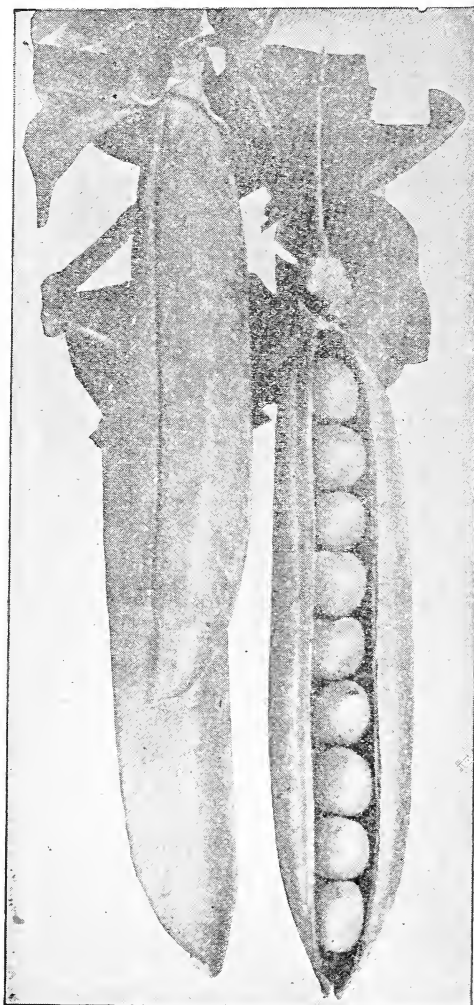

Dwarf Telephone. A new variety with dwarf vines, bearing large, handsome pods, with peas of highest quality, without the long vines of the Telephone and regular and uniform in growth. Height eighteen inches, stocky, healthy and vigorous, with almost no tendency to sport, and from five to seven days earlier than the Stratagem. Pods long, remarkably well filled, and of good lasting quality for market purposes. Peas of large size, tender and of delicious flavor.....	Qt.	Pk.	Bu.
	.25	1.75	6.50

Pride of the Market. Grows from eighteen inches to two feet high, and bears grand pods, well filled with large and finely flavored peas. Its robust constitution, enormous productiveness and superior appearance, insure its acceptance as a market favorite..	.30	2.00	7.00
--	-----	------	------

Bliss' Everbearing. Fine wrinkled marrow; pods three to four inches long, well filled with large peas; grows about two feet high.....	.25	1.75	5.75
--	-----	------	------

FOR GENERAL CROP

Dark Podd'd Telephone. This new variety is a great

Dark Podd'd Telephone Peas

improvement on the Carter's Telephone, both for purity and uniformity, showing no tendency to small late pods. It grows to a height of about four feet with a strong, healthy vine, bearing extremely large, dark green pods, which contain large peas of the very finest quality. For fancy market garden trade, it has no equal as it is not only very attractive in appearance, but of the finest quality.....

Qt. Pk. Bn.
.25 1.75 6.50

Admiral Dewey. A new variety, and is, without exception, the largest podded and best yielding pea yet introduced. The pods sometimes measure six inches and are very plump and well filled with eleven to twelve very tender, large peas of excellent flavor. The foliage, vine and pod are of a dark, rich green; and are remarkably vigorous and healthy; height about three and one-half feet.....

.25 1.75 6.25

Improved Telephone. A wrinkled variety of superior quality. It produces an abundance of large, handsome pods, filled with immense peas which are tender, sweet and of excellent flavor; grows about three feet high.....

.25 1.75 6.25

Long Island Mammoth. Also called **Telegraph.** A tall growing late sort, bearing very large, handsome pods, well filled. The peas are large, and not so wrinkled as many of the large, late varieties; of excellent quality and flavor..

.25 1.75 6.50

Duke of Albany, or American Champion.

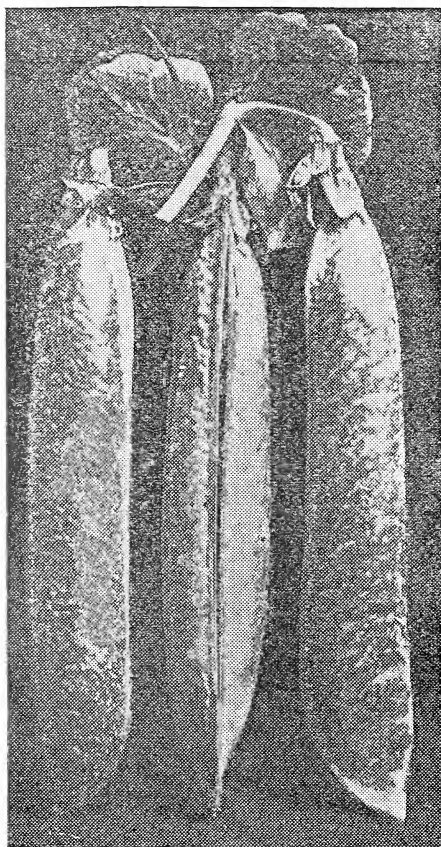

One of the best large podded late varieties. Very prolific. The vines are strong and vigorous, growing to the height of four feet, the pods are large, dark green and well filled with large, tender peas of delicious flavor

.25 1.75 6.25

Improved Stratagem.

A dwarf wrinkled pea of branching habit. The pods are of immense size, very uniformly filled with very dark green peas of the finest quality; an immense cropper. Grows about two feet high

Bell Pepper

PEPPER

One ounce will produce 1,500 plants.

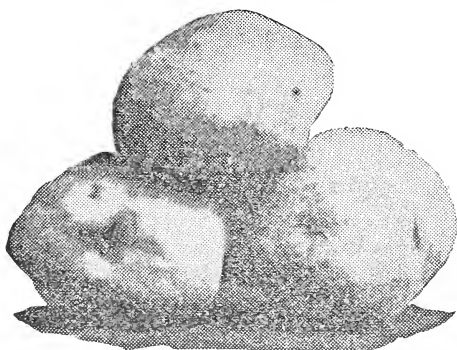

Grown largely for pickles. Sow in the hotbed early in April, and transplant into the open ground when the weather is favorable. The plants should be set in warm, mellow soil, in rows eighteen inches apart. The seed may also be sown in the open ground, when danger from frost is past, and the soil is dry and warm. Cultivate in the usual manner and the crop will be fit for use early in September.

Large Bell. Large and of mild flavor Pkt. Oz.
5 .30

SEED POTATOES

Write for prices of seed potatoes in barrel lots and larger quantities.

Irish Cobbler. We have found this potato to be one of the most reliable, extra early potatoes. In ripening it seems to be more uniform than any other sort. Every hill seems to ripen at the same time. The potatoes in form are oval and round. They grow very smooth, cream white, with few and shallow eyes. The quality for early table use is not excelled by any early variety. It keeps perfectly through the winter until planting time in the spring and it is never out of season for the table. Considering its earliness, yield, fine quality and handsome appearance, Irish Cobbler is one of the best of all early potatoes

Irish Cobbler Potatoes

Pkt. Bu.
.60 2.00

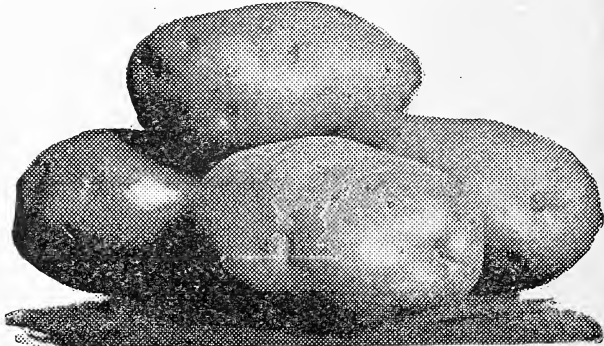

Harmony Beauty Potatoes
All grown in one hill, weight 5 3-4 lbs.

Harmony Beauty. This potato originated from the seed of a potato ball in Somerset county, Maine. It is the favorite market potato of Bangor, having the preference over all other varieties wherever once used, and conceded by growers and consumers to be the best potato grown. It always brings a better price than any other in our market. It is a prolific croper and remarkably free from rot, and about two weeks earlier than the Early Rose. In appearance it has a rus-

set, pinkish skin, a little lighter in color than the Early Rose, and is of more oval shape. Flesh white and mealy.....	Pk. .60	Bu. 2.00
Early Rose. The original Early Rose Potato, which was so popular and grown so extensively for a great many years in New England. After several years' trial, we have at last got what we consider to be absolutely pure stock. In our trials last year, we found that the yield was equal to its yield of former years. It was one of the very best yielding, early varieties grown by us last season.....	.60	2.00

Gold Coin. A very hardy, all around general crop potato. White skinned with slight russety appearance, flesh white and mealy. In form it is very regular, of a round, oval shape. As a table potato it cannot be excelled. Its yielding qualities are exceptionally large, being one of the heaviest croppers

Gold Coin Potatoes

we have ever grown. We consider this potato to be the best all around potato for general crop in cultivation	Pk. .60	Bu. 2.00
Green Mountain. A late variety of flat, oval form; white skinned, very smooth and handsome. One of the best yielders, free from blight, and rot, keeps well, and is never out of season for the table60	2.00

Mills' Pride. A new variety of potato. It has a white skin; very white flesh and is of oval, flat form. An immense cropper giving us the biggest yield of any potato we have ever grown. From seven bushels of seed planted on a little less than half an acre, rows three feet apart and hills twelve inches apart in the row, we harvested two hundred and four bushels of selected seed potatoes, with between twenty-five and thirty bushels of small

potatoes and culls that were not fit to put into seed stock. It is a very vigorous grower with large, healthy tops that stand up well.....

Pk. Bu.
.60 2.00

Irish Gem. (New). Originated from seed that came from Ireland a few years ago. It is pure white, of oval shape, slightly flattened. Eyes prominent. Very smooth and perfect in shape. In general appearance, it cannot be equalled by any potato we have ever grown. Its yielding qualities cannot be surpassed, grown under the same conditions with several other well known varieties of potatoes last season it outyielded them all by from twenty-five to fifty per cent. It matures about the same as the Green Mountain. Our stock of this variety of potato is very limited; we would recommend placing orders early, as we do not expect we will have enough to last through the season.....

.60 2.00

Black Christie. A very old potato; originated in Nova Scotia over one hundred years ago, and has been grown in the Maritime Provinces and along the Maine border ever since, on account of its superior baking and keeping qualities. For a baked potato it has no equal and is one of the best keeping potatoes ever grown, will keep hard and firm as late in the spring and summer as July and August. When baked the flesh is very white and mealy. It is of an elongated slim type, with medium sunken eyes of a dark blue black color, and a heavy cropper.

Prices, 10 cts. per pound; 60 cts. per peck; \$2.00 per bushel.

Prices on potatoes in barrels and larger quantities furnished on application.

PUMPKIN

One pound will plant two hundred and fifty hills.

Chiefly used for agricultural purposes. Same cultivation as for cucumbers and melons.

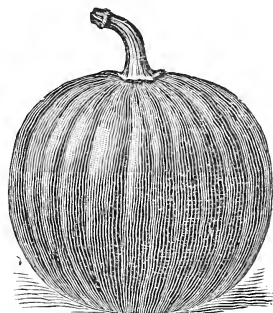

Large Yellow. Large size, good for Pkt Oz. ¼lb. Lb.
cooking 5 .10 .15 .35

Sugar. Fine grained, sweet and pro-
lific 5 .10 .25 .75

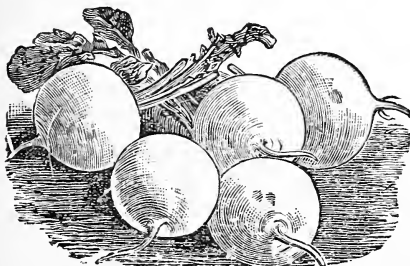

RADISH

One ounce to one hundred feet of drill.

Radishes thrive best in a light, rich, sandy loam; heavy or clayey soils not only delay their maturity, but produce crops much inferior, both in appearance and flavor. For a successive supply, sow from the middle of March until September at intervals of two or three weeks. For an early supply they may be sown in a hotbed in February.

Sugar Pumpkin

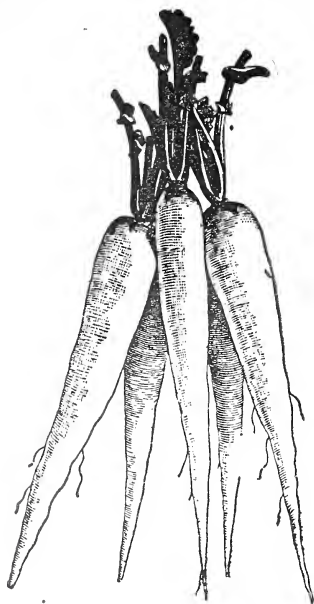

Pearl White Radish

White Pearl Radish.

Seventeen days from planting to the table. The quickest on record. Pearly white, globe shaped, small top; quality unparalleled; very sweet, tender and crisp. Equally adapted for

forcing or growing out Pkt Oz. ¼lb. Lb.
of doors 5 .15 .40 1.25

Icicle Radish

Vick's Early Scarlet Globe Radish.

This is a slightly olive-shaped variety of a rich, bright scarlet color, with white, tender flesh. It is fit to pull as early as any known variety and is especially recommended to market gardeners,

whose market demands a large, first, early forcing variety.

Long Scarlet Short Top. Very long and crisp

Early Scarlet Turnip. Round, scarlet, small, mild and crisp.

Icicle. Pure white, quick growing variety

Lady Finger. Long, slender, and of a beautiful snow white. It is of rapid growth, remarkably crisp, brittle and tender. Quality desirable for the market or home garden

Round Black Spanish. Round or top-shaped; grows 3 or 4 inches in diameter; skin black; flesh white.

Where a round, black Radish is in demand this is the most desirable variety to grow. A good winter keeper.

French Breakfast. A favorite oval-shaped, bright scarlet Radish, with white tip; fine for either open ground or forcing

SALSIFY or VEGETABLE OYSTER

One ounce will sow fifty feet of drill.

A very delicate and nutritious vegetable, especially esteemed for its peculiar oyster flavor. Sow the seed early in spring, in drills twelve inches apart and one inch deep, thinning out the young plants to six inches. The roots will be ready for use in October, when a supply should be taken up and stored like carrots. Those remaining will suffer no injury by being left in the ground till spring.

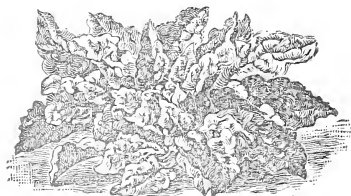

Mammoth Sandwich Island. Tender and delicious, very superior

SPINACH

One ounce to one hundred feet of drill.

Sow in early spring, in drills a foot apart, every two weeks for a succession; and as it grows, thin out for use. For fall use, sow in August, and for winter crop in September.

Cover that which is left out over winter with straw or leaves, after the weather becomes quite cold.

Long Standing Spinach

Victoria. A new variety with very thick, dark green leaves, which spread out flat on the ground. It is a long-standing variety and very hardy.

Large New Round Thick Leaved. Has very large and thick leaves

Long Standing. An improved round seeded strain of excellent merit, having all the good qualities of the ordinary sorts, and continuing in condition for use much longer. The leaves are smooth and very dark, rich green. Very popular with market gardeners.....

	Pkt.	Oz.	¼lb	Lb
	5	.10	.20	.60

New Zealand. This sort is grown to supply the place of the ordinary Spinach during the hottest months of the year, or in dry, arid localities, where the ordinary Spinach does badly. Has a luxuriant growth of succulent leaves which can be cut through the entire summer.....

--	---	-----	-----	-----

Hubbard. One of the most desirable varieties in cultivation; color, dark green; flesh, bright orange-yellow; fine grained, very dry, sweet and rich-flavored; keeps perfectly good throughout the winter.....

	5	.10	.25	.80
--	---	-----	-----	-----

Turban Squash

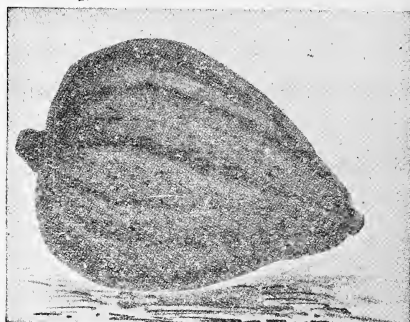

Warted Hubbard

Warted Hubbard.

An improvement over the old-fashioned Hubbard, same shape, large size, dark green almost black, distinguished by a dense covering of knots which justifies the name of "warted." Very

thick flesh, first-class quality, and a good keeper	5	.10	.30	.90
---	---	-----	-----	-----

Delicious. A new variety of winter squash, one of the best ever introduced. Color of skin is green, with an occasional blue specimen. About the same size as the Hubbard. Flesh very thick and of a dark orange color, very fine grain, exceedingly rich and of elegant flavor. It can be used for either fall or winter use, but does not acquire its best qualities until winter. It is without question the sweetest and richest flavored squash grown. Per pkt. 5 cents, per oz. 10 cents, per $\frac{1}{4}$ -lb. 30 cents, per lb. \$1.00.

Delicious Squash

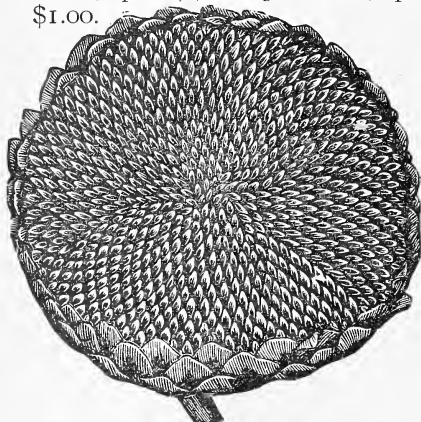

SUNFLOWER

Large Russian. Per Pound, 15 cents.

TOBACCO SEED**Connecticut Seed Leaf.**

Best adapted to the climate of the northern states, as it is more hardy and endures the cold better than the tender varieties grown

	Pkt.	Oz.	$\frac{1}{4}$ lb.
south	5	.30	1.00

Large Russian Sunflower

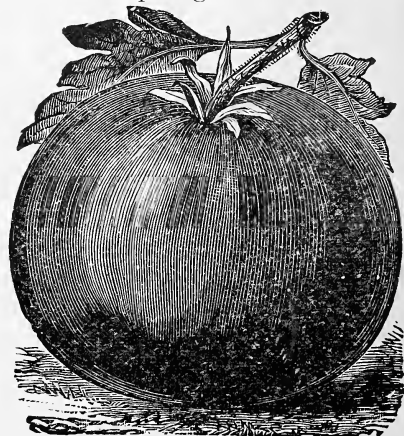

TOMATO

One ounce will produce fifteen hundred plants. This vegetable is one of the most important of all garden products. They thrive best in a warm, light, rich soil. For early plants, sow about the first week in March in a hotbed; or in boxes or pots in a warm window. When the plants are about two inches high, set out in boxes; three inches deep, four inches apart, in the same temperature, or pot singly. If again transplanted before setting out, the plants will be still more stocky. Set out in the open ground about the first of June, four feet apart, each way, using a shovel full of rotted manure in each hill. Keep well sheltered and watered until they are established, after which let the fruit have plenty of sun.

Sparks' Earliana. A new variety and the earliest large tomato yet introduced. It is of handsome shape and beautiful red color. The flesh is very firm and solid and of excellent quality. A good cropper, making it one of the best for the market and home garden.....

Pkt.	Oz.	$\frac{1}{4}$ lb.
5	.25	.85

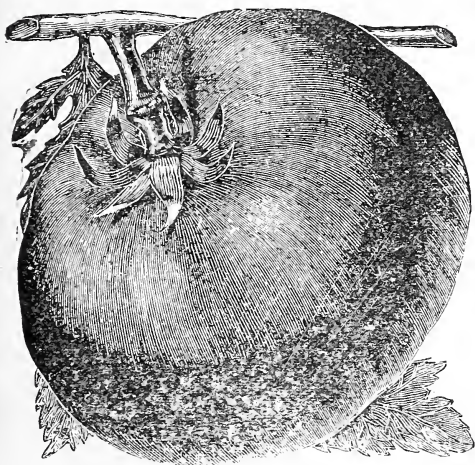

Early Freedom. The plant is medium in size, present

Spark's Earliana Tomato

ing no peculiarities of foliage or habit. The fruit is borne mainly in clusters, perfectly round, having no sign of concave at the base. Of a bright, dazzling shade of scarlet. The flesh is remarkably solid, having but few seeds. The flavor is perfect, absolutely free from any acidity. Undoubtedly the most prolific of all early tomatoes, and equal in size, to the largest of any early sort put on the market.....

Pkt.	Oz.	¼lb.
5	.25	.75

Crimson Cushion Tomato

Crimson Cushion. For so large a tomato it is very early, very smooth, of a bright, scarlet crimson, Ripens almost completely to the stem end. The flesh is so firm and solid that it requires four times the quantity to produce a pound of seed than it does of ordinary sorts. Without doubt the most prolific of any variety yet brought out. A grand tomato for slicing or canning

5	.25	.80
---	-----	-----

Livingston's Perfection. Early, large, smooth and solid blood-red color.....

5	.20	.60
---	-----	-----

Livingston's Beauty. Color very glossy crimson; grows in clusters of four or five fruits; large and solid.....

5	.20	.60
---	-----	-----

Livingston's Favorite. Productive; good flavor; few seeds; flesh solid; smooth and handsome.....

5	.20	.60
---	-----	-----

Atlantic Prize. This tomato is the result of many years' careful selection by one of the most successful tomato-growers of New Jersey. It is very early, fruit is of good size, round, very solid, and of excellent quality.....

5	.20	.60
---	-----	-----

Trophy. Very large, solid and of fair quality

5	.20	.60
---	-----	-----

Dwarf Champion. This is an early variety, which forms very stout, strong plants, about two feet high. The branches are short, making a bushy plant that stands quite erect without stakes. Fruit smooth, medium sized, fairly solid, but has no hard core, and is of good flavor.....

5	.20	.60
---	-----	-----

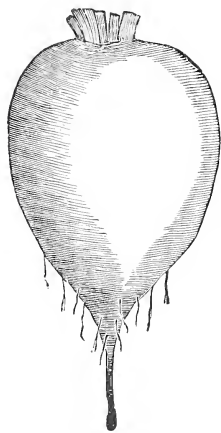

New Stone. Of a bright, scarlet color. Very large and very smooth; ripening evenly to the stem without a crack; exceedingly solid and firm-fleshed (as its name indicates); is an excellent shipper; quality the very best; a good keeper; without hard core and not subject to rot. A great yielder.....

5	.20	.60
---	-----	-----

TURNIP

One ounce for 150 feet of drill; one to two pounds in drills for an acre.

Turnips do best in highly enriched, light, sandy or gravelly soil; sow the earliest varieties as soon as the ground can be worked in the spring, in drills twelve to eighteen inches apart. For a continuous supply through the

White Egg Turnip

Cow Horn. This variety is pure white, except a little shade of green at the top, and is carrot-like in form, growing about half out of the ground. An exceptional heavy yielder of very rapid growth and is very popular for field culture for feeding stock. As a table variety it has a very delicate flavor, but should be used before it gets to extreme large growth

season, sowings should be made every two weeks until the last of July; from which time until the middle of August the principal sowings are made for the fall and winter use. Swedish or Ruta Baga Turnips are largely grown for a farm crop as well as for the table; make sowings from the tenth of June until the first of July, in drills two to three feet apart, and the plants when well up should be thinned to ten inches apart. To keep the roots fresh during the winter they may be placed in a cool, dry cellar, buried in dry sand.

Golden Ball or Orange Jelly. A rapid grower of excellent flavor; bright yellow, good keeper, and a superior table variety.....

Pkt.	2Oz.	¼lb.	Lb.
5	.10	.20	.60

Purple Top Strap Leaf. Best variety for main crop; equally good for spring or fall sowings; white flesh..

Very choice mixture.			

Dwarf Nasturtium

SWEET PEAS—Grandiflora Varieties

Very lovely, beautiful, fragrant, free blooming, climbing plants. Sweet peas are grown very extensively by florists and gardeners for cut flowers, and when placed in water will last many days, and their sweet perfume delights many.

Supported by common pea sticks they form admirable screens for protecting tender plants and excluding unsightly objects. They are invaluable for trailing and trellis work and covering fences, etc.

The more the flowers are cut the more freely they will bloom.

Plants on this page sent by Express or Freight only

BULBS

FOR AUTUMN PLANTING

Ready for shipment about September First
Garden Culture. Bulbs may be planted from the first of October up to the time the ground freezes, in any good, well-drained, garden soil, which has previously been well enriched and dug to a depth of from 12 to 15 inches. Before the ground freezes, cover the beds with material such as leaves, straw, boughs, etc., to a depth of 4 inches. Do not uncover too early in the spring.

HYACINTHS

One of the most popular bulbs for effective beds outdoors, or grown in the house in pots. Bulbs should be set 6 inches apart and 6 inches deep.

Single Varieties.

Better adapted, and much more satisfactory, for outdoor bedding, than the double varieties.

Gertrude, brilliant rosy red.

Roides Belges, bright dark red.

General Vetter, bluish white.

King of the Blues, dark blue.

Queen of the Blues, light blue.

King of the Yellows, dark yellow.

L'Innocence,
 pure white.

Grand Maitre,
 lavender

Lord Balfour,
 lilac-violet

Gigantea,
 light rose

Single Hyacinth

Prices, 8 cents each; 80 cents per dozen;
 \$6.50 per hundred.

Double Varieties

Chestnut Flower, fine rose color.

Koh-i-noor, rosy-red.

La Tour d'Auvergne, pure white.

Bloksberg, light blue.

Prices, 8 cents each; 80 cents per dozen;
 \$6.50 per hundred.

Hyacinths if sent by Parcel Post add 10 cts. per doz.
 for postage.

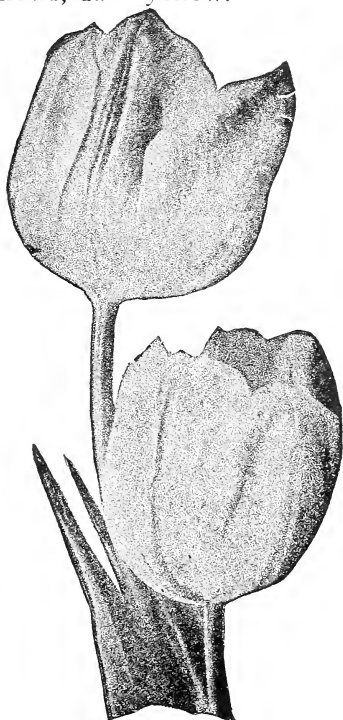

TULIPS

No other flower excels the Tulip in beauty of form, brilliancy of color, effective bedding and gorgeous show. They are equally as desirable for bedding, or pot culture indoor. Bulbs should be set 6 inches apart and 1½ inches deep.

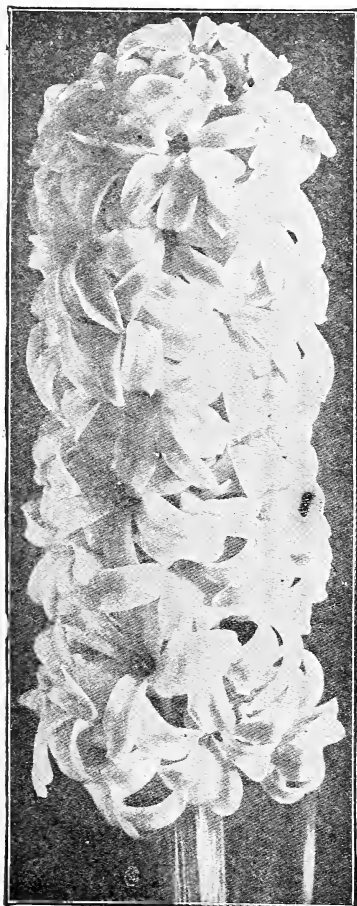

Single Varieties

Much more satisfactory for outdoor bedding than the double varieties.

Artus, scarlet. **Cardinal's Hat**, brown red.

Single Tulip

Yellow Prince, bright yellow.

La Reine, pure white.

Rose Grisdelin, bright pink.

Chryselora, pure yellow.

Cottagemaid, white and rose.

Duc de Berlin, brilliant red and yellow.

Prices 3 cents each; 25 cents per dozen; \$1.75 per hundred.

Double Varieties.

Gloria Solis, brown and yellow.

Rubra Maxima, dark red.

Murillo, light rose.

Alba Maxima, pure white. Duke of Leicester, yellow.

Prices, 3 cents each; 30 cents per dozen; \$2.00 per hundred.

Tulips if sent by Parcel Post add 10 cts. per doz. for postage.

NARCISSUS

Popularly called "Jonquils" or "Daffodils." Next to the Tulip the Narcissus is the most popular spring flowering bulb. They will grow in any ordinary garden soil and in almost any situation. Very desirable for pot culture as well as outdoor culture. For outdoor culture bulbs should be planted 4 to 5 inches deep and 4 to 6 inches apart.

Single Varieties.

Emperor. Sulphur yellow perianth with immense golden yellow trumpet	5	.45	3.00
Sir Watkin. Sulphury-yellow perianth with deep yellow, small crown	5	.45	3.00
Poeticus. White, with red bordered cup	3	.25	1.50

Double Varieties.

Sulphur Phoenix. Silver-white; one of the finest	4	.35	2.50
Von Sion. Large double, deep	5	.50	3.25

Narcissus or Daffodils

golden yellow flowers; very extensively grown

Narcissus if sent by Parcel Post add 10 cts. per doz. postage.

CROCUSES

One of the first to blossom in the spring, lifting its head almost before the snow has disappeared. Blooming at a time when the ground is destitute of foliage, it is a welcome visitor. The crocus succeeds well when grown in pots for indoor culture, as well as for borders and beds for outdoor culture; may also be grown in water with a little sand in any shallow dish or plate.

Plant in the open ground 2 inches deep and 2 inches apart.

Blue, white, striped, yellow.

Prices, 2 cents each; 15 cents per doz.;

\$1.00 per 100.

Crocuses if sent by Parcel Post add 5 cts. per Doz. for postage.

CHINESE SACRED LILY

The flowers are of a satiny white color with very fragrant golden yellow cups. Usually used for indoor culture, grown in bowls or dishes of water. Put an inch or two of sand or gravel in the dish in which they are to be grown, set the bulbs on this and put enough gravel or shells around them to keep them from falling over; fill the dish with water and keep in any ordinary living room.

Price, extra large bulbs, 10 cents each; \$1.00 per dozen.

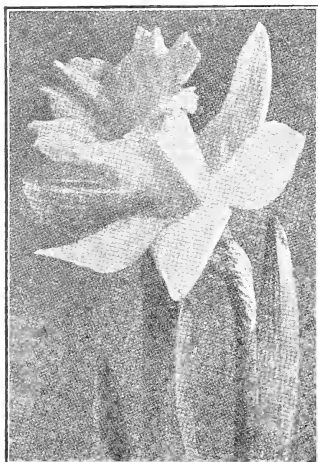

DAHLIA BULBS

For Spring planting. Ready May 20th. Planting should not be made until all danger of frost is past.

Show or Fancy, Pompon and Cactus. In named varieties.

15 cts. each; \$1.50 per dozen.

If sent by Parcel Post add 20 cts. per Doz. for postage.

EARLY PEARL OATS

This is a grand, good oat, the result of years of careful growth and selection. Originated from a single plant found by the roadside. This showed unusual merit and was later propagated. Has always won first honors wherever exhibited by the propagator, or tested out in demonstration work with other varieties. Winning first prize and sweepstakes at the Maine Corn and Fruit Show in 1911; first prize at the New England Corn Exposition, Boston, Mass., in 1912; first at the Annual Meetings of the Maine Seed Improvement Association for the past three successive years.

Gave largest yield, per acre, in demonstration plots at the Highmoor State Farm in 1912 and 1913. Also largest yield in demonstration work in Kennebec County in 1913.

Average yield about 70 bushels per acre. Has yielded 110 bushels from a measured acre.

Price: Postpaid, lb., 17 cts.; 3 lbs., 40 cts. By Express or Freight, pk., 50 cts.; bu., \$1.50; 10-bu. lots, \$1.35. In lots of one bushel or over, there will be a charge of 20 cts. for bags; bags capable of holding 2½ bushels.

SWEDISH ABUNDANCE OATS

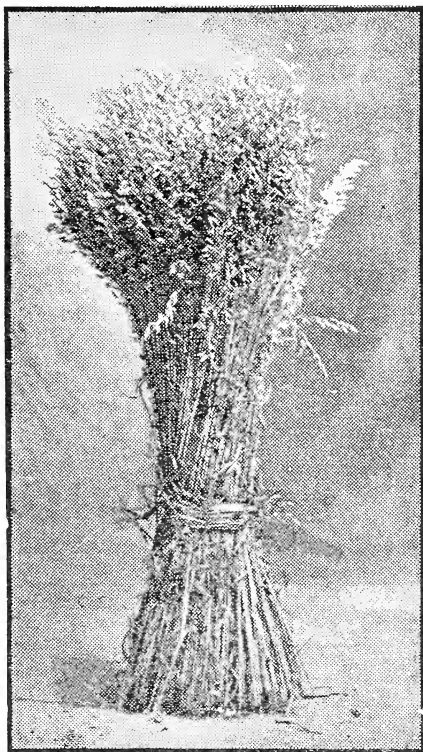

This is one of the most productive varieties of oats we have ever introduced.

Of Swedish origin and Maine grown they are well adapted to our northern climate.

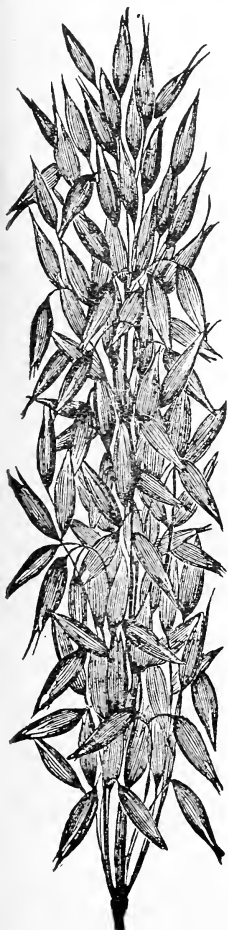

The straw is of middle height, very firm, stiff and elastic and does not readily lodge.

Very early and ripens very uniformly. The kernel is large and plump with a thin hull, and of fine general appearance. We have a large, choice, selected, clean stock of these oats on hand which were grown for us in this vicinity last season.

Price: Per bushel, \$1.40; 10-bushel lots, \$1.25 per bu. Bags capable of holding 2½ bushels, 20 cts. each extra.

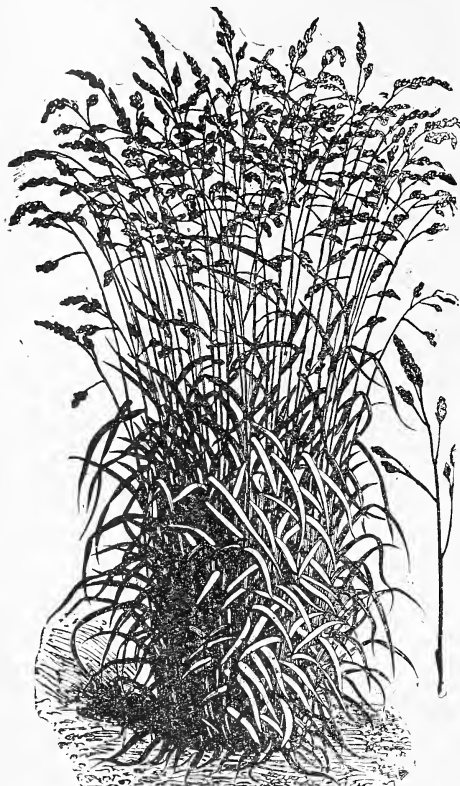

Early Pearl Oats

Swedish Abundance Oats

EXTRA SELECTED FARM SEEDS

At market prices at time order is received. All inquiries for quotations will be promptly answered.

Orchard Grass

Kentucky Blue Grass. An excellent variety for pasture. Also valuable for lawns when mixed with other grasses; 14 lbs. to the bushel.

Awnless Brome Grass—(Bromus Inermis)

An erect growing perennial that attains a height of from three to five feet.

It is especially recommended for dry and arid soils where the more delicate grasses will not grow. It's remarkable drought resisting qualities make it very valuable for dry situations, while its extreme hardness enables it to withstand our coldest winters without serious injury. The rootsocks of this variety spread rapidly under ground, sending up new shoots, and thus form a close, dense sod. On this account it should not be sown except where a permanent grass crop is desired; 20 lbs. to the bushel.

GRASS SEED

Timothy or Herd's Grass. The best grass for hay; 45 lbs. to the bushel.

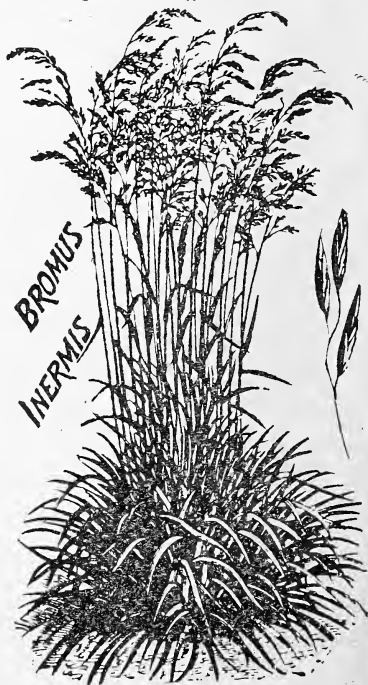

Fancy Red Top. Clear seed. A valuable grass and extensively cultivated; 40 lbs. to the measured bushel.

Rhode Island Bent. Very fine lawn grass; 10 lbs. to the bushel.

Orchard Grass. Valuable on all dry soils, very valuable as a pasture grass; 14 lbs. to the bushel.

Fowl Meadow Grass. Grows tall and thick, succeeding best on low, moist land; 10 lbs. to the bushel.

Canada Blue Grass. A very hardy variety of Blue Grass. Excellent for pasture and especially adapted to dry, sandy, thin soils. Does not make as fine a sod as the Kentucky Blue Grass, but will stand rougher usage.

MILLETS

Millets should be sown in June and July, and are annual forage plants of thick growth, valuable for green fodder or hay, maturing in fifty to seventy-five days from the time the seed germinates, producing an abundant yield of forage, relished by all kinds of stock. They must be cut while in blossom to make good hay. At market prices at time order is received. All inquiries for quotations will be promptly answered.

Hungarian Grass. Early; grows two to three feet high; abundant foliage; withstands drought and yields well on light soils; 48 lbs. to the bushel.

Golden Millet. Requires a dry, light, rich soil, and grows two and a half to four feet high, with a fine bulk of stalks and leaves, and is excellent for foraging; 48 lbs. to the bushel.

New Siberian Millet. A new and wonderfully productive forage plant from Russia, which has given excellent results in the United States. It is extremely hardy and about two weeks earlier than German Millet, growing about four feet in height. Its stooling properties are remarkable, as high as 41 stalks having been grown from a single seed. Hay

and fodder are very nutritious and much liked by all kinds of stock. Sow in June and July, one peck to the acre; 48 lbs. to the bushel.

CLOVERS

Prices subject to market changes.

There are no plants so valuable for fertilizers as the clovers. They have the faculty for absorbing nitrogen from the air, and also of rendering available much of the inert plant food of the soil. Their long, powerful tap roots penetrate to a great depth, loosen the soil, admit air, and by their decay add immensely to the fertility of the soil. The seed may be sown in fall or spring; the best results will come from sowing in the spring, and is often sown on the late snows of April.

Medium Red Clover, Pea Vine or Mammoth Clover.

Alsike Clover. White Dutch Clover. Valuable for pasture and for lawns.

Scarlet or Crimson Clover. This variety is fine for soiling cattle; has a beautiful blossom.

Alfalfa or Lucerne Clover. Very productive; requires deep soil.

Hungarian Grass

Alfalfa

DWARF ESSEX RAPE

This is very valuable for sheep pasture. It can be sown in May, and will be ready for pasturing in July or August; or it may be sown in June or even up to the middle of July, and yet furnish, under reasonably favorable circumstances, a large amount of pasture and fodder. It is every suitable for sowing on land that an early crop of potatoes has been taken off. In drills, about four pounds to the acre; broadcast, eight pounds to the acre. Pounds, 14 cts.; 8 pounds for \$1.00.

SOJA OR SOY BEANS

Very valuable for fertilizing and enriching the soil; also used for pasturing, feeding as green fodder, and for silo purposes. Sow broadcast in May or June, at the rate of one bushel to the acre, or they may be planted in drills three feet apart and one foot between plants.

At market prices time order is received.

COW OR SOUTHERN PEAS

The great soil improver. Green crops plowed under are one of the best and cheapest ways of improving the soil. For this purpose the Cow Peas are the most popular, especially for medium and light soil. They should be sown the last of May, or in

Soja or Soy Beans

Sand or Winter Vetch

June, at the rate of one and one-half bushels to the acre, and plowed under as soon as they have attained their growth. There is no surer or cheaper means of improving poor soil than by sowing Cow Peas. In its capacity as a nitrogen gatherer, its growth largely enables the farmer to dispense with the use of nitrogen or ammoniated fertilizers.

Cow Peas are also valuable as a forage crop.

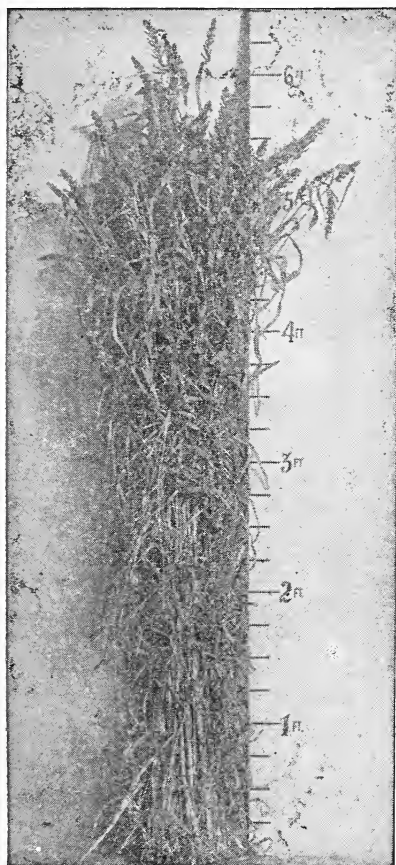

Black Eye. Seed creamy white, with a large black eye. A prolific vine grower.

Whip-poor-will. Seeds are good size, speckled brown in color. A prolific bunch growing variety.

At market prices time order is received.

SAND, OR WINTER VETCH

One of the pea vine class of plants. Better than other fodder crops on poor, dry, sandy soil, while in good soil it makes a rank growth of four to five feet. Perfectly hardy all over the United States, stands drought well and remains green all winter. It is the earliest of all spring fodder crops. Sow for spring use in August with $\frac{1}{2}$

Japanese Barnyard Millet

bushel of winter rye or oats or in spring with $\frac{1}{2}$ bushel of oats, rye or barley. It is exceedingly nutritious, eaten with relish, and may be fed with safety to all kinds of stock. Sow at the rate of one bushel per acre. At market prices time order is received. All inquiries for quotations will be promptly answered.

JAPANESE BARNYARD MILLET

This wonderful and valuable new forage plant was introduced into this country by Prof. Brooks, of the Massachusetts Agricultural Experiment Station. It has proven an enormous yielder in all sections of the United States; hay and fodder of most excellent quality on any soil, yielding 8 to 10 tons per acre and growing from 5 to 7 feet in height.

Cattle and horses eat it greedily.

Sow in May and June broadcast, 10 to 15 lbs. per acre (it stools remarkably), or in drills, 8 lbs. per acre.

Price, per pound, 10 cts.

Per 11 pounds, \$1.00.

If sent by mail, add 6 cents per pound for postage.

GRAINS

Prices subject to market changes.

All inquiries for quotations will be promptly answered.

Wheat, Spring Rye, Winter Rye, Barley, Oats.

Silver Hull Buckwheat, Common

Buckwheat, Indian Wheat

or Rough Hulled

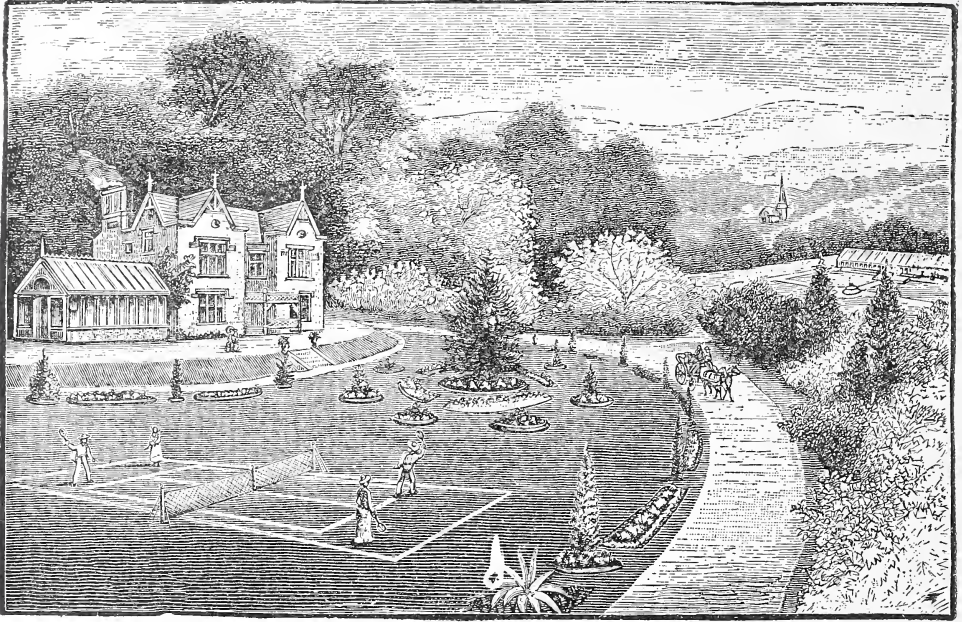

Buckwheat

All our grains are selected expressly for seed, and are strictly pure and true.

All inquiries for quotations for grass seeds, grains, etc., will be promptly answered and samples sent by mail when desired.

Japanese Buckwheat or Common Buckwheat

Dunning's Lawn Grass Seed

This is a mixture of the different varieties of grass seed, which is best suited to this climate for lawns, grass plots, cemetery lots, etc., and selected with a view of suiting all soils and situations and whether used in pastures, or lawns, has invariably produced the best results. It must be remembered, however, that much of the fine appearance of our lawns depends upon regularity in mowing. If they are left too long in spring before the operation is begun, or if allowed to grow strong in summer, and, more especially, if not closely mown at the latest period in autumn, they become coarse, the stronger grass overgrowing the weaker and the best, the smoothness of the surface being destroyed, and ultimately the whole becoming patchy and unsightly. All lawns should also be regularly rolled, and, unless the subsoil be a porous, alluvial gravel, should also be thoroughly drained at their formation. A drain should be carried along at the bottom of each terrace slope, so that they may at all times be comfortable to walk upon. The seed may be sown in spring or fall, but, if sown in hot weather, a slight sowing of oats, which vegetates quickly among the grass, will serve to protect the springing grass. For forming new lawns, four bushels are required per acre, or about one quart to each square rod of land, which should be regularly and evenly distributed.

A liberal quantity of seed should always be used to insure the best results. Per pound, 30 cents. If sent by mail, add six cents per pound for postage.

Per bushel of 20 lbs., by Freight or Express, \$5.50.

Dunning's "Shady" Lawn Seed

This is a mixture of grasses that are naturally adapted for growing under trees and in places where the sun does not find ready entrance.

If sown on such locations in place of the ordinary Lawn Seed, bare and unsightly spots will be prevented.

A liberal quantity of seed should be used to insure the best results.

Per pound, 35 cents. If sent by mail add 6 cts. per pound for postage.

Price per bushel of 20 lbs., \$6.50.

PASTURE SEED

A Special Grass Mixture For Permanent Pastures

This is a special mixture of grasses that produce a heavier, thicker and longer continued growth of grasses than when only one or two kinds are sown. It also makes a much heavier and thicker sod.

Care should be taken in not turning cattle on too soon after seeding. The best results are obtained by mowing the first season and not turning cattle on till the second season, this gives the grass a chance to get firmly rooted and to form a thick, heavy sod.

A liberal quantity of seed should be used so as to insure a thick heavy sod.

If unable to harrow into the soil, the seed should be sown just as soon as the snow leaves in the spring, while the ground is cool and moist.

We recommend using 1 to 1½ bushels of seed per acre.

Price per bushel of 30 lbs. \$6.00.

Lawn Fertilizer

An Odorless Chemical Fertilizer for Lawns, Flower Beds and Kitchen Gardens.

This is a high-grade chemical fertilizer, especially prepared to promote the vigorous and healthy growth of luxuriant grass, enabling it to withstand rough usage and the protracted heat of summer.

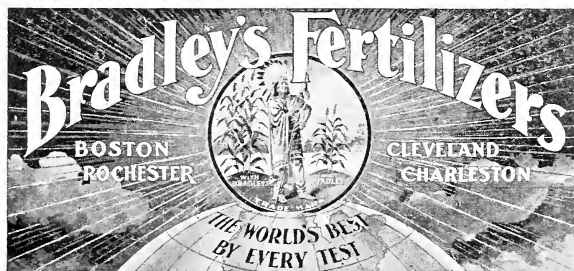

Being free from weed seeds, and odorless, it is far superior to unsightly and strong smelling stable dressing for use on lawns and tennis courts.

Ten pound bags for 1,000 square feet\$0.50

Twenty-five pound bags for 2,500 square feet.....\$1.00

Fifty pound bags for 5,000 square feet\$1.50

One hundred pound bags for ¼ acre\$2.75

For All General Farming

Send to us for finely illustrated pamphlets, describing all of their brands, and let us quote you prices on these unequaled fertilizers, before purchasing elsewhere.

Agricultural Lime

Especially prepared for agricultural purposes, and, being finely ground, it can be used in any broadcast sower.

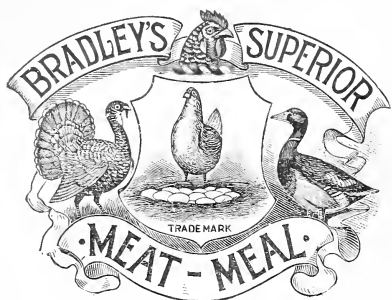

Many plants, such as beets, spinach, lettuce, onions, parsnips, cabbages, cucumbers, peas, beans, turnips, carrots, corn and all grains, show a decided increase and are greatly benefited by the use of lime, as it corrects all acidity of the soil, sweetening it, and freeing it from impurities.

Lime properly applied at certain intervals will be found a most perfect renovator, one that can be relied upon. For the ordinary piece of land that requires lime it will be found that once in the rotation of crops, or, say once in four years, is as often as lime should be applied. It will hold the land in its proper conditions for that length of time.

Put up in 100-pound bags.

Price per ton..... \$10.00

Chickens
Pigeons

Ducks, Geese
Turkeys and
Birds

The only Grit containing the elements essential to the good health and egg-producing qualities of the feathered tribe.

PRICE: 100 lb. Bag, 75 Cents

Sterlingworth Poultry Charcoal

PREPARED ESPECIALLY FOR POULTRYMEN

We have had this Charcoal put up for us to meet the demand for an evenly graded charcoal, free from dust and useless dirt, and offer it as the best Poultry Charcoal manufactured.

This Charcoal should not be confounded with the ordinary commercial charcoal, which is not evenly graded, generally contains large quantities of dust and is not always free from dangerous poisons.

Charcoal aids digestion, promotes health, and is generally corrective of many of the poultry ills to which fowls are heir. A little charcoal goes a long way and is worth its weight in gold. No poultryman can afford to be without it. It is put up in three sizes—Fine: For Brooder Chicks, Dry Chick Mixtures and Mash Foods. Medium: For Half Grown Fowls, Pigeons, etc. Coarse: For Full Grown Fowls, Geese, Turkeys, etc.

Prices: Packed in two-pound cartons printed with directions for feeding, 15 cents. Put up in 50-pound sacks, \$1.00 each.

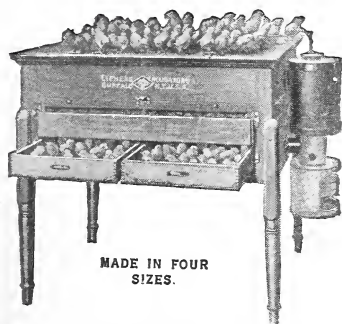

WE ARE AUTHORIZED AGENTS FOR

CYPHERS COMPANY INCUBATORS

MADE IN THREE STYLES—EIGHT DIFFERENT SIZES

For the season of 1916 we offer our customers the Cyphers Incubator Company's complete line of Incubators. These three styles of high-class, guaranteed hatching machines, running through eight different sizes, represent all that is efficient, convenient and reliable in incubator construction. In buying a Cyphers Company Incubator you take no chances.

Standard Cyphers Incubators

Standard Cyphers Incubators

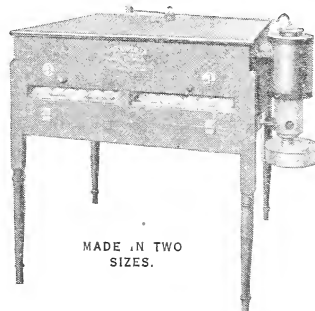

Are built in four popular sizes and at prices as follows: 70 eggs, price complete, \$15.00; 140 eggs, price complete, \$23.00; 244 eggs, price complete, \$34.00; 390-400 eggs, price complete, \$40.00.

These are machines that for nineteen years have been recognized as the "standard hatchers of the world." Tens upon tens of thousands of them have been sold and are in successful use in every civilized country on the globe. They are used by more Government Experiment Stations, on more large, practical poultry plants, on more successful duck and egg farms, and by a larger number of foremost poultry breeders than all other makes combined. They are the last word to date in incubator building, not a penny being spared anywhere in their construction to make sure of their doing satisfactory work in all climates, under widely different conditions, in the hands of all sorts of people. They are built to hatch and to last. With ordinary care they should last an ordinary lifetime. Every Standard Cyphers Incubator is guaranteed by the manufacturers to do first-class work in the hands of every purchaser who will give it a fair trial.

Columbia Hot-Air Incubators

Are built to meet the wide-spread demand for large-capacity, lamp-heated machines that can be sold at surprisingly low prices and yet be guaranteed to do high-class work. Have wooden cases, attractively finished in dark green, with brass trimmings and double walls. Seamless-bottom lamp bowls, best quality brass burners, zinc and steel Standard Cyphers toggle-joint thermostat and same regulating equipment as used on highest priced machines. Fume proof, forced draft heater, asbestos covered and metal banded. Automatic in ventilation and embodies diffusive principle. Roomy chick nursery under egg trays.

Are made in two sizes: 140 eggs, price complete, \$16.00; 250 eggs, price complete, \$22.00. Fully guaranteed.

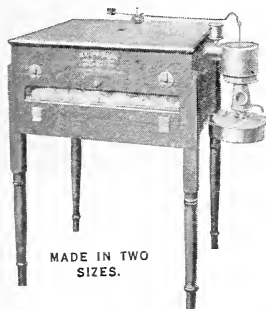

Columbia Hot-Air Incubator

Superior Hot-Water Incubators

These machines are exactly what the name says. They are heated by hot-water, instead of with hot-air and are "superior" in every detail. The water boiler and tank (tubular) are of heavy-weight copper. Lamp has seamless bowl; burner is best on market. Incubator case is of wood, attractively finished in golden brown, with brass trimmings, (hinges, buttons, etc.) and has double walls, with air space insulation. Are equipped with Standard Cyphers zinc and steel, toggle-joint thermostat and knife-edged regulator. Have forced water circulation and are automatic in ventilation. Roomy chick nurseries.

Are built in two sizes: 65 eggs, price complete, \$12.00; 130 eggs, price complete, \$16.00.

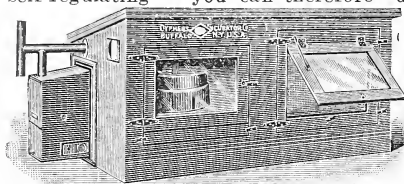

Superior Hot-Water Incubators

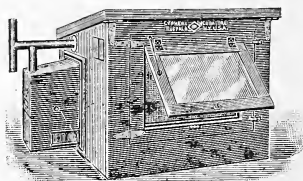

Standard Cyphers Brooders

No matter how many chicks you hatch, or how big, lively and hearty they are you must have the right kind of brooding equipment to raise them successfully to market age or for use as layers and breeders.

The Standard Cyphers Brooders are fire-proofed and insurable, and are the most durable, convenient and efficient outdoor brooders thus far invented. They are equipped with the Cyphers Adaptable Hover, which is self-ventilating and self-regulating — you can therefore depend upon an even,

Cyphers Style B Brooder

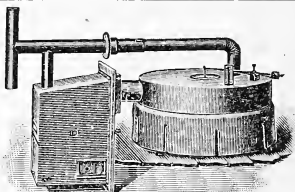

Cyphers Style A Brooder

steady temperature in the hover, and a lively, thrifty, growing lot of chicks. They are easily and quickly converted into colony coops for the growing chicks by simply taking out the hover, which is made removable for that purpose. Saves buying a coop for them.

Prices: Style A, 2-Apartment Outdoor Brooder, \$14.50; Style B, 3-Apartment Outdoor Brooder, \$18.50; Style C, 3-Apartment Outdoor Brooder (for cold climates) \$20.00; Style D, 2-Apartment Indoor Brooder, \$13.50.

Cyphers Adaptable Hover

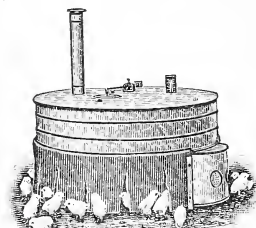

This Hover is used in all Standard Cyphers Brooders, but is also complete in itself and is intended to be used separately in outdoor brooders, brooding houses, colony coops, portable houses, home-made brood coops, or wherever heat is required for brooding chicks and ducklings. Furnishes top heat exclusively, space beneath hover is unobstructed for use of chicks. Lamp flame can not blow out and will not suck out. Is Self-regulating, Self-ventilating and bears the Underwriters Inspected Brooder Label. Capacity, 75 newly-hatched chicks.

Price \$9.00.

Cyphers Portable Hover

This Hover is self-regulating, self-ventilating, all-metal and will last a lifetime. It is recommended especially for use indoors in poultry houses, brooding houses, colony houses and large roosting coops. It is self-regulating and positively and infallibly automatic in ventilation, preventing the trapping of "dead" air or poisonous gases underneath the curtain. Does not have central heat dome against which chicks can crowd or pile up. Capacity, 50 to 75 newly-hatched chicks. Should be used indoors during winter weather. Is easy to move, easy to clean. Price, \$9.00.

Cyphers Coal-Burning Colony Hover

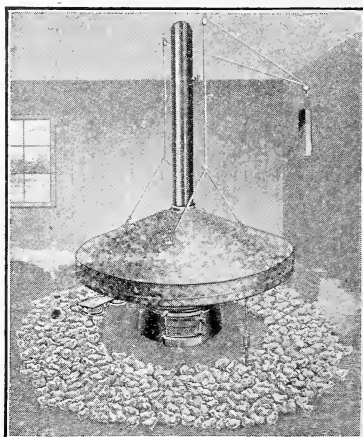

THIS HOVER COMBINES THE BEST that twenty years of poultry experience, coupled with more than fifty years of stove-building experience have accomplished to date. It is remarkable for its simplicity of design and ruggedness of construction. The fire pot is a one-piece heavy-weight casting of ample capacity. The ash pit and heater base are also cast in one piece—which we recommend for the sake of economy of fuel, also for use in severe weather.

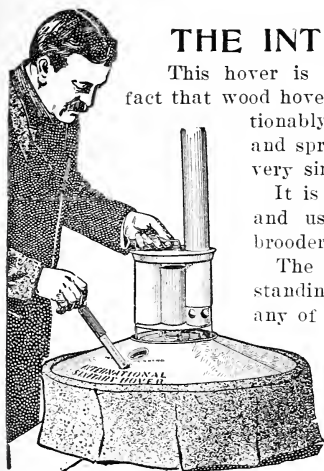

There is nothing about the entire device to give way or break easily or to get out of order. It is as easy to operate as a kitchen range and can be relied upon to do the work for which it is intended.

PRICES.

OUTFIT NO. 1—With small Heater and 42-inch dome, without automatic Regulator, shipping weight 150 lbs., capacity 300 to 600 chicks	\$20.00

OUTFIT NO. 8—Same as Outfit No. 7, except has automatic Regulator	\$33.50

Write for Large Complete Catalogue of Cyphers Incubators and Brooders.

THE INTERNATIONAL SANITARY HOVER

This hover is constructed of heavy galvanized iron. It is a well known fact that wood hovers provide cracks for mites and other vermin and unquestionably the sanitary is superior in that it can be easily cleaned and sprayed, so there can be no chance for vermin to live. It is very simple of construction, and very durable.

It is portable and can be picked up and carried around with ease and used anywhere, making it unnecessary to build an expensive brooder house.

The lamp holder can be lifted out through the top by a person standing up and the lamp removed in an instant without disturbing any of the chicks. The peep hole is so placed that the operator can see his lamp flame without even stooping.

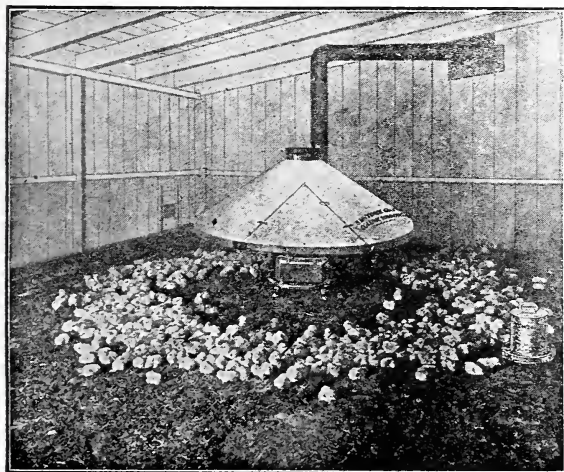

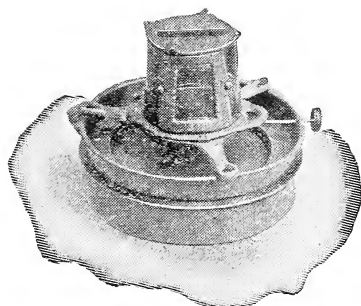

Price, complete\$8.50
Send for circular giving full description of this hover.

CYPHERS SAFETY BROODER STOVE

These stoves positively have no equal. They furnish twice as much heat as the ordinary brooder lamp. The safety water pan on the Cyphers Safety Brooder Stove holds nearly a quart of water and extends out over the entire surface of the oil bowl, removing all danger of overheating the oil. Just the stove for use in home-made brooders. Height, 7½ inches; greatest width, 10½ inches.

Price: * Stove complete and ready for use, \$2.00.

If sent by Parcel Post to any point within 150 miles from Bangor, add 10 cents extra for postage.

THE NEWTOWN COLONY BROODER

The great time, labor, fuel and chick saver.

The Newtown Colony Brooder has established itself on thousands of poultry plants as an important factor in the successful rearing of chicks.

It has been thoroughly tested by prominent poultrymen, and proved to be the most efficient and economical brooder they have ever used. Instead of spending time and energy attending ten or more small lamp brooders, and caring for the same number of small flocks, the poultry-raiser can rear 300 to 1,200 birds around one of these brooders.

Two to four buckets of coal will run one of these brooders from 24 to 48 hours.

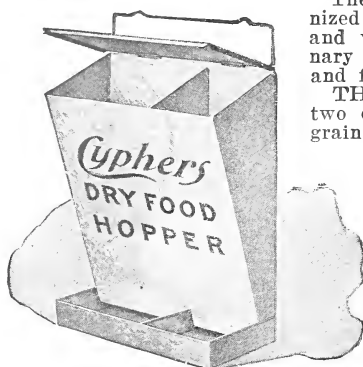

They are self-regulating and do not increase the cost of insurance as they are just as safe as the kitchen range, or the home heater.

Cyphers Dry Food Hopper and Sanitary Shell and Grit Box

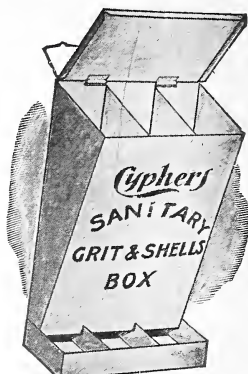

Price 75 Cents

These are made of heavy galvanized iron, practically indestructible and will last a life-time with ordinary usage. They are practical labor and food saving devices.

THE DRY FOOD HOPPER has two compartments—a large one for grain mixtures, holding about six quarts and a small one for beef scrap, holding about three quarts.

THE SANITARY GRIT AND SHELL BOX has three compartments for grit, oyster shells and charcoal. Can be used for dry food hopper where a small flock is kept.

If sent by Parcel Post to any point within 150 miles from Bangor, add 10 cts. each extra for postage.

Price 60 Cents

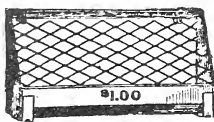

The "Boston" Poultry Dry Feed Hopper

One of the most economical devices for feeding dry feed, beef scrap, etc.

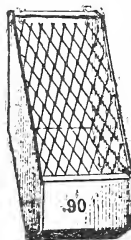

The Boston Hopper—all sizes—hangs against the wall or can be placed on the floor or ground. The swinging grid or metal guard prevents the fowls from wasting the food. The Hopper can readily be "locked" at night (or in the day time) by simply hooking the grid to the front section at the lower end—thus making the device rat-proof.

Large Size. For dry feed. Holds $\frac{1}{2}$ bushel. \$1.00
Medium Size. For scraps and grit. Holds $\frac{1}{4}$ bushel. \$.90
Chicken Size. Holds $\frac{1}{8}$ bushel. \$1.00

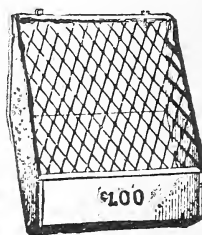

If sent by Parcel Post to any point within 150 miles from Bangor, add 10 cts. each extra for postage.

CREOLUSOL

A most powerful antiseptic and purifier.

A highly concentrated, non-poisonous preparation which is made ready for immediate use by simply mixing with water. For disinfecting poultry houses, stables, kennels, toilets, sink-drains, cesspools, and to destroy foul odors. Use two tablespoonfuls in one quart of water.

Price: 1 quart can, 50 cents; 2 quart can, 85 cents; 1 gallon can, \$1.50.

If sent by Parcel Post to any point within 150 miles from Bangor add 12 cts. to price of 1 quart can, 15 cts. to price of 2 quart can, and 20 cts. to price of 1 gallon can each extra for postage.

CYPHERS ROUP CURE

This remedy is positively guaranteed by the manufacturers to cure roup in all its forms. It is simply put in water and the chick takes its own medicine. It prevents and cures cold and is unequalled for canker, especially in pigeons. No poultryman can afford to be without Cyphers Roup Cure.

PRICES

Small sample size, 25 cents postpaid. Medium size, 50 cents postpaid.

DUNNING'S ROUP REMEDY

This roup remedy is administered to fowls in their drinking water. The fowls take their own medicine. This is almost the only method by which it is practical to cure roup. No poultryman can afford to be without this cure.

It is guaranteed to relieve roup when it is used according to directions except where the fowls are in the last and incurable stages of the disease.

Prices: Package for 25 gallons of water, 25 cents, postpaid.

STERLINGWORTH DIARRHOEA REMEDY

A Certain and Guaranteed Remedy for Bowel Trouble and White Diarrhoea in Young Chickens and Scours in Fowls and Pigeons.

them to become strong and healthy. fowl take their own medicine.

It is sold under a positive guarantee to give satisfaction, or purchase price is refunded.

Each package contains sufficient remedy for treating several flocks. Full directions on each package.

Price, per box, sufficient for several flocks, 50 cents postpaid.

A positive cure and preventive for White Diarrhoea seems too good to be true for this scourge has driven more poultrymen out of business than any other disease. Millions of chickens die yearly from this trouble, which could be saved if Sterlingworth Diarrhoea Remedy was used. Poultrymen should not wait until their chickens become diseased, but should use it as a preventive. It does not stunt the chicks or cause them to stop growing, but aids them to become strong and healthy. It is used in the drinking water. The chickens and

Small package, 25 cts.; medium package, 50 cts.; large package, \$1.00.

If sent by Parcel Post to any point within 150 miles from Bangor, add 8 cents to price of small package; 10 cts. to price of medium package, and 12 cts. to price of large package, each extra for postage.

INTERNATIONAL LICE POWDER

Price, 25 cents. If sent by Parcel Post to any point within 150 miles from Bangor, add 7 cts. extra for postage.

STERLINGWORTH LICE POWDER

This is a scientifically compounded powder for killing all forms of insect life on fowls and is equally good for destroying lice on cattle and horses, ticks on sheep and fleas on dogs. It is different from many of the so-called Lice Powders on the market, inasmuch as instead of driving the lice from the fowl's body, it kills them. While it is sure death to all kinds of insect life generally afflicting fowls and animals, it is harmless when used according to the plainly printed directions on each package.

PRICES

15 ounce package, 25c.

48 ounce package, 50 cents.

If sent by Parcel Post to any point within 150 miles from Bangor, add 6 cts. to price of 15 ounce package, and 8 cts. to price of 48 ounce package each extra for postage.

Make every layer a winter payer

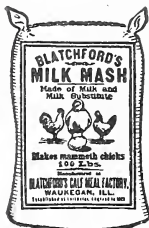

BLATCHFORD'S EGG MASH

Blatchford's "Fill the Basket" Egg Mash is a perfect, complete food for encouraging the natural egg-laying functions to greater results and contains nothing resembling a drug. It starts the pullets laying at five to six months of age, keeping them in perfect health all the time.

The average hen will consume a pound a week, costing less than four cents, but her results will surprise you during both winter and summer.

Price per 100-lb. bag.....\$2.50 Price per 25-lb. bag.....\$.75
Prices subject to change without notice.

BLATCHFORD'S MILK MASH

Chicks started on Blatchford's Milk Mash are never bothered with diarrhea. It nourishes the same as whole milk, and the chicks you save by it will prove the wisdom of its use.

Milk-fed broilers are being successfully raised on this Milk Mash. They grow rapidly to big birds and command top prices on account of their size and choice quality of meat.

Five pounds will raise a chick to the age of three months.

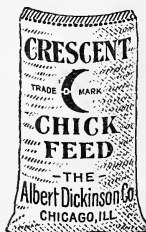

Price, per 100-lb. bag.....\$3.00 Price per 25-lb. bag.....\$.85

Prices subject to change without notice.

CRESCENT CHICK FOOD

CLEAN. SOUND. SWEET.

A Complete Grain Feed for Chicks.

A standard mixture of re-cleaned cracked grains, seeds and hulled oats in proportions necessary to promote the healthy and rapid growth of chicks. Put up in 100-lb. bags. Price furnished on application.

MEALD ALFALFA

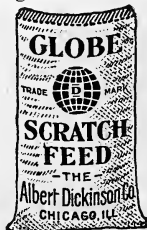

This is the best form of clover for use in mash food for small chicks, the meal being ground just coarse enough to give bulk to an otherwise soggy mash, and thus allowing the gastric juices to become mixed with the food and to assist in thoroughly digesting it. Mealed clover contains the entire food plant—nothing is removed. Put up in 100-lb. bags. Prices furnished on application.

QUEEN POULTRY MASH

CLEAN. SOUND. SWEET.

A selected mixture of ground feeds, manufactured from the choicest, sound, sweet and wholesome grain. It is carefully prepared and contains ingredients in proper proportions essential to the health and growth of the fowl. Put up in 100-lb. bags. Prices on application.

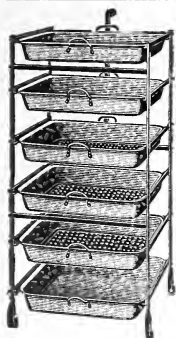

GLOBE SCRATCH FEED

CLEAN. SOUND. SWEET.

This is a standard mixture of Poultry Feed, manufactured from selected cracked and whole grains and seeds, scientifically mixed to furnish a complete balanced ration, with an assortment of material best adapted for rapid growth and egg production. The protein, fat and carbohydrates, are so maintained as to form the greatest feeding value and produce best results. Put up in 100-lb. bags. Prices on application.

Economy Oat Sprouter

The natural process for sprouting oats and other grains.

Containing five galvanized sprouting pans and one galvanized drip pan, 16x17 inches. Black enameled iron stand, 35 inches high. The need of green food by poultry during the winter months is too generally overlooked. It is often the lack of green stuff that causes a shortage of eggs. Sprouted oats are one of the best, cheapest, easiest supplied green food that can be used. The birds are very fond of them and eat sprouts, roots and all greedily.

Price \$5.50.

CYPHERS X-RAY EGG TESTER

Made of the best block tin and designed to use on any hand lamp. Price 25 cents each.

If sent by Parcel Post to any point within 150 miles from Bangor, add 5 cents extra for postage.

WIRE NESTS

Easy to Keep Clean, Vermin-Proof, Indestructible

These nests are strongly made from coppered wire reinforced with coppered steel ribs, and will last for years. They are intended to fasten to the wall with screws or screw hooks. There is no room for lodgment of lice or vermin of any kind; they are easy to keep clean, and are far superior to wooden boxes.

Price, 10 cents each, \$1.00 per dozen.

If sent by Parcel Post to any point within 150 miles from Bangor, add 6 cents each or 13 cents per dozen for postage.

French Poultry Killing Knife

FRENCH POULTRY KILLING KNIFE
+ CYPHERS PATTERN. +

Every poultry raiser should have one of these killing knives. They are made of finely tempered instrument steel, with nickel handle; will last a lifetime.

Price, postpaid..... 50 cents

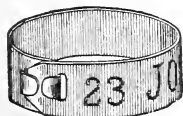

ECLIPSE LEG BANDS

Made in five sizes.

No. 1 for Bantams and small Mediterraneans. No. 2 for Mediterraneans. No. 3 for American females. No. 4 for American males, Asiatic females, small turkeys, No. 5 for Asiatic males and turkeys.

The band is light and neat and will stay on. They are so made that when properly adjusted they cannot come off. They are made from polished aluminum, and will not tarnish. Those who prefer a flat band will find them superior to anything on the market, while the price places them within the reach of everybody.

Prices: Postpaid, 15c per 12; 25c per 25; 45c per 50; 75c per 100.

DOUBLE CLINCH LEG BANDS

Made in polished aluminum and are provided with a strong and secure fastener. Made in five sizes. See table of sizes given under Eclipse Leg Bands.

Prices: Postpaid, 15c per 12; 25c per 25; 45c per 50; 75c per 100.

LEADER ADJUSTABLE LEG BANDS

Made from polished aluminum with strong and secure fastener. Made in two sizes.

No. 1 for Bantams, Mediterraneans and American Females. No. 2 for American males and all Large Breeds, including Turkeys.

Prices: Postpaid, 15c per 12; 25c per 25; 45c per 50; 75c per 100.

GARANTOL

The Very Best and Cheapest Egg Preservative on the Market

Clean, fresh eggs properly preserved with Garantol keep fresh for a year and longer.

We have sold Garantol for a number of seasons. Out of all the people using it, we have not heard a complaint. Without an exception, they all claim that eggs preserved in Garantol are fully equal to fresh laid eggs.

Keep='Em=Fresh Egg Preservative

This is a standard article that has been on the market for years. Eggs preserved in this liquid will keep absolutely fresh for a year and longer. Full directions for use come with every can. One can sufficient for from 20 to 25 dozen eggs.

Price per can 25 cents. If sent by Parcel Post to any point within 150 miles from Bangor, add 10 cents extra for postage.

CYPHERS FULL-NEST EGG FOOD

A Meat Food Tonic Conditioner That Makes Hens Lay

Full-Nest Egg Food is the standard condition powder for all ages of poultry. Besides being an unexcelled egg producer, it is a concentrated meat food possessing tonic properties, which promote good health and fine condition. It stimulates and invigorates, but unlike other tonic foods, it also builds up the system and keeps it up. Many condition powders tone up the bird's system for a while, only to let it drop back as soon as the use of the tonic is discontinued. Full-Nest Egg Food will help your birds through their molt, make the feathers develop normally and induce a high state of perfection in plumage. Hens begin laying sooner after molting where this egg food is used. Full-Nest Egg Food contains no injurious drugs or chemicals; it is safe and easy to use.

"Victory" Lawn Mower

This machine has Ball Bearings of the very highest grade, which reduce the friction astonishingly and render it possible to use much wider machines than heretofore.

Triple gear entirely enclosed, so that no dirt or cut grass can find its way into the pinions and clog them.

The adjustments are the simplest, most perfect, and most positive.

These mowers are high speeded and have a four-bladed reel, which leaves the lawn with a very smooth and velvety surface.

"Spider" Lawn Mower

WITH BALL BEARINGS

The Spider Mower is light and strong, and glides over the lawn lightly, easily and almost noiselessly reminding you strongly, as it nips off the grass, of the vigorous action of the ferocious and cunning little insect whose name it bears. This machine has finely adjusted, high grade ball bearings, which greatly reduce the friction and render it possible to use much wider machines than heretofore with parallel bearings.

Has two pawls in each pinion, making the machine much more positive and durable. The reel is four bladed and high speeded, which leaves the lawn with a very smooth and velvety surface.

Victor Lawn Trimmer

Does what no other machine can do and what lawn mowers leave undone. It trims and edges your lawn with remarkable speed and perfection; the shield over the blades protects the flowers. A trial will convince you, as it has thousands of others, that the days of shears and hand clippers have passed.

Price \$3.00.

If sent by Parcel Post to any point within 150 miles from Bangor add 20 cents extra for postage.

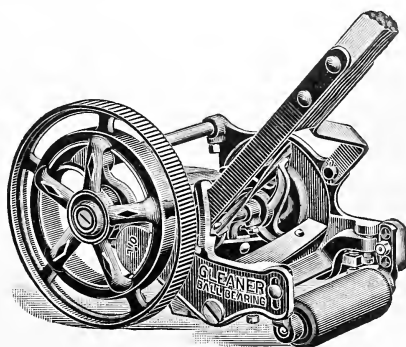

Gleaner Lawn Trimmer

With Ball Bearings

Strong, light and powerful. Does what lawn mowers leave undone. Trims and edges the lawn with remarkable speed and perfection. Has 9-inch wheel, 4 steel blades and 10-inch cut. High grade in every particular.

Price\$5.00

Dunco Couch Hammocks

This is the most comfortable and durable coach hammock made.

All the undesirable features of the ordinary hammocks eliminated.

NUMBER 19 DUNCO COUCH HAMMOCK has steel tube rails with steel angle ends, assembled with an improved pattern corner block, which prevents any possibility of the frame twisting, thus making a very rigid steel frame, which is enameled green. It has national spring soft top mattress, eight ounce Khaki color army Duck, well grommeted with laced front strip, wind shield with support and back hooks, chains, ceiling hooks and magazine pocket. Complete; Price No. 19 Hammock—List Price, \$10.00. R. B. D. & Co.'s Price, \$7.00.

FOLDING STEEL TUBE HAMMOCK STAND. No screws to loosen and lose, easily adjusted, strong and durable, enameled green. List Price, \$5.00; R. B. D. & Co.'s Price, \$3.50.

HAMMOCK AWNINGS, green and white painted striped duck. List Price, \$7.50. R. B. D. & Co.'s Price, \$5.25.

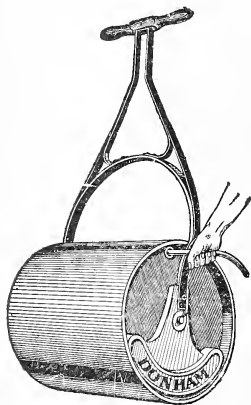

The Dunham Lawn Rollers

The only Lawn Roller with roller bearings.

The easiest running Roller on the market.

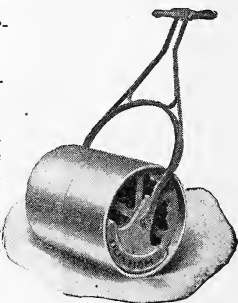

The most essential tool for the care of a lawn is a roller. In the winter when the ground becomes frozen it expands, just as water does when it freezes. The thaw which follows the first warm days of spring allows the soil to settle back in its former position. But the sod, being much lighter than the soil, does not settle with the same rapidity. Large patches of grass roots in every lawn are thus left stranded in the air until after the growing season begins.

The grass in these patches will die unless rolled down with a heavy roller as soon as the frost is out of the ground, so that the roots may again come into firm contact with the soil.

Water-Weight Roller

The proper use of a roller will make all the difference between a commonplace lawn and one of rare, velvety beauty.

Number 41

Slide Table Steel Frame Wood Saw

Number 41

This Saw Frame is made of angle Steel, very rigid in construction, with fly-wheel underneath on an independent shaft out of the way, so that poles and long sticks can be cut to the best advantage.

Can be furnished with saw blade from 22 to 30 inches.

Write for prices.

Tip Table Wood Frame Wood Saw

Number 44

This is a good substantial wood saw at a low price.

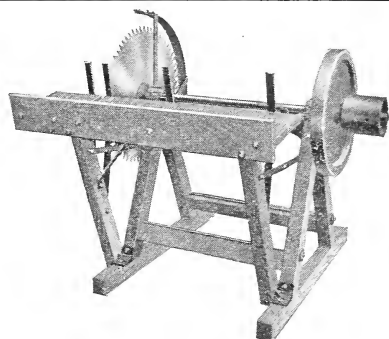

The frame is constructed of thoroughly seasoned lumber, of the proper size to withstand any strain that can be placed on it in sawing wood; and is securely bolted and braced in every direction.

The shaft is cold rolled steel; and the bearings are cast on a solid iron beam extending the entire length of frame, which holds them in perfect alignment with the shaft at all times.

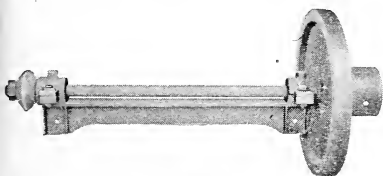

The table is of the swing type, pivoted at bottom on a cast bearing.

Can be furnished with saw blade from 22 to 30 inches.

Write for prices.

Number 44

Saw Mandrill

We carry a full line of circular cross-cut saw blades from sizes from 22 to 30 inches. Write for prices.

Saw Mandrill

This is the same style of mandrill as used on the Number 44 saw. The shaft is 1 7-16-inch cold rolled steel, 3 feet, 9 inches long, one end fitted with 1 1/4-inch arbor and flanges, the other end fitted with 6x6 pulley and heavy balance wheel.

This mandrill is especially designed for parties who wish to build their own frame.

Price, without saw.....\$13.00

Can be furnished with saw blades suitable for sawing machines in sizes from 22 to 30 inches. Write for prices.

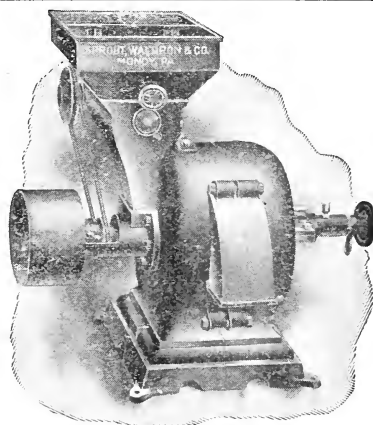

Monarch French Burr Feed and Meal Mills

This is a heavy, very strong and durable mill.

The Burrs are carefully selected genuine imported French Burrs.

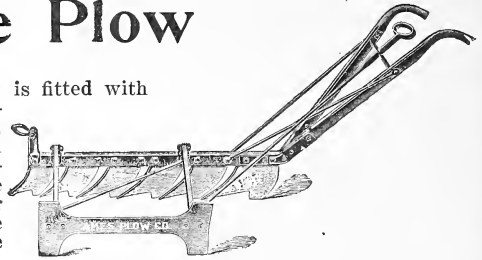

The smaller sizes are especially recommended for the progressive farmer as it relieves him of the annoyance and expense of trips to the mill in the busy season.

Send for descriptive circular and prices.

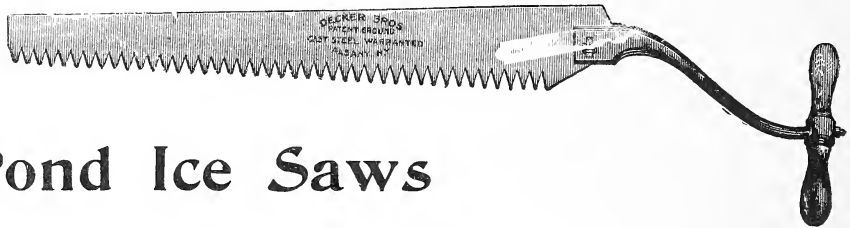

The Banner Ice Plow

Good quality at a low price. This plow is fitted with patent clearing tooth, and is especially designed for dairies, hotels, butchers, farmers, and cutters generally, who want a low-priced implement combined with material, workmanship, and finish all of the first class. These plows are put up in exactly the same manner and by the same workmen as the expensive plows, and they will stand up steadily to the work.

The Sampson Mounted Grindstone

Mounted With Specially Selected Stone

This frame is made of seasoned hardwood. The legs are securely gained into the side pieces and the ends are in one piece. Two bolts at each end pass through the entire frame from side to side. The ends of the side bars are neatly turned to serve as handles.

The "SAMSON" being strongly braced and bolted stands absolutely solid. It is one of the strongest and most showy frames made.

No. 1. Stone from 28 to 30 inches in diameter, \$3.75.

No. 2. Stone 24 inches in diameter, \$3.50.

We ship Mounted Grindstones knocked down.

The Sterling Mounted Grindstone

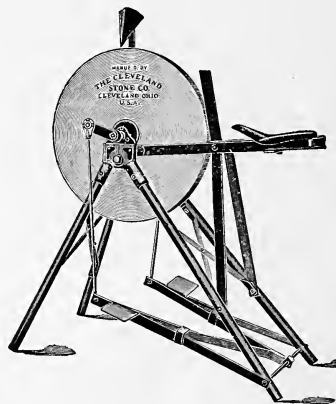

A steel tubular frame, mounted grindstone. Ball bearing throughout. Is absolutely the best mounted grindstone on the market.

A double treadle frame embracing the bicycle features of our bi-treadle. Constructed of 11-16 and 11-4-inch diameter heavy steel tubing, braced securely with heavy material; all rods and bolts are threaded; there are no cotter pins and no loose parts. Permanent rigidity is insured. Provided with a large comfortable seat and clothes protector, all tastefully enameled a rich vermilion.

Fitted on crank and shaft with improved ball bearings—encased—balls cannot work loose or drop out.

Stones about 20 inches in diameter.

Price\$4.50.

Serrated Edge Corn Hooks

Made of specially selected spring steel and carefully tempered. One of the best tools for cutting corn ever put on the market. The serrated edge makes it cut very easy, and the correctly shaped handle makes it very convenient and easy to use.

Price, 50 cents. If sent by Parcel Post to any point to within 150 miles from Bangor, add 7 cents each extra for postage.

Fowler Mower Knife and Tool Grinder

This grinder ranks first among all tool sharpeners. It can be adjusted to any position by means of the ball and socket joint and it puts a perfect bevel or sharp edge on sections, scythes, feed cutter knives or any other edged tools without extra wheels or appliances. The bar is perfectly free and the bevel of the section or cutting edge is always in plain view of the operator and when the grinder is once adjusted it is not changed until the work is done. It is the only machine made that will grind a broken or nicked section to a serviceable edge and with it the most difficult and despised job on the farm becomes a pleasure. This is without question the very best mower knife grinder on the market. Very simple in construction and easy to operate. Price, \$4.50.

If sent by Parcel Post to any point to within 150 miles from Bangor, add 25 cents extra for postage.

THE WORCESTER BUCKEYE MOWER

New Standard Gear

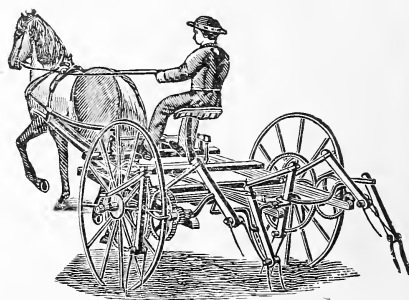

Light draft, very simple in construction, and of extraordinary strength and durability. Send for descriptive catalogue and price list. We carry a complete line of repairs for the Worcester Buckeye Mower.

Prices on Application

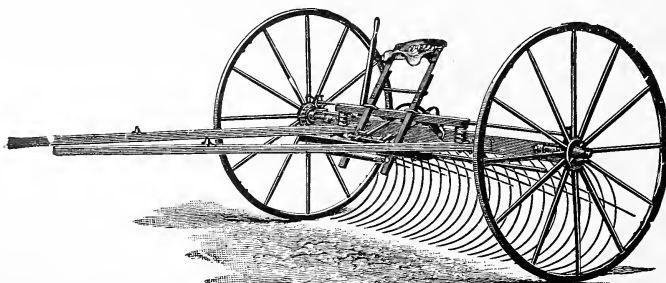

Bullard's Improved Hay Tedder

The Bullard Improved Hay Tedder, having been submitted to the severest test of field work, is admitted to be the only one yet offered to the public that will thoroughly spread long, heavy grass, taking it up from the bottom, tossing it gently into the air, and leaving it light upon the ground for free access of sun and air.

Price on Application

WORCESTER HORSE RAKE

It is made from right principles, simple, strong, durable and reliable. Will rake the roughest places as well as smooth ground.

It is so easily managed that a boy can run it as well as a man.

Price on Application

New York Champion Horse Rake

The New York Champion Rake
Has Many Imitations, But
No Equals.

Why It Takes The Lead

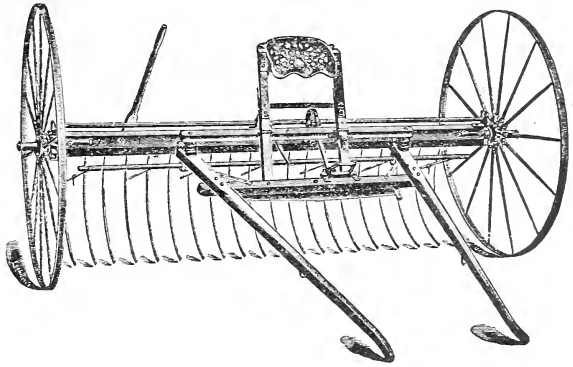

It has our patent tooth to prevent scratching.

It has no springs to get out of order.

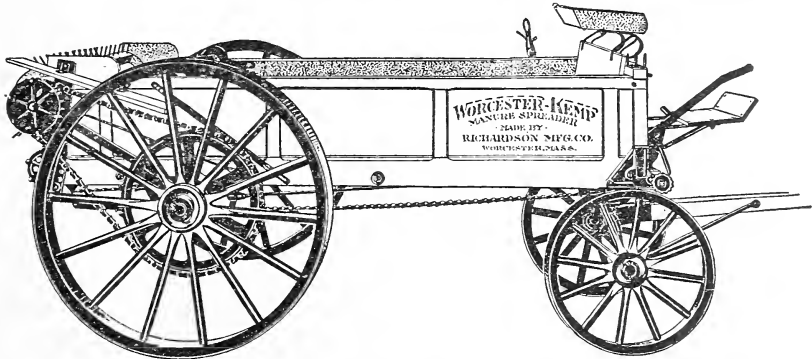

It produces no jar on the thills when dumping.

It is so easily managed that a boy who can drive a horse can use it as well as a strong man.

Every rake warranted. Write for prices.

Worcester Kemp Manure Spreader

It will evenly and thoroughly distribute all kinds of manure found upon the farm, from the roughest and toughest down to the finest including ashes, lime and fertilizers, in all conditions, wet or dry, and the time required to spread a load is from one and one-half to two minutes, without manual labor.

It is regulated to put out different quantities to the acre. The farmer may know exactly how much manure he is using without the trouble of measuring his field and his manure pile. It can be accurately regulated to spread any number of bushels of ashes or lime to the acre.

Send for Descriptive Catalogue and Prices.

We carry a full line of repairs for this spreader.

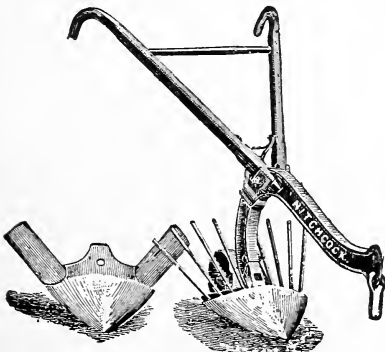

Hitchcock Potato Digger and Shovel Plow Combined

A very simple and useful tool for the small potato grower. By changing one bolt it may be converted either into shovel plow or potato digger.

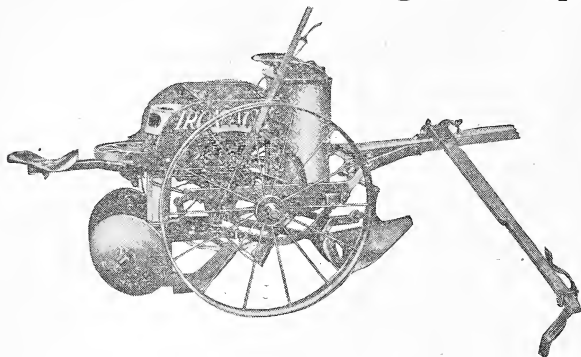

Send for Descriptive Circular.

Price, Combined Tool.....\$10.00

Price, Potato Digger only.....\$ 7.50

The "Iron Age" (Improved Robbins) Potato Planter

This planter is one of the most thoroughly constructed machines on the market. It is carefully made of the very best materials and consequently is strong, durable and thoroughly practical.

Send for Special Circular.

Price, complete with Fertilizer Distributor, Plow, etc., \$75.00.

Evans Potato Planter

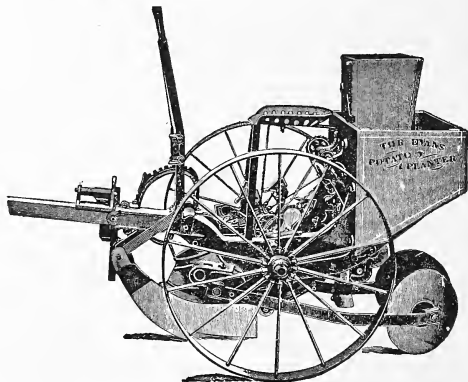

This is the most improved machine of its class on the market, being strictly up-to-date in every particular.

It is a force-feed, is positive in its action, and will drop potatoes 10, 12, 14, 16, 18, 20, 28 and 36 inches apart.

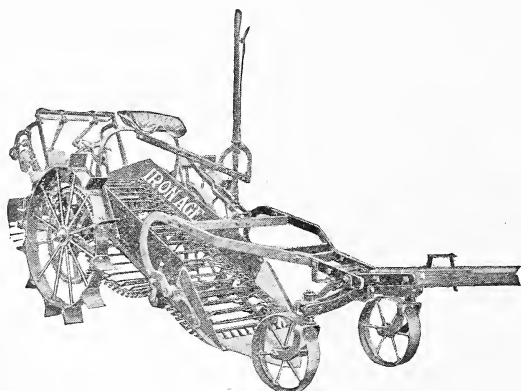

The Fertilizer Attachment is a positive force-feed and any kind of fertilizer can be sown with it, at the rate of from 50 to 2,000 pounds to the acre.

Send for Descriptive Circular.

Price\$70.00.

"Iron Age" Potato Digger

The "Iron Age" is perfectly adapted to all conditions of soils. It is built almost entirely of malleable castings and steel. On account of its superior construction, the annoyance and expense of breakage which is a characteristic of the other makes of diggers is overcome. The repair expense on this digger is not more than one-eighth to one-fourth as much per acre as on any other machine of its kind on the market.

The elevator is 22 inches wide and 60 inches long and is big enough and of the

proper construction so that it will not clog and gives perfect separation.

The main frame side bars are angle steel.

The wheels are steel, 32 inches in diameter with removable cast hub box.

It is the lightest draft digger on the market.

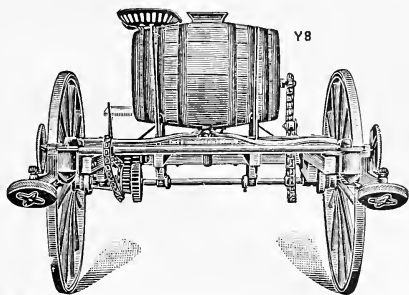

Send for Descriptive Circular and Prices.

The Standard Liquid Sprayer

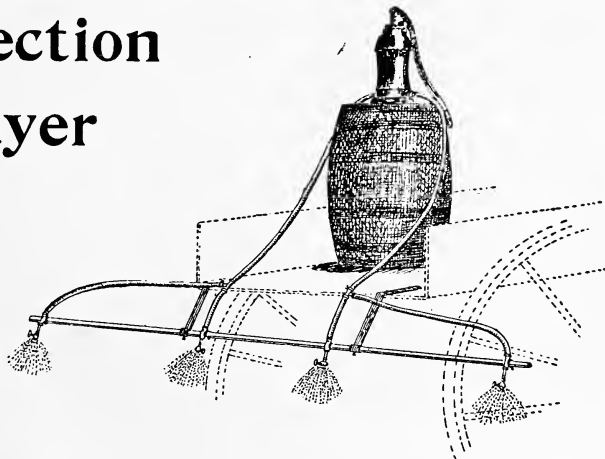

This sprayer sprays a perfect mist which completely covers all parts of the plants. It will cover thoroughly from six to eight rows, depending upon the mixture and width of row. There are no nozzles to stop up or clog, no pump or pipes to be affected by chemicals. Wheels are adjustable to different width rows.

Send for Descriptive Circular.

Price \$75.00.

Perfection Sprayer

The most practical potato sprayer ever put on the market; it can be attached to any wagon, is very simple in construction and durable, nothing about it to get out of order.

This sprayer can be readily adjusted to rows any width apart.

The pump is of large size, strongly constructed, and very powerful: it is also very easy working, one man can easily drive the team and work the pump.

Every sprayer guaranteed to give perfect satisfaction. We do not furnish barrel with sprayer as they can be obtained nearer home at quite a saving in freight charges.

PRICES: Perfection Two Row Sprayer, \$13.00.
Perfection Four Row Sprayer, \$16.00.

**Demorel Spray
Nozzle**

Price.....65 cents.

**Brass U
Connection**

Price.....45 cents.

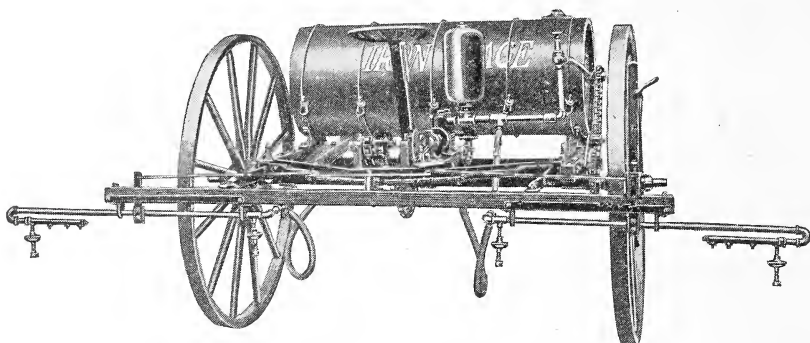

**Eureka Spray
Nozzle**

Price.....65 cents.

If sent by Parcel Post to any point to within 150 miles from Bangor, add 5 cents each to price of either Spray Nozzle and Brass U connection for postage.

The "Iron Age" Four-Row Sprayer

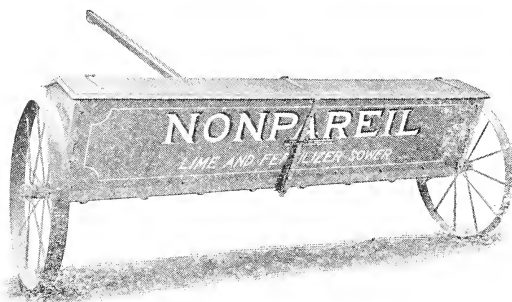

The sprayer has become in recent years as valuable an implement to the farmer, in successfully and economically raising a crop of potatoes, as any other implement. This sprayer has many new and valuable improvements, and is without doubt the best four-row sprayer on the market.

We have this sprayer in both one and two horse sizes, fully equipped with all the latest improvements.

Send for Descriptive Catalogue and Prices.

THE NONPAREIL

BROADCAST LIME AND FERTILIZER SOWER

For all general purposes the Nonpareil is undoubtedly the peer of all Lime and Fertilizer Sowers. Capacity of hopper 10 bushels and sowing width, 8 feet. It is equipped with $\frac{5}{8}$ -inch mesh screen so that when loading all material passes through it, leaving all hard foreign substances on, top of the screen where they can readily be dumped off and not pass through the spreader.

The construction is simple, strong and durable.

Send for Descriptive Catalogue and prices.

Worcester Lime and Fertilizer Distributor

This distributor is designed for broad-fertilizer. It is simple in design, carefully casting or drilling lime, ashes and commercial built, is equipped with broad tires and easy riding seat.

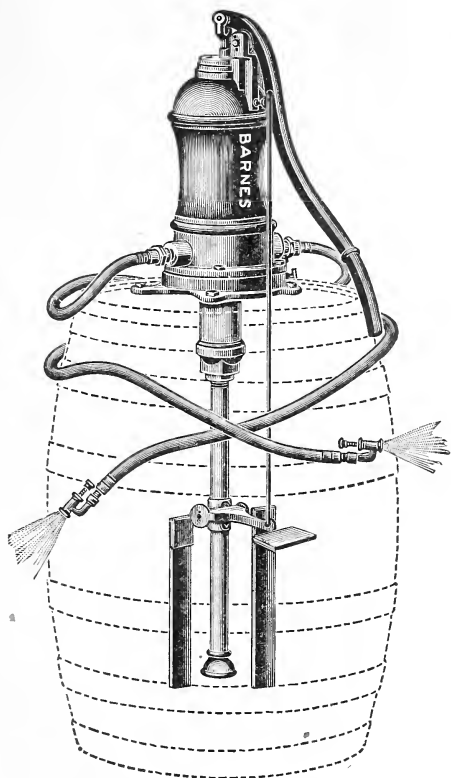

It has a number of special features not found on any other distributor.

Send for Descriptive Catalogue and Prices.

SPRAY PUMPS

For Spraying Fruit Trees —g
Shrubs, Etc.

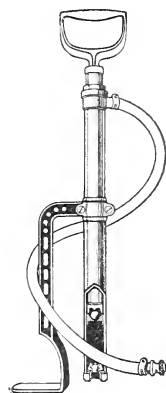

Barnes' New Improved Barrel Spray Pump

This pump is double acting and has no stuffing boxes or other intricate parts to get out of order. All working parts coming in contact with the liquid are brass. The body of the pump is a large air chamber and after the pump is under pressure it will discharge a steady spray lasting two minutes with one stroke of the handle.

Complete, except barrel, consisting of pump, 5 feet of $\frac{1}{2}$ -inch, 3-ply hose one Vermorel spray nozzle.

Price \$9.00.

Pipe extensions for spraying fruit trees, etc., furnished at 10 cents per foot extra.

MODOC BUCKET SPRAY PUMP

This pump is all brass except the foot piece and handle. The cylinder, or barrel, is very large and is made of heavy seamless brass tubing. The plunger is hollow and is made of seamless brass tubing, thus forming an air chamber which insures a steady flow of liquid. The valves are bronze balls.

Price\$3.00.

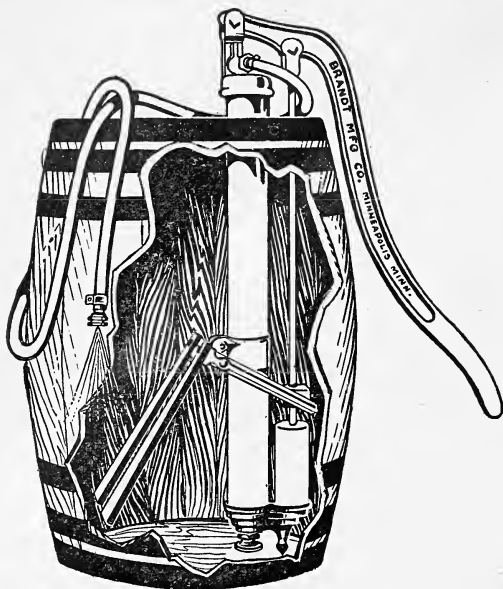

If sent by Parcel Post to any point to within 150 miles from Bangor, add 15 cents extra for postage.

Brass Lined Bamboo Poles

Bamboo brass lined spray poles, 8 or 10-ft. long. The inner tube is all in one piece, locked to the pole at both ends and will not turn inside of the bamboo. Is fitted with drip shield and is furnished either with or without stop cock.

Price, complete with cock, 8-ft. \$3.50
Price, complete with cock, 10-ft. \$3.75

THE "KING" SPRAY PUMP

Made for orchards where the trees are large and a great quantity of liquid is to be handled. This pump is so arranged that it may be mounted in any barrel. It has an extremely large air chamber which insures a uniform pressure at the nozzle, large cylinder which gives great capacity, and removable ball valve which enables the user to keep the pump in good working condition without taking it apart. This pump is so constructed that the packing may be tightened without taking the plunger out of the cylinder.

PRICES

For pump, complete with agitator, but without barrel, hose and spray nozzle.

Number.	Cylinder.	Air Chamber.	
5	2 inch	2½ inch	\$10.00
6	2½ inch	3 inch	\$13.00

For 15 feet, ½-inch, 5-ply rubber hose, fitted with spray nozzle, and ready to attach to pump, add \$2.35 to above prices.

"Perfection" Knapsack Sprayer

Built on the best lines, of high-grade material and with the idea of turning out a sprayer which has none of the faults and defects so common in many Knapsack sprayers heretofore on the market.

The tanks are made of heavier metal than has ever been used in sprayers of this kind, are lock seamed at the corners to convex heads of metal two gauges heavier than the sides, a single seam runs lengthwise of the tank. This seam is reinforced by rivets making the tank practically unbreakable. The pump is 1¼-inch seamless brass tubing with a brass valve.

This Sprayer will handle white-wash, water, paints, Bordeaux mixtures, etc., perfectly.

PRICES

Galvanized Steel.....	\$5.50
All Brass.....	\$8.00

If sent by Parcel Post to any point to within 150 miles from Bangor, add 20 cents extra for postage.

The Jasmin Spray Controller

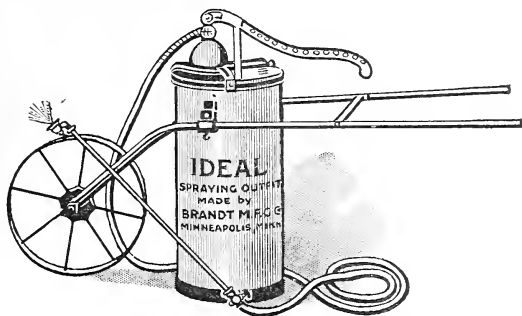

A new way of controlling the flow of the liquid through bamboo poles, iron pipes and extensions of every sort used with spraying pumps. It attaches to end of pole in place of the old stop cock.

The flow of liquid is controlled by a one-quarter turn of the wood handle. When using it, the operator does not have to take his eyes off of his work, but shuts off the flow of liquid instantly when spraying is finished. Made of brass, fits ¼-in. pipe.

Price, \$1.50. If sent by Parcel Post to any point to within 150 miles from Bangor, add 5 cents extra for postage.

"Ideal" Spray Outfit

This outfit is light compact and easy to operate. The tank holds fifteen gallons, is mounted so that the liquid will not slop or spill, and in a way that makes it easy to handle.

This sprayer is designed especially for a whitewash machine, it is also perfectly adapted to spraying all kinds of trees, shrubs, plants, vines etc., and will be of the greatest value for Stock and Poultry Farms, Nurserymen and Florists, Fruit Growers, Cold Storage Plants, Factories, Packing Houses, Warehouses, etc. In fact, any and every place which requires the application of disinfectants, insecticides, fungicides, whitewash or cold water paint. It has the largest air chamber of any spray pump of corresponding size. This enables the operator to keep a uniform pressure at the nozzle. The packing is cotton wick, which will resist the action of the chemicals used for spraying and can be tightened without removing from the pump. The valves are bronze balls $\frac{3}{8}$ of an inch in diameter, which allows free passage of the liquids and prevents clogging. Both valves are removable. The pump handle is of iron. It is extra long and a pressure of one hundred and fifty pounds can be easily maintained.

A mechanical agitator keeps the liquids well stirred. A fine strainer at the opening in the suction pipe prevents anything getting into the working parts of the pump. The pump has the following equipment:

10 feet, $\frac{3}{8}$ -inch Pressure Hose;

8 feet Pipe Extension, in 2 pieces;

1 "Ideal" Nozzle;

1 Brass Shut-off Cock.

PRICES

Ideal Spray Outfit Complete—with wheel and handles	\$17.50
Ideal Spray Outfit Complete—less wheel and handles	\$15.00

Ideal Spray Nozzles

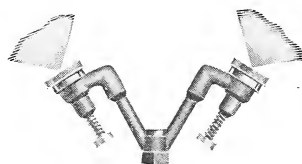

For all kinds of spraying; will spray all kinds of liquid.

PRICES

Single nozzle\$1.00

Double nozzle\$2.25

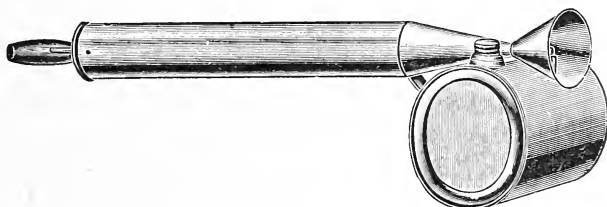

If sent by Parcel Post to any point to within 150 miles from Bangor, add 5 cents to price of either style for postage.

Ideal Double Nozzle

CYCLONE SPRAY PUMP

A MARVELOUS INSECT EXTERMINATOR

Throws a spray as fine as mist and is, therefore more effective than any other spray pump and uses about one-tenth the liquid. Very useful about plants, vegetables shrubs, etc. Also a valuable addition to the hen-house for spraying the walls and roosts for lice.

Price, 50 cents. If sent by Parcel Post to any point to within 150 miles from Bangor, add 10c extra for postage.

Racine Broadcast Seeder

It will sow perfectly any quantity to the acre of all kinds of Grain, Wheat, Oats, Barley, Rye, Buckwheat, etc., or Grass Seeds, Clover, Millet, Timothy, Hungarian, etc. It will also sow Flax Seed, Hemp Seed, Peas, Corn and Fertilizers in fact, anything which requires broadcasting, in a most satisfactory manner. It is the latest Wagon End Seeder on the market and superior to all others. It is heavier and stronger than any other seeder in use.

PRICE, \$8.50.

Send for Descriptive Circular.

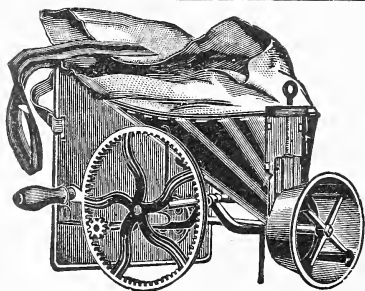

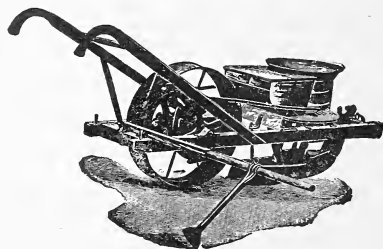

THE "KING OF THE CORNFIELD"

Corn Planter and Fertilizer Distributor

Superior to all for Planting Field, Ensilage and Fodder Corn, Broom Corn, Beans, Peas, Beets and Other Seeds of Like Size

This planter is perfectly adapted to every requirement; durable and simple in construction; not liable to get out of order, in consequence of its having no gears, chains or other complicated parts to break or wear out. Anyone can at once understand and manage it. An important feature in this planter is that none of the working parts, except the Drive Wheel are in motion only at the instant the seed and fertilizer is dropped in the hill, then it remains still until the next hill is reached. Corn planted by this machine germinates much quicker and comes up more uniformly than if planted by hand.

Circular and Price List mailed on application.

Pierce's Improved Cahoon's Patent Broadcast Seed Sower

For sowing Wheat, Barley, Oats, Buckwheat, Rye, Grass Seed, etc. Sows from four to eight acres per hour at a common walking gait, throwing out wheat about forty feet wide.

A person entirely unused to sowing by hand can use this machine with perfect success.

Price \$3.00.

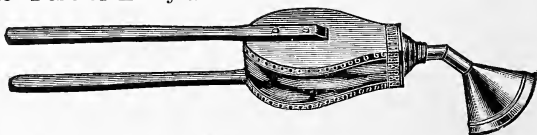

If sent by Parcel Post to any point to within 150 miles from Bangor, add 15 cents extra for postage.

Acme Dry Powder Gun

A Simple, Practical Implement for the Extermination of Potato Bugs and all Kinds of Insects, Flies, etc. The Pest of Every House and Garden.

It will handle all insecticides in the dry state—Pure Paris Green, Hellebore, Insect Powder, etc. It is very effective in the destruction of Potato Bugs, Currant Worms and all like pests, and for the wholesale destruction of house flies cannot be excelled.

Price, 75 cents. If sent by Parcel Post to any point to within 150 miles from Bangor, add 8 cents extra for postage.

Garden Trowels

No. 02—6-inch Blue Steel Blade, Plain Handle. Price10 cents

No. 9—6-inch Polished Blue Enamel, Heavy Steel Blade, Polished Handle. Price15 cents

FLORIST TROWEL, Extra Heavy, Price 25 Cents

Price, 10 cents.

NOYES' HAND WEEDER

Steel Blade. Price, 15 cents.

Haseltine Patent Hand Weeder and Scraper

Price, 25 cents.

Weed Digger and Asparagus Knife

Drop forged, 10-inch blade ground sharp, fastened to solid birch handle.

Price 50 cents.

If sent by Parcel Post to any point to within 150 miles from Bangor, add 5 cents each extra to price of any of the above tools for postage.

"Norcross" Cultivator Hoe and Weeder

One of the most useful lines of implements about the garden. These tools are very light, strong and durable, easy to handle and do most excellent work.

Material, workmanship and finish of the highest quality.

Made in three different sizes.

PRICES

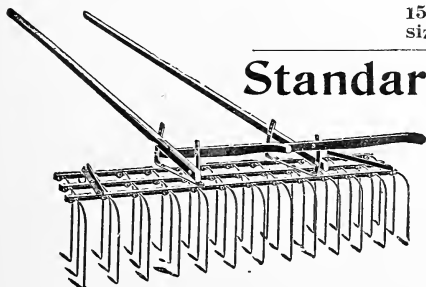

- 5 Prong Cultivator-Hoe with 4-foot Handle, 75 cts.
- 3 Prong Cultivator-Hoe with 4-foot Handle, 50 cts.
- 3 Prong Midget Weeder with 9-inch Handle, 25 cts.

If sent by Parcel Post to any point to within 150 miles from Bangor, add 8 cts. each to either size for postage.

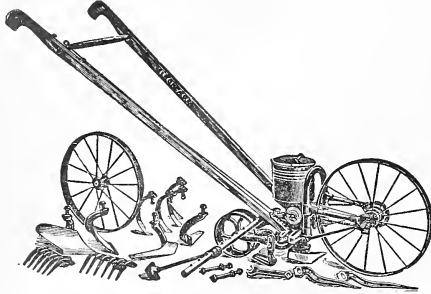

Standard Steel Frame Weeder

This weeder is well made, strong and durable. It has a set of runners, not shown in cut, which regulate the depth of cultivation. When the weeder is used on soft ground, and shallow cultivation is desired, the runners may be set so as to cultivate at the depth desired. They are also very useful in transporting the weeder to and from the field and from one field to another.

Price\$8.00.

"Iron Age" Combination Double and Single Wheel Hoe, Hill and Drill Seeder, No. 6

The frame of this tool is made of pipe coupled to malleable castings, thus combining great strength with lightness. It has high wheels and is very easy running.

It places the seed in continuous rows or in hills 4, 6, 8, 12 or 24 inches apart as desired.

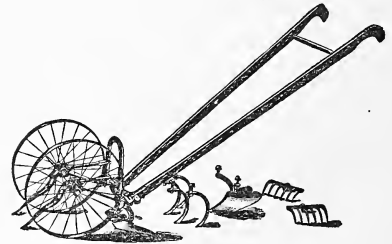

Can be very quickly changed to a double or single wheel hoe.

Price\$12.00.

"Iron Age" Double or Single Wheel Hoe No. 1

This hoe has the same general construction of frame and wheels as the Number 6. It can be very quickly changed to a double or single wheel hoe. A great labor saver and very durable.

Price\$7.00.

New Universal Double Wheel Hoe Cultivator Plow and Rake No. 14

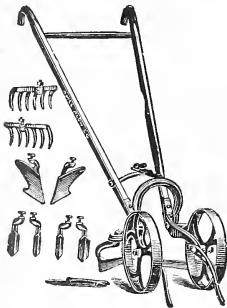

Specially Designed for Working Both Sides of the Row at One Passing

This new hand implement embraces all the good points of older efforts in the same line, and in addition offers new features which can not fail of appreciation. The special recommendation is the ADJUSTABLE ARCH, by which not only the depth of work can be gauged, but which, by an ingenious device, enables the teeth to be pitched at any angle desired.

There are nine adjustments of depth. The attachments are: 1 pair Hoes, 4 Cultivator Teeth, 1 pair Plows, 1 pair Rakes and 1 pair Vine or Leaf Guards. Price, \$6.00.

Price, with hoeing blades only, \$4.00.

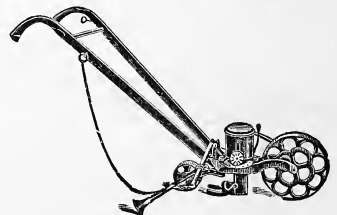

Send for Descriptive Catalogue of the Universal Garden Tools.

New Universal Gem Seed Drill No. 18

This has been perfected to meet the demand for a low price drill. It has all the essential qualities of the larger and more expensive drills, the Seed Dial and Indicator being made from exactly the same patterns.

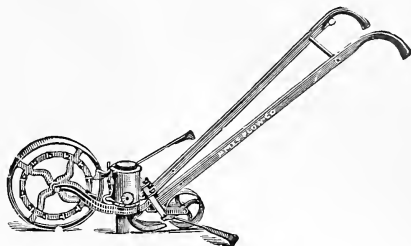

Price\$5.75.

NEW UNIVERSAL GARDEN DRILL, NO. 17

NONE BETTER CAN BE PRODUCED. Medals and testimonials confirming its superiority over all other drills have been repeatedly bestowed upon it from all quarters, and as it has been improved from time to time, it is now everywhere acknowledged to be THE MOST PERFECT DRILL MADE. It has been many years in use and its still increasing sale is the best evidence of its merits.

Price\$7.50.

NEW UNIVERSAL "HILL AND DRILL" SEEDER, NO. 16

This Seeder is the same as the Garden Drill with the exception that it has pins in the wheel, which serve as a means for securing the various dropping distances of 4, 6, 8, 12, 16, 24 and 48 inches apart, as well as for sowing continuously in drills.

Price\$8.25.

NEW UNIVERSAL CONSTELLATION DRILL, No. 19

With Hoe, Cultivator, Plow and Rake Attachments.

This is the same as the Garden Drill, with cultivating attachments. It can be used either as a Double Wheel or Single Wheel machine and change can be readily made. We do not particularly recommend a two-wheel seed sower, as the nicer work may be accomplished by a one-wheel machine. The two wheels are desirable, however, when used as a cultivator or wheel hoe, as in this way the rows of young plants may be straddled and the cultivating done on both sides of the rows at one passing.

Price\$9.50.

NEW UNIVERSAL CONSTELLATION DRILL, NO. 119

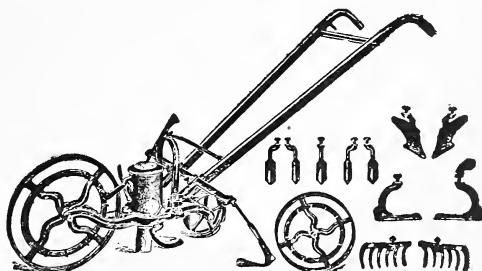

With Hoe, Cultivator, Plow and Rake Attachments.

This new implement is a combination of the No. 17 Garden Drill and a High Arch Expansion Wheel Hoe.

The seeder is especially recommended to users requiring a Perfect Drill Seeder.

The wheel hoe can be used either as a single or double wheel hoe, and on account of the high arch can be used as a "straddle-row" weeder and cultivator where the plants are 20 inches in height.

Price\$10.25.

New Universal Combined Hill and Drill Seeder, No. 22

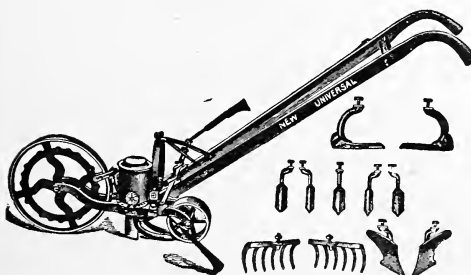

With Cultivator Rake and Plow Attachments.

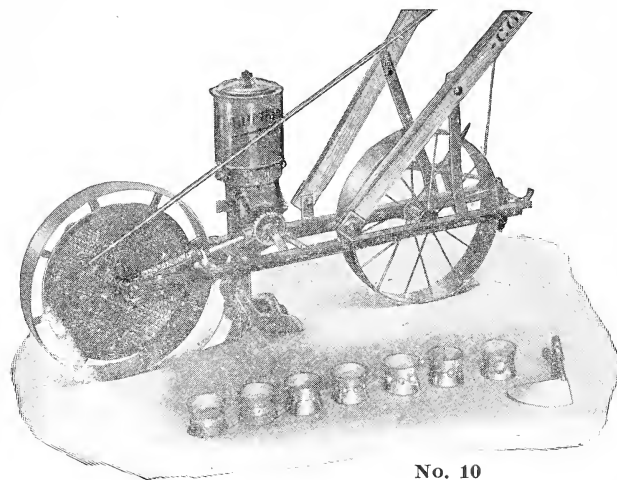

In this new implement there are combined all the features of the NO. 16 HILL AND DRILL SEEDER with a HIGH STEEL ARCH WHEEL HOE.

The seeder will plant in drills or in hills varying from 4 to 48 inches apart.

The wheel hoe with the high steel arch allows the cultivation of plants 20 inches high, and has adjustable sides so that it can be expanded up to 20 inches in width and can be used as a single or double wheel hoe, as desired.

Price\$11.00.

No. 10

Columbia Garden Seeder

This seeder has proved to be one of the most accurate and successful planters on the market. With this machine you can plant a greater variety of seed and more accurately than any other machine manufactured.

It has a positive forced feed. Will plant in drills or in hills at various distances. Comes equipped with seven seed cylinders and can furnish extra ones for any special seed that may be wanted.

Price Number 10, without fertilizer attachment \$11.50

Price Number 11, with fertilizer attachment..... \$13.50

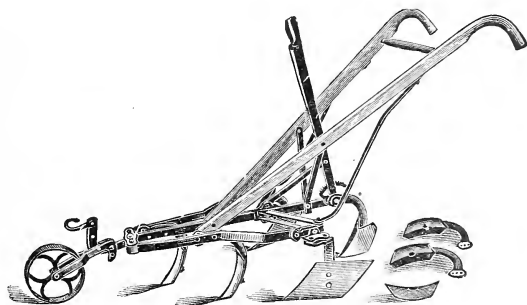

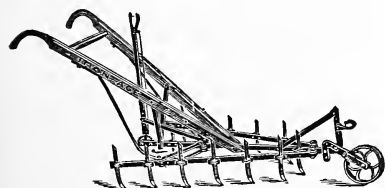

Fig. 25

"Iron Age" Diamond Tooth Cultivator

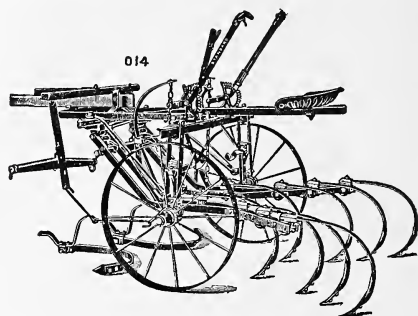

Especially adapted to pulverize the soil and leave it smooth and level. Especially recommended where intense cultivation is required. It will not throw the dirt, but will thoroughly work the surface of the soil.

Price\$4.75.

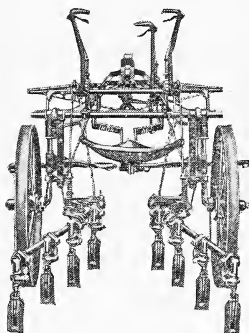

Standard Pivot Axle Riding Cultivator

The greatest labor-saving device ever offered in the line of cultivation, adapted for all kinds of farmers in cultivating all kinds of crops on hillside or plain,—in fact, to practically universal use. Pivot wheels—Gang Adjusting Lever, Strong Steel Wheels and, although it is light and simple in construction, it is very strong, and possesses many advantages not contained in far more complicated tools. Quality of material and finish is the very best.

Send for Descriptive Catalogue and Prices.

"Iron Age" Pivot Wheel Riding Cultivator

One of the best and strongest riding cultivators ever put on the market. Every farmer, who contemplates cultivating from ten to fifteen acres of crop, should purchase one of these tools.

We have them fitted with both spring hoes and spring teeth.

Send for Descriptive Catalogue and Prices.

Steel Frame Spring Tooth Cultivator

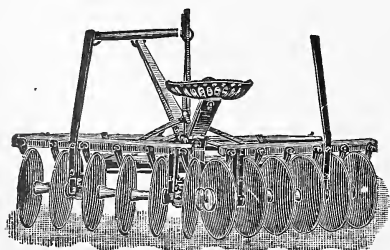

This series of Cultivators is especially adapted for use in stony ground. The frames are steel, strong and well put together throughout. The castings are malleable. The teeth are fine oil tempered springs and are alike and interchangeable; they are also adjustable for angle and depth.

PRICES

No. 64.—With expanding lever and five teeth\$6.00

No. 64

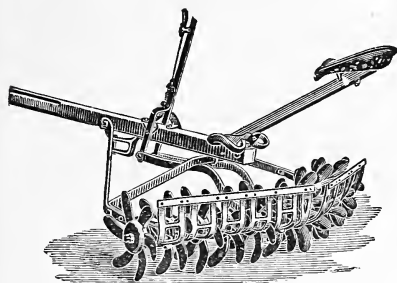

The Yankee Pulverizer

A superior disc Harrow, combining all the late improvements.

Send for Descriptive Catalogue and Prices.

We have this harrow in the cutaway patterns, if desired.

The Morgan Spading Harrow

The Morgan Spading Harrow is an "all around general purpose Harrow," and is adapted to all soils and conditions of soils.

While not particularly attractive or handsome in appearance, a trial will convince any farmer that it will do the work. As a pulverizer, it is unequaled, and especially on broken or uneven surfaces, among stone, in sod or heavy clay. It has more cutting surfaces than any pulverizer in the market. The high arched frame allows it to pass over obstructions easily. The blades are S-shaped and ground sharp on the cutting edges and overlap; they cut into and lift the soil to a depth of 4 to 6 inches, turning and pulverizing the ground precisely like the hand spade. The gangs, which

float freely can be adjusted to any desired angle by the hand lever. The cleaners are stationary and clean the blades, no matter what the condition of the soil.

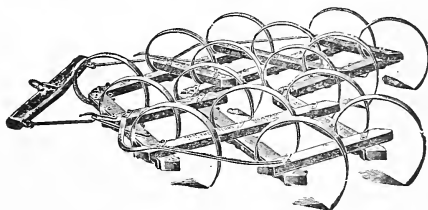

Send for Descriptive Circular and Prices.

Old Original Perry Harrow

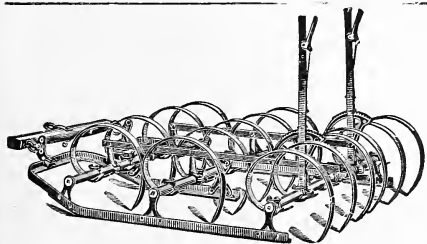

The Wood Frame Perry Harrow is the most durable of the spring tooth harrows. Is simplicity itself. Iron plated on the under side and in front, the entire length. Teeth cannot get loose. No levers or joints to wear and get out of repair. Harrows of this kind have been in constant use for twenty years.

PRICES

14-Tooth, \$10.00; 16-Tooth, \$10.00; 18-Tooth, \$11.00.

Aberdeen Spring Tooth Lever Harrow

Made entirely of steel and malleable iron; teeth set to any required depth. Tooth bars are round and well elevated to prevent clogging.

PRICES

15-Tooth\$16.00
17-Tooth\$17.00

One-Horse Spring Tooth Harrow

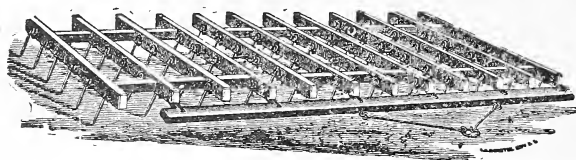

Frame of steel similar to Two-Horse Harrow and is the best One-horse Harrow in the market.

Ten Tooth With Lever

Price\$9.00.

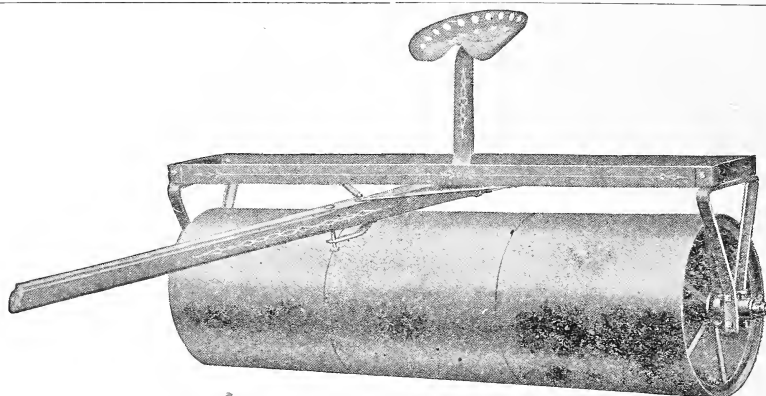

REVERSIBLE SMOOTHING HARROW

The teeth are reversible, namely by the draw bar being attached to one end of the harrow, they are slanting, as shown in cut, while if attached to the other end they are vertical, same as the ordinary harrow. With the teeth slanting, it is a smoothing harrow. This is not only a smoothing Harrow, but a Pulverizer, a Leveler, a broadcast Weeder and Seed Coverer. It is made in sections of twenty-four teeth each. Two, three or four sections may be, but usually three are used.

Two Section Peerless Smoothing Harrow, weight 135 lbs.....\$10.00
Three Section Peerless Smoothing Harrow, weight 200 lbs.....\$14.50

Steel Land Rollers

The frame of these rollers is made of heavy angle steel. The drums have a steel head with a heavy steel casing. Axles are $1\frac{3}{4}$ -inch round machine steel, and extend the full length of the roller.

Wood Beam Wing Shovel Plow

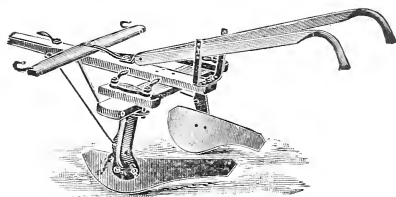

Blades and wings of steel. Wings adjustable to throw more or less earth. Especially adapted for hilling potatoes and other light work.

Price, without wheel.....\$3.00

Price, with wheel.....\$3.25

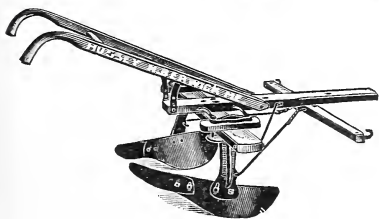

Syracuse New Potato Hoe

This hoe is much used in potato growing sections for hilling or covering. The wings are of steel, so constructed that they will tilt up or down on the standard, and the standards are movable upon the crossbar, so that the wings can be placed the right distance apart. The crossbar is strengthened with iron braces, making a strong frame. The handles shift to right or left, so that operator can walk at the side of row.

PRICE \$6.00

The "Improved Bangor" Potato Hoe

This hoe is especially adapted as a potato, corn, or celery hiller, or as a coverer. Wings are polished steel, are adjustable to tilt up or down on the standards and the desired distance apart by moving standards in or out upon the crossbar. The wings are made in two parts so that the end or tail of the wing can be dropped down and thus work the earth up under the tops, instead of burying them. The crossbar is strengthened with iron braces, which connect it with the pole making a strong and durable frame.

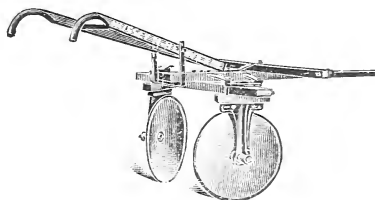

PRICE \$6.00

Improved Disc Potato Hoe

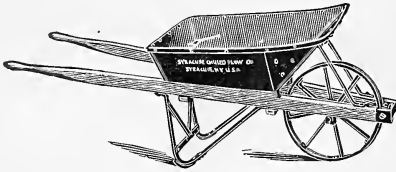

A very easy working type of hoe, and considered by many to be superior to all others for covering and hilling.

It is fitted with 20-inch discs, which can be easily adjusted to any angle.

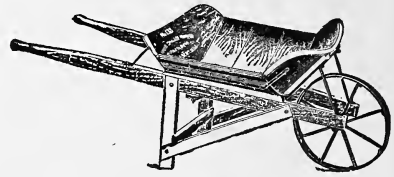

Price \$8.50.

Wright's Animal Tether

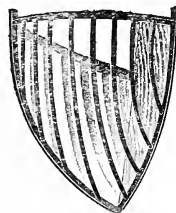

This device is designed to obviate the danger of horses and other animals becoming entangled in the rope with which they are fastened. It consists of a pole about ten feet in length, connected with an upright bar, upon which it turns in any direction. The animal is fastened to the end of this pole by a rope, which is kept taut above his head by means of a spring at the base of the pole; this keeps the pole high in the air until in reaching for the feed the animal pulls it down, thus at all times keeping the rope from under his feet.

ATHOL MACHINE CO. ATHOL, MASS. U.S.A.

PRICE \$3.00

Wrought Iron Corner Hay Rack

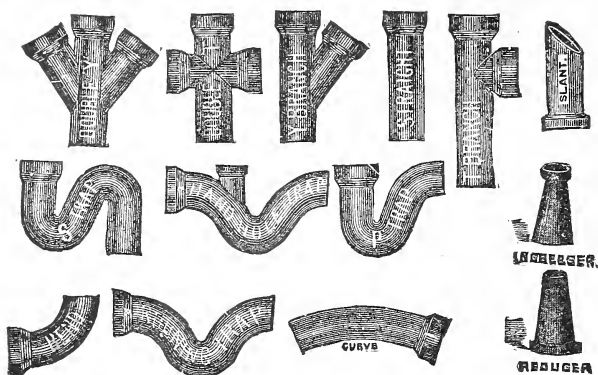

Price, \$1.50.

Majestic Rotary Washer

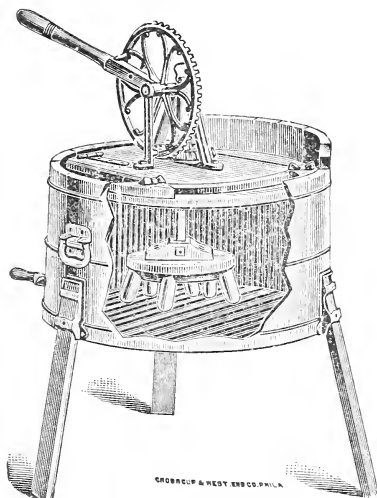

This washer is constructed of the best Virginia white cedar, and is very strong and finely constructed.

It is simple, strong, easy running and noiseless, the rotary motion being continuous, and the fly-wheel heavy.

Very little power is required to operate this machine.

Price \$7.00.

Lightning Washer

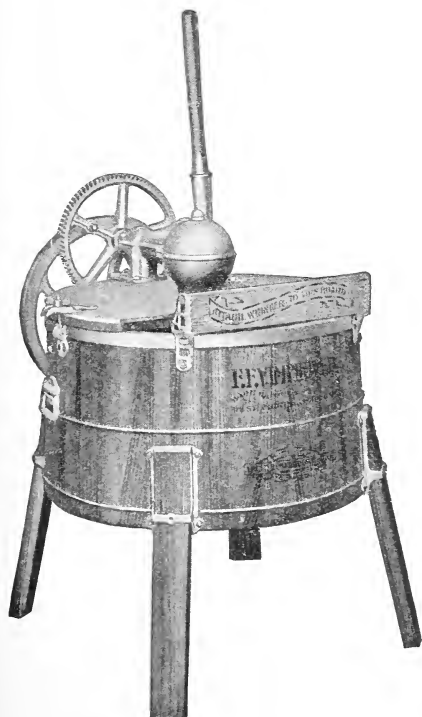

This washer is constructed of the best Virginia white cedar, and is very strong and durable.

It is supplied with improved gearing and all castings are jappanned.

Very easy running.

Price \$4.00.

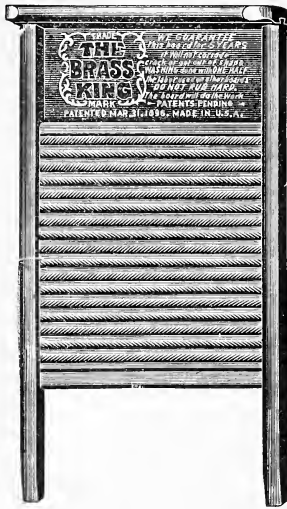

The F. F. V. Improved Washer

Has the Celebrated "MAJESTIC
Washer

movement which is "geared" up to a shaft with a well balanced, heavy weight fly wheel. The lever or handle is "direct geared" to the mechanism, and has a forged steel pitman rod which drives the machine with great power and speed, but with little labor, as the mechanism is so constructed and geared up, as to enable a small child to do the family laundry in the shortest time, and with the least work. The heavy, nicely balanced fly wheel, running on 7 polished rollers, reduces friction to a minimum.

This machine has a Virginia White Cedar tub, that will not sog or rot, and is hooped with the best Electric-Welded Wire hoops (galvanized). The main frame of the F. F. V. Improved is now made of two solid halves, with self-lubricating gear case, which is accident and dirt proof.

Price \$8.00.

Success Ash Sifter

This sifter was designed to meet the demand for a practical rotary sifter at a moderate price. It is substantially built, lock seamed, or riveted to prevent hot ashes from damaging the sifter. The rotary screen is heavy galvanized wire with galvanized steel bands at each end. The hopper is large and riveted to body, being square at the bottom and raised above bottom of rotary screen thus preventing clogging. The body is lock seamed to heavy stamped cover to fit 18-inch can. It will sift ashes thoroughly and quickly. It is easy to operate. It is substantially made of the best material, heavily galvanized. Will last a lifetime.

Polar Hardwood Refrigerators

Polar Family Refrigerator
The "Polar Ice Chests"

These chests are made of well seasoned pine, nicely grained to imitate oak. Fitted with galvanized steel shelves, and ice racks.

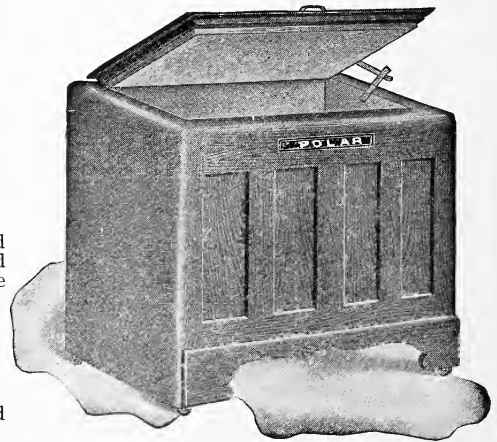

Stone Lined Refrigerators

We carry in stock a line of stone-lined refrigerators.

Send for Catalogue and Prices.

This Illustration Shows Our Hardwood "Polar" Refrigerator

Note the general style and beauty, and observe the artistic carvings. No wood is exposed in the interior of these refrigerators, a strong, metallic lining covering every part of the inside thoroughly. They are built with heavy air tight walls, thoroughly insulated. They have swing baseboards which facilitates the placing of the drip pan and makes sweeping easy. They are trimmed with strong, handsome locks and hinges, and are a high-grade and first-class refrigerator in every particular.

"Success" All Steel Refrigerators

This is an all-steel sanitary refrigerator and is constructed entirely of galvanized steel within and without. The walls are lined with four layers of heavy water-proof sheathing paper and two layers of sanitary quilt, with an air space of three-fourths of an inch all around. Bottom, top and doors are of the same construction. All joints are soldered air and water tight before enameling. This is without doubt the most perfect insulation known in a refrigerator. All doors close into rubber strips and are practically air tight. The inside finish is white enamel, laid on in four coats and each coat is baked on separately. The outside finish is aluminum and very attractive.

Send for Descriptive Catalogue and Prices.

Improved White Mountain Freezers

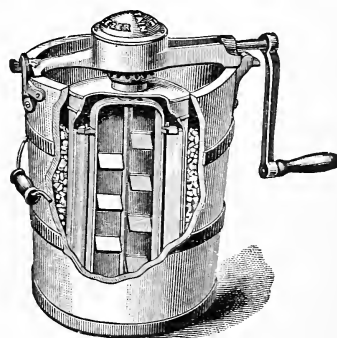

This is universally the favorite family Ice Cream Freezer, because it combines more excellence than all the other family freezers made. It is the only freezer made with a duplex dasher and double self-adjusting scrapers, which, by keeping every particle of cream in constant motion, causes it to freeze faster and more evenly than can possibly be accomplished by any other freezer.

No. 6.	Churns from 6 to 28 gals. cream...	\$20.00	\$18.00

The Hero Churn

The "Hero" Churn is a thoroughly made churn, and we believe that there is more value for the money in this churn than in any other ever brought to our notice. The churns are made of best white oak, thoroughly seasoned and kiln-dried, having galvanized iron rim in head, making it very strong. The cover fastening is very simple and efficient.

CHAMPION MILK COOLER AND AERATOR

This is a perfect Aerator, removing flavors arising from excessive cabbage, turnip or silo rations.

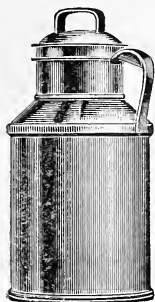

It is a complete Deodorizer, removing the animal heat or cowy taste and all odors arising from the absorption by the milk of stable or other unpleasant gases.

It is a thorough Cooler, reducing the temperature of the milk in one minute nearly to the temperature of the cooling medium.

It is equally well adapted to the use of any cooling medium, either running water, or ice water.

Every farmer or milkman handling milk cannot afford to be without one.

The Blanchard Butter Mold

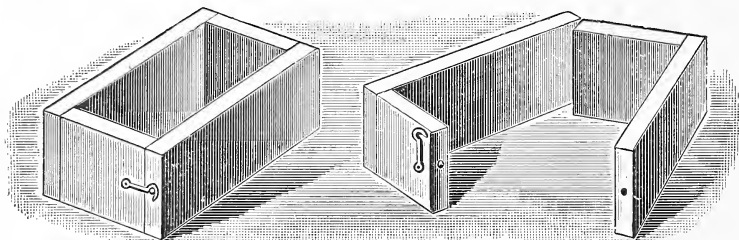

These molds are carefully made of clear white birch and only brass hooks and screws are used throughout, so that there is no possibility of rust and consequent discoloration of the wood. The ornamentation is done by special machinery, and when desired, initial is substituted at a slight advance in cost. Each division on face of mold represents one-quarter pound of butter.

PRICE

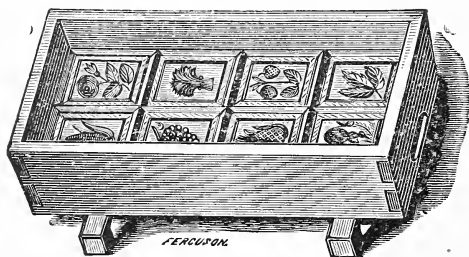

½ Pound.....\$.85. 1 Pound.....\$1.00. 2 Pound.....\$1.50.
If sent by parcel post to any point to within 150 miles from Bangor, add 5 cents each extra to either size for postage.

The "Simplex" Butter Mold

This is a favorite style of Butter Mold, being simple, cheap and substantial and leaves the butter in one of the most convenient forms for handling. Holds one pound of butter.

Price: Dovetailed Corners, 25 cents. If sent by Parcel Post to any point to within 150 miles from Bangor, add 5 cents extra for postage.

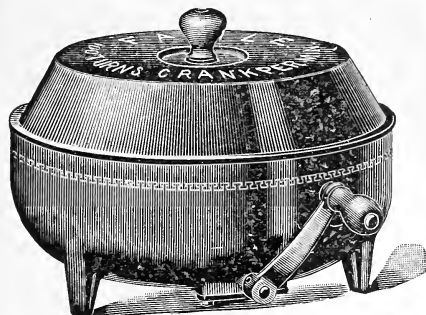

Combination Butter Prints

The demand for the Combination Butter Print has largely increased during the past few years, the average dairyman being more particular about the appearance of his butter.

The cut here shown represents No. 6 print in its mold, which holds two pounds and is divided into eight cakes, one-fourth each.

No. of Print	No. of Cakes	Capacity of Molds in lbs.	Capacity of each Cake in ounces	Dimensions of Molds in inches	Dimensions of Each Cake	Price

Dairy Cow Needs KOW=KURE

THE GREAT COW MEDICINE FOR COWS ONLY

It cures scours, removes bunches from the bag, prevents cows from losing their calves gets barren cows with calf, and makes a strong appetite and perfect digestion that produces a larger flow of richer milk. Kow-Kure has stood the test of ten years and is a complete success.

Price: 50c and \$1.00. If sent by Parcel Post to any point to within 150 miles from Bangor, add 6 cents extra to price of 50 cent size, and 8 cents to price of \$1.00 size for postage.

BLATCHFORD'S CALF MEAL THE COMPLETE MILK-EQUAL

This is in reality a substitute for milk—and should not be considered as an ordinary “feed” or “meal.”

It contains all the elements of milk and when properly prepared becomes a “baby food” for calves and colts. It is just the thing for weaning calves as soon as they can be taken away from the cow. Then all the milk may be sold and you get the benefit of the high creamery prices.

It is absolutely the only milk-substitute that contains all the elements necessary for rapid and healthy growth, and the only calf meal that is thoroughly cooked and prepared for digestion.

Will push calves and colts forward better and quicker than any other food.

100 pounds makes 100 gallons of Complete Milk-Equal.

Price, per 100 pounds.....\$3.50

BLATCHFORD'S PIG MEAL

Wean your little pigs easily, quickly and safely on our complete milk-equal for pigs.

Blatchford's Pig Meal contains just the right percentage of vegetable protein, fat, moisture, ash, etc., for this work. It keeps them growing sturdily, rapidly and profitably instead of taking on excess fat. It grows bone and solid flesh, prevents losses of growth and vitality during the critical weaning period and always makes the runts catch up.

Price, per 100 pounds.....\$3.50.

Buckley's Patent Watering Device

FOR WATERING STOCK IN STABLE

Water in the stable is a necessity for the proper caring of the stock; it should be of suitable temperature, and the stock should have constant access to it.

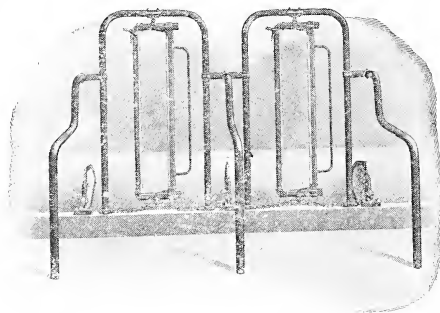

This is the most practical and economical device for watering cattle in the stable. The iron basins can be kept clean much easier than any form of wooden trough and there is nothing to wear or rot out.

The check valve at the bottom of each basin prevents clogging of pipes because no hay, meal or other substances can be drawn into them. It also greatly prevents the spread of contagious disease, as the supply of each basin is drawn directly from the main reservoir.

Water from a spring or reservoir is piped into a small tank, and the level of water in the basins is controlled automatically by a float valve on an overflow in this tank.

PRICE

Stanchion Basins, with brass valve seat and aluminum valve.....\$1.50 each

STAR SANITARY BARN EQUIPMENT

The Star Barn Equipment stands for clean barns, healthy cattle, reduced labor and larger profits.

Dairy barns are being equipped with Star fixtures, not only because of sanitary features, but because they save labor and add to the profits.

It is almost out of the question to maintain the old style barn, equipped with wooden fixtures in a sanitary condition.

This equipment enables you to keep your barn cleaner and with much less effort and at the same time pays for itself in the feed it saves and in the increased production of the herd.

Send for complete catalogue showing Stalls, Stanchions, Litter Carriers, etc.

"Best Yet" Riveting Machine

This is a combined riveting machine, anvil and punch. Made of malleable iron and steel.

Price\$1.00
Split copper rivets for "Best Yet" riveting machine.
Price, per box of 50..... 5 cents.
Price, per box of 100.....10 cents.

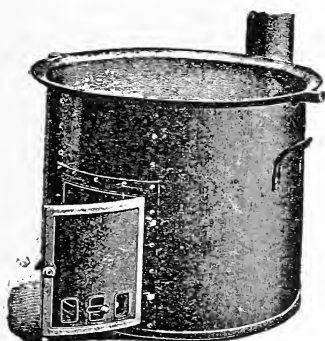

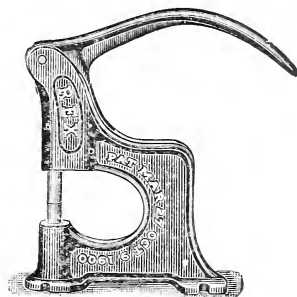

If sent by Parcel Post to any point to within 150 miles from Bangor, add 10 cents extra for postage.

"Rex" Riveting Machine

Made of malleable iron. A very handy, durable tool. The same rivets are used on this machine as are used on the "Best Yet" Riveting machine.

Price75 cents.

If sent by Parcel Post to any point to within 150 miles from Bangor, add 8 cents extra for postage.

BOILER AND FEED COOKER

This Feed Cooker is so constructed as to get the best possible results from a small amount of fuel. The kettle is of very smooth cast iron and can be removed from the casing instantly.

The casing or jacket is cold rolled steel.

Bay State Cider Mills

Several improvements have been added, such as New Hopper, the Rolls made longer and larger in diameter. New adjustable Crusher or Breaker Roll, which increases the capacity. Grinds the fruit coarse or fine as the grinders are adjustable.

PRICES

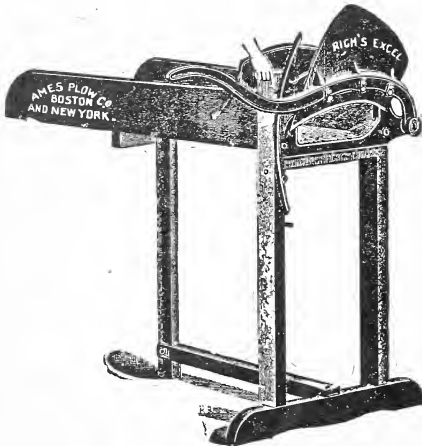

No. 1. Small size	\$14.00.
No. 2. Medium size	\$19.00.
No. 3. Large size	\$23.00.

The Johnson Fan Mill

The Fan Mill is indispensable to a well regulated Grain Barn. This mill runs the sound, clean grain to one side of the Mill, while the sand and small seeds pass out at the other end, and the heavy chaff and heads are caught in a receptacle behind the machine. It will not only clean grain, but also grass seeds in the best manner.

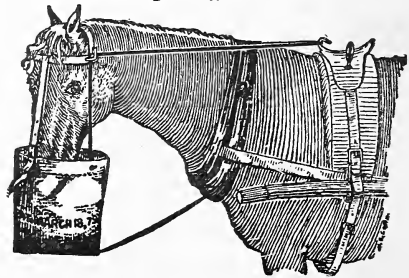

Price \$17.00.

FEED BAGS

Whittaker's Favorite Feed Bags... 85c each.
Whittaker's B. O. Feed Bags..... 75c each.

If sent by Parcel Post to any point to within 150 miles from Bangor, add 7 cents each extra for postage.

Rich's Patent Lever Feed Cutter

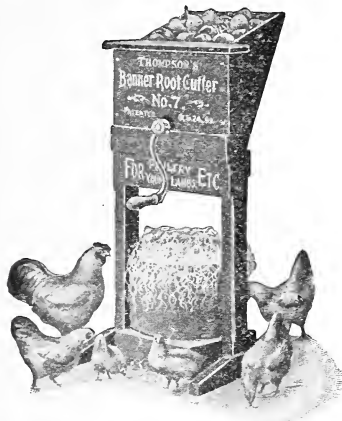

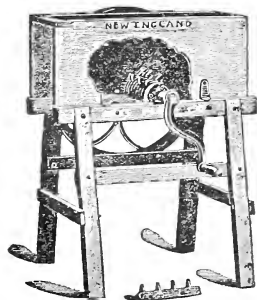

This iron handle lever cutter is so simple and easy to work as to commend it to everybody who has but a moderate amount of stock to feed. The knife is easy to adjust and keep in repair.

Prices from \$4.25 to \$6.00.

New England Root and Vegetable Cutter

This machine is made with a wrought shaft with sections of knives fastened to it and arranged so that a rotation of knives is continually passing a bed knife with cross knives passing between the section of knives; cutting always near the center shaft, making it cut easy and fine enough for cattle or sheep; also making a very regular cut. It will cut one bushel of roots per minute.

Price\$6.50.

No. 7

Banner Root Cutter

Exclusively for Poultry

It cuts fast and is easy running. Leaves the feed in fine, brittle, ribbon-like strips that make choking impossible. Fowls large or small can safely eat the feed. The knives are adjustable and made of the very best of steel. An iron gate in bottom of hopper lets dirt and gravel escape before reaching the knives. In this cutter we offer the poultrymen a low-priced, high-grade, nicely-finished and mechanically constructed machine, and feel that anyone who desires to feed Roots and Vegetables to their flocks can well afford to own one. Two to five minutes will cut enough feed for a large flock of fowls.

Price, No. 7.....\$4.00.

Banner Root Cutter

To Cut Roots For Cattle

This Root Cutter is made for hand power and is the kind and style that meets with the largest sale, because most of the farmers who feed roots to stock want a machine that is run by hand. It has a capacity of 30 to 50 bushels per hour, although it will cut at the rate of a bushel a minute easily on the test.

It is well built, nicely finished, runs easily, feeds itself, separates the dirt from the cut feed, and, take it all around, it is all that could be desired in the way of a first-class root cutter for all ordinary requirements.

It is supplied with the best steel knives. The condition of the fodder after passing through this machine is left in the most desirable shape, to avoid choking.

Price, No. 20.....\$7.00.

No. 20

Neponset Flower Pots

YANKEE HAND CORN SHELLER

Style A

With Balance Wheel and Separator.
This corn sheller is especially designed to meet the wants of the farmer.

The materials used in construction are selected for the purpose, and shellers are made and finished in a thorough manner.

It has a capacity of from 20 to 25 bushels per hour.

The balance wheel is on the outside of the machine and adds momentum to it.

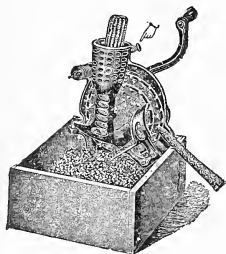

The separator separates the shelled corn from the cobs without breaking the cobs.

PRICE

Style A, with balance wheel and separator\$8.50

Yankee Corn Sheller

STYLE P

This is the best and most popular corn sheller made. Made largely of malleable iron and very easily adjusted. Can be fastened to any box securely and quickly. Will shell perfectly clean and always throw out cobs. Can be easily run by a child.

Price: Style P, \$2.50.

If sent by Parcel Post to any point to within 150 miles from Bangor, add 25 cents extra for postage.

RAT CORN

RAT CORN

Kills Rats and Mice

No Odors or Smells

It mummifies them. No matter where they die, they simply DRY UP. Positively do not smell.

Rat Corn is a new and scientific discovery, and, without a doubt, the greatest rat destroyer in the world; the only one that kills rats without any bad, dangerous or disagreeable effects.

Rat Corn is not dangerous to handle and is harmless to human beings.

Put up in 25 cent and 50 cent packages by mail postpaid.

SHERWIN-WILLIAMS INSECTICIDES

SHERWIN-WILLIAMS DRY POWDERED ARSENATE OF LEAD

This represents the highest development in Arsenical Poisons for Fruit and Vegetable Spraying. Because of its finely divided condition and great fluffiness it mixes with water in the spraying-tank with much less stirring than is necessary when the paste form is used.

Less than half of the powdered form will produce the same, or better results than the paste material.

This is lighter, more finely divided and of greater fluffiness than any other Dry Powdered Arsenate of Lead on the market, consequently is of much greater bulk per pound.

Write for prices.

TUBER TONIC

This is a combination spray having the desirable quick-killing properties of Paris Green, the adhesiveness of Arsenate of Lead, and the fungus preventive qualities of Bordeaux Mixture. Unlike Paris Green it remains on the foliage even when subjected to heavy dew or rains, and future spraying becomes necessary only to protect the new growth of foliage as it appears.

Tuber-Tonic is sufficiently strong to kill leaf-eating insects on potatoes, yet prepared in such a manner as to make it absolutely safe to use on foliage without injury.

Write for prices.

Sherwin-Williams Strictly Pure Paris Green

For destroying Potato Bugs, etc. In one and two pound boxes.

We also carry a good stock of Raynold's Paris Green.

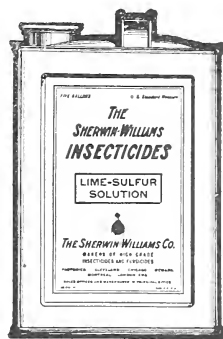

Write for Prices.

Sherwin-Williams Lime Sulfur Solution

This solution is the result of much experimenting and is ideal for the use of horticulturists. It is a clear, sparkling, cherry-colored liquid, which is made from the very highest grades of lime and sulphur. It is absolutely free from sediment, and in air-tight containers will keep for an indefinite period.

Prices on application.

HYDRATED LIME

This Lime is specially prepared for use in making Bordeaux Mixture and is being extensively used for that purpose.

Much better results may be obtained from the use of this lime than from the ordinary lime, from the fact that no further slaking or screening is necessary, hence clogging of the sprayer is overcome by its use.

The following has been found to be the most satisfactory formula for making Bordeaux Mixture: Six pounds prepared lime, five pounds copper sulphate and 50 gallons of water.

Prepared Lime is in a powdered form and put up in forty pound paper bags.

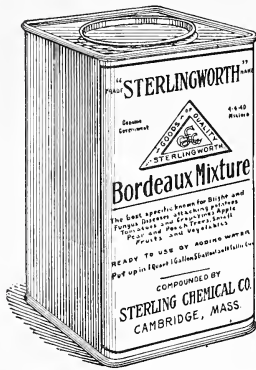

Price, per pound 2 cents.

Price, per 40 pound paper bag 40 cents.

TROWBRIDGE'S GRAFTING WAX

This is a standard brand of grafting wax and is highly recommended by all who have used it. Put up in convenient packages of 1-lb., ½-lb., and ¼-lb. 1-lb. package, 25c.; ½-lb. package, 15c.; ¼-lb. package, 10c.

If sent by Parcel Post to any point to within 150 miles from Bangor, add 6 cents extra to price of 1-lb. package, and 5 cents to ½-lb. and ¼-lb. for postage.

STERLINGWORTH BORDEAUX MIXTURE

This mixture is a scientific preparation and combined in a manner heretofore unknown, thus enabling the manufacturer to place it on the market in a practical and usable shape, as by simply adding water and stirring, it is ready for use.

One gallon will make 50 gallons by the addition of 49 gallons of water. Actual cost to you when ready for use 2 cents per gallon.

It Prevents Potato Rot, Potato Blight, Downy

Mildew and Anthracnose of Grape, Peach,

Pear and Cherry Blight, Etc.

1 Gallon Can, \$1.00.

1 Quart Can, 40 cents.

If sent by Parcel Post to any point to within 150 miles from Bangor, add 8 cents extra to price of 1 quart can and 18 cents to 1 gallon can for postage.

Powdered Hellebore Strictly Pure

For destroying Rose Slugs, Currant Worms and Insects on Berries, Bushes, Plants, Shrubs, etc.

1-lb. Package, 40c. ½-lb. Package, 25c. ¼-lb. Package, 15c.

If sent by Parcel Post to any point to within 150 miles from Bangor, add 6 cents extra to price of 1-lb. package and 5 cents to ½ and ¼-lb. for postage.

FLOUR OF SULPHUR

Used to prevent mildew in grape vines, plants, etc. Valuable to use about the stable and poultry house.

Price, per pound, 5 cents; per 100 lbs. \$4.50.

SULPHATE OF IRON

The Great Weed Destroyer.

By spraying with Sulphate of Iron you can eradicate Wild Mustard, Wild Radish—better known as Kale,—and Wild Turnip from your grain fields.

Price, per 100-lb. Bag \$1.00.

Send for Descriptive Circular telling when and how to use it.

FORMALDEHYDE

40 Per Cent. Solution.

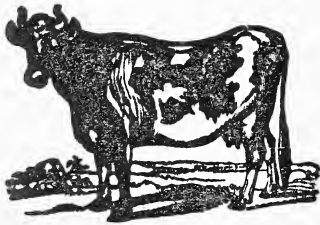

Used very extensively as a disinfectant on seed potatoes for killing the different germs of potato diseases.

Also valuable for disinfecting sick rooms and cleaning refrigerators, sinks, toilets, etc.

Write for Prices.

KNOX-EM-ALL FLY OIL

THE BEST THING ON THE MARKET

For ridding Horses and Cattle of flies and all insect pests. And Poultry of lice and mites. Gad Flies will not work on Sheep and they will not have Grub in the head. Inoffensive and harmless to persons and stock. Deadly to flies and lice. One hundred per cent. more lasting in effect than any other kinds.

Contains no fish oil or other objectionable ingredient. Can be used freely on Cows' Bags without inconvenience to milker or injury to the milk.

Cows give more milk and pay \$8 to \$10 per head more during the season at a cost of about 50 cents per cow. It can be used on horses without gumming or otherwise injuring the hair, and affords instant relief, making them thrive and drive better.

Directions:—For flies apply freely with a good sprayer. For lice spray the roosts, nests, and all places where vermin find lodgment, including the poultry when on the roosts.

Price, per gallon, 60 cents. If sent by Parcel Post to any point to within 150 miles from Bangor, add 20 cents per gallon extra for postage.

BUG DEATH

Pat. March 16 and Nov. 9, 1897

Pat. in Canada Nov. 9, 1897

Bug Death kills the potato, squash and cucumber bug, currant and tomato worm, also other plant and vine eating pests.

IF USED DRY

Apply with Dickey Bug Death Duster or a cloth bag of right mesh; 12½ to 25 lbs. per acre, per application. The more freely used the better the plant will thrive. Dust plant evenly and thoroughly.

Dickey Duster

Cooper's Sheep Dipping Powder

The best known preparation for destroying ticks on sheep, stopping the fly, preventing and curing the scab, promoting the growth of wool and improving the appearance and condition of the flock.

Price, per packet, 50 cents. If sent by Parcel Post to any point to within 150 miles from Bangor, add 7 cents extra for postage.

Will make 25 gallons of wash.

COPPER SULPHATE

For making Bordeaux Mixture. Write for Price.

FISH OIL SOAP WITH TOBACCO

Makes an excellent wash for Trees, Rose Bushes and Plants, destroys insects and their eggs. Price, per pound, 25 cents.

If sent by Parcel Post to any point to within 150 miles from Bangor, add 6 cents extra for postage.

Sterlingworth Weed Killer

This is a most satisfactory and powerful weed killer, compounded especially for use on walks, drives, tennis courts, golf links, etc. It is a dry powder to be dissolved in water. When applied to vegetation it completely destroys all kinds of weeds, grass and other objectionable vegetable growths. It may be applied with an ordinary watering can. One gallon covers three to four square yards.

Prices: 1-lb. package (makes 15 gallons).....50 cents.

If sent by Parcel Post to any point to within 150 miles from Bangor, add 6 cents extra for postage.

Sterlingworth Lawn Compound

Kills the Weeds but not the Grass, and Makes the Lawn Green and Velvety.

It is a dry powder to be sprinkled over the lawn and weeds when they are dry. It adheres to the rough, broad surfaces of such weeds as plattain, dandelions, chick-weed, and all other weeds having a broad, hairy surface and soon destroys them. It does not stick or lodge on the grass owing to its upright position and smooth surface.

One pound will dress 100 to 200 square feet, depending on the condition of the lawns. Each package gives full particulars for use.

Price, 5-lb. cans.....60 cents.

If sent by Parcel Post to any point to within 150 miles from Bangor, add 10 cents extra for postage.

Tree Tanglefoot

A safeguard for trees, shrubs, etc., against the gypsy moth, canker worm, and all climbing insect pests. It should be applied before the foliage appears, a continuous band two inches in width being put around the trunk of the trees, three or four feet from the ground. It is easily applied with a small wooden paddle. One pound will make a band seven to eight feet long. Perfectly harmless to the trunk and remains sticky during hot, cold, or wet weather.

PRICE

1 pound can	\$.35.	10 pound can	\$3.00.
3 pound can	\$1.00.	20 pound can	\$5.50.

If sent by Parcel Post to any point to within 150 miles from Bangor, add 6 cents extra to price of 1-lb. can; 8 cents to 3-lb.; 17 cents to 10-lb., and 30 cents to 20-lb. for postage.

ANT-I-CIDE

FOR ANTS IN LAWNS

This is a coarse powder for sprinkling on the soil. Strew plentifully, so that the surface infested will be thoroughly covered giving special attention to places where ants are seen in the greatest numbers, and around the edges of the property to be protected.

PRICE

5 pound can

\$1.25.

If sent by Parcel Post to any point to within 150 miles from Bangor, add 11 cents extra for postage.

Sterlingworth Cut Worm Killer

A coarse powder for sprinkling in proximity to the vegetation to be protected. Cut worms prefer this killer as a food to vegetation and when eaten by them death results. Dead cut worms will be found wherever there is any and this compound is used. It is non-poisonous to animals except in large quantities.

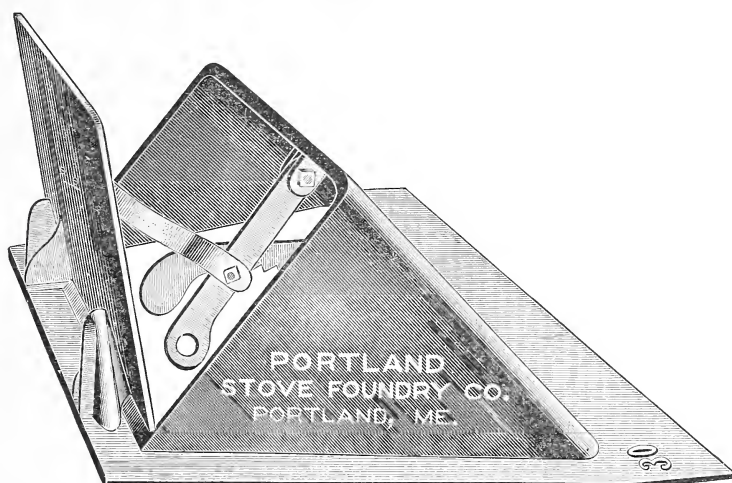

PRICE

1 pound box..... 25 cents.

If sent by Parcel Post to any point to within 150 miles from Bangor, add 6 cents extra for postage.

ATLANTIC FIREPLACE THROAT

SAVES TIME AND LABOR

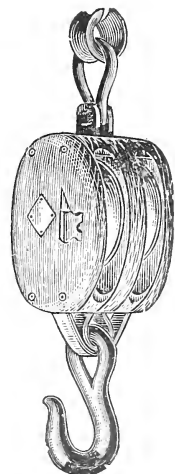

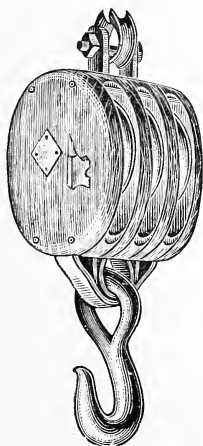

This cut shows the construction which combines all the advantages of earlier patterns with various new improvements. By the use of this damper perfect construction of the fireplace and of the throat of the chimney is assured, and all trouble with smoky fireplaces is avoided. The base plate of the damper takes the place of a front supporting bar and the work of the mason is greatly facilitated. The valve or lid can be easily lifted up or removed at any time for cleaning the chimney. It can also be shut or adjusted to any size of opening. This is a most important feature, for if closed when not in use a great amount of heat is saved.

PUMP LEATHERS

We carry a complete line of leathers for all styles of pumps.

THE NEW TYPE

Here is the engine that does your pumping, sawing, grinding and other chores at lowest cost. The $1\frac{1}{2}$ H. P. "Z" is a gasoline engine—self-contained, efficient, simple, strong, lightweight. Comes complete with fuel tank, cooling hopper and built-in magneto. **Built-in Magneto** does away with batteries and battery troubles—means quick and easy starting. Make and break igniter part of simple, positive, reliable ignition system. The **Pressed Steel Skids** make carrying easy and protect the fuel tank. A **Speed Regulator** allows of change in speed while engine is running. Effective governor gives close speed regulation. Other features include water-cooled hopper, water-jacketed valves, removable bushings, removable cylinder heads.

On Skids With
**BUILT-IN
MAGNETO**

**FARM
ENGINE** **\$35**
3 H. P. \$60
6 H. P. \$110

All F. O. B. Factory

The 3 and 6 H. P. Engines are oil engines—built especially to use kerosene and other cheaper fuels, as well as gasoline. **Throttling Governor** assures constant, reliable power, under varying load, without attention—gets greatest power from fuel—saves fuel. **Built-in Magneto** eliminates batteries and battery troubles—gives quick and easy starting. Make and break igniter with tapered fit—needs no gaskets. **Pump Feed** gives constant fuel supply—eliminates fire risk. **Speed Regulator** gives change in speed while engine is running. Other features include water-cooled hopper, water-jacketed valves, removable bushings, removable cylinder heads.

"More Than Rated Power and a Wonder at the Price."

Eclipse Pumper

This gasoline pumping engine has been designed to pump water at a small expense. It is independent of wind and weather. Will pump as much water as a 10 or 12 foot windmill in a 20-mile wind.

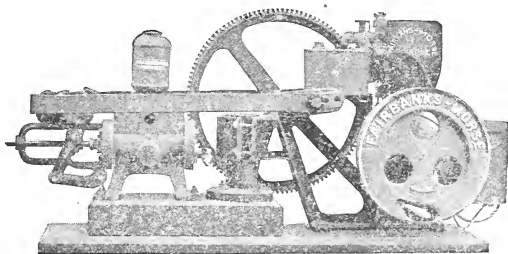

It is very easy to start and there are no complicated parts to get out of order. The design has been made very simple and with the least number of parts as possible to make a practical, powerful engine.

This engine can be used for a great variety of purposes other than pumping water such as running a cream separator, churn, washing machine, grindstone, wood-saw, hay cutter, etc.

This is the simplest in construction and the most positive general purpose engine ever put on the market and at a very low price.

We especially recommend the Eclipse Pumper for Pneumatic water supply system. Made in two sizes, one and two-horse power.

Write for catalogue and prices. If for pumping water, state depth of well.

PUMPS

BARNES "JUPITER" DOUBLE-ACTING FORCE PUMP

With Reversible Air Chamber and Malleable Iron Lever.

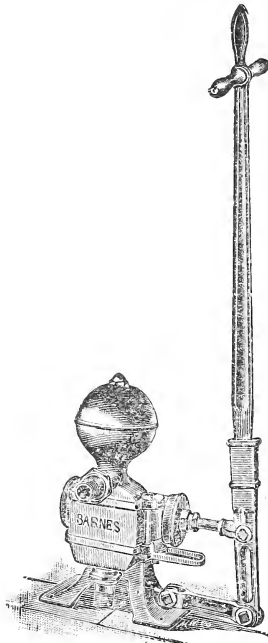

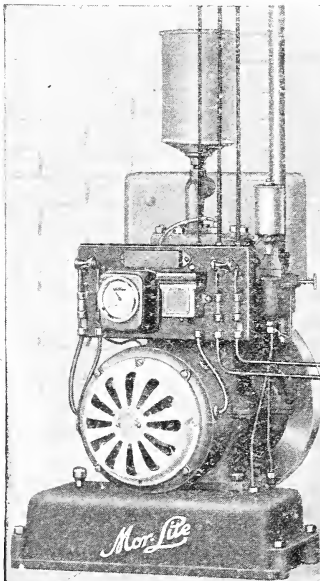

Fig. A

Fig. 13A shows our New Improved "Jupiter" Double-Acting Force Pump, which is especially adapted for elevating water from cisterns to tanks in upper stories of residences, and is much more reliable than any water motor ever made, as it can be depended upon at all times. It is also used largely for cleaning and filling boilers and for fire protection, or can be used as a deck pump and many other purposes. All sizes fitted with our New Improved Brass Valves. Brass plugs are provided for draining cylinder to prevent freezing, and also for priming when necessary. The air chamber can be reversed so that discharge may be used on either side. The suction and discharge are always fitted for iron pipe unless otherwise ordered, but can be fitted for hose or lead pipe, if specified.

All Brass Pumps, for pumping acids, furnished to order.

PUMPS

BARNES EXTRA HEAVY STOCK PUMP

With Wrought Iron Set Lengths. Anti-freezing. Open Top.

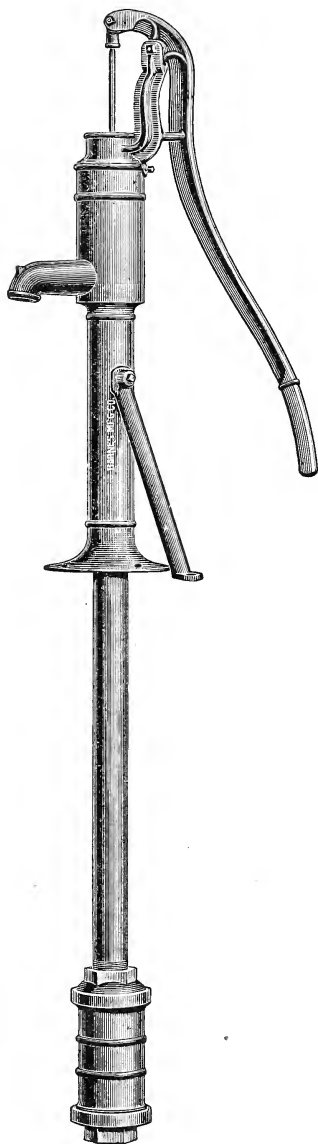

Fig. 18A

Fig. 18A represents our New Improved Heavy Lift Pump, which is especially adapted for stock purposes where large quantities of water are required from shallow wells. The handle is extra long and all parts of the pump are extra heavy. The spout has full 2-inch opening and the chamber or reservoir is large, thus causing practically a steady flow of water. The size of the plunger rod is $\frac{1}{2}$ -inch. It is built throughout to stand heavy service. All parts are lettered and numbered, thus avoiding errors in ordering repairs.

BEE KEEPERS' SUPPLIES

The Dovetailed Hive

The Dovetailed Hive is taking the lead of the single walled hives, as it contains many of the most desirable features of the various hives for the rapid handling of bees and is one of the cheapest hives manufactured.

It is dovetailed together as shown in cut and that is what gives it its name.

We carry these hives in both eight and ten frame, fitted with two supers. Write for Prices.

We carry bee hives in the flat only.

One-Piece Section-Honey Boxes

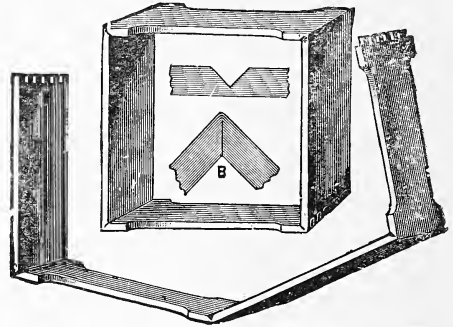

These sections are made from selected white basswood and are sand papered and rubbed to a smooth, high polish. We carry nothing but No. 1 sections in stock and are put up in boxes containing 500 each.

Size $4\frac{1}{4} \times 4\frac{1}{4}$, width $1\frac{7}{8}$ inches, and $\frac{1}{8}$ -in. thick
 Size $4\frac{1}{4} \times 4\frac{1}{4}$, width $1\frac{1}{2}$ inches, and $\frac{1}{8}$ -in. thick
 Size $3\frac{3}{4} \times 5$, width $1\frac{1}{2}$ inches, and $\frac{1}{8}$ -in. thick
 Size 4×5 , width $1\frac{3}{8}$ inches, and $\frac{1}{8}$ -in. thick

PRICE LIST.

Per 100.....85 cts. Per 500.....\$3.00.
 Per 1,000.....\$5.75.

If sent by Parcel Post to any point to within 150 miles from Bangor, add 10 cents to price of 100 and 37 cents to 500 for postage.

DOUBLE GROOVED FOUNDATION FASTENING HOFFMAN SELF-SPACING BROOD FRAMES

As thick-top frames, practically prevent the building up burr combs, frames with a thick top bar are almost universally used. The top bar is $\frac{7}{8}$ -in. thick and $1\frac{1}{8}$ -in. wide. The top bar is made with a double groove on the under side. One of the grooves is fitted with a bevel strip which presses the thin piece between the grooves against the foundation holding it perfectly straight and exactly in the center of the top bar. To put in foundation, insert edge in the groove in center of top bar, slip in the wedge in other groove and tack in place with two or three small wire nails.

PRICES NOT SET UP

Per lot of 10, 45 cts.

Per lot of 100, \$3.75.

If sent by Parcel Post to any point to within 150 miles from Bangor, add 11 cents extra to price of 10 for postage.

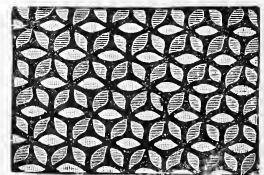

COMB FOUNDATION

This foundation is made from the best grade of pure beeswax and before being made into foundation is entirely cleansed of all foreign substances.

PRICES

Standard Brood....62c per lb. Light Section....69c per lb.

If sent by Parcel Post to any point to within 150 miles from Bangor, add 7 cents extra per pound for postage.

BEE KEEPERS' SUPPLIES

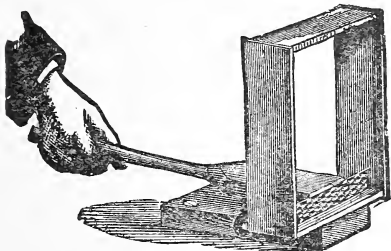

GLOBE BEE VEIL

Has five cross bars riveted through the center at the top. These button to studs on the neckband. The bars are light spring steel, the neckband is of hard spring brass and the cover is of handsome, light material. It is very easily put together—no trouble to put on or take off. It protects against mosquitoes, flies, bees, gnats, etc. The veil weighs only five ounces. Price, \$1.00.

If sent by Parcel Post to any point to within 150 miles from Bangor, add 5 cents extra for postage.

Parker's Machine for Fastening Starters in Section Boxes

Fasten machine to table with screws that are sent with it. Dampen the underside of point of lever with honey or water to prevent its sticking to the foundation. Place section in position with strip of foundation just under the end of lever; press lever down on foundation by lifting handle, turn foundation up against end of lever and slide lever off of foundation, by lifting on handle and drawing it backward, which fastens the foundation to section.

Price for $4\frac{1}{4} \times 4\frac{1}{4}$ section.....40 cents.

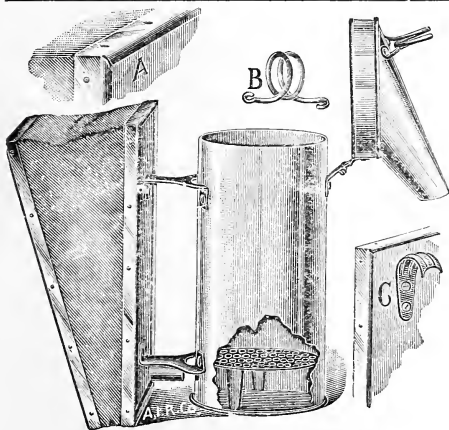

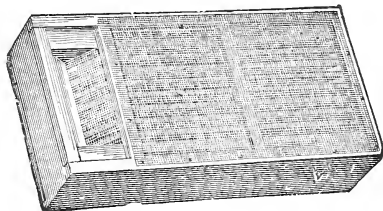

If sent by Parcel Post to any point to within 150 miles from Bangor, add 5 cents extra for postage.

PAGE FEEDER

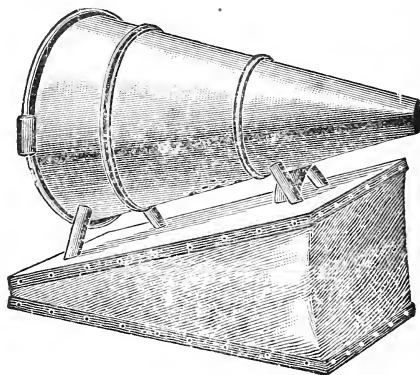

One of the best feeders for feeding over the brood nest. It is made from a solid block of wood and is covered with wire cloth. It has a bee space under bottom and also at top between wire cloth and top of partitions. Bees cannot escape while feeder is being filled. A small hole cut in mat and feeder set over same will be found a convenient way of using it, but it can be used in many ways.

Each nailed up complete.....45 cents.

If sent by Parcel Post to any point to within 150 miles from Bangor, add 6 cents extra for postage.

Standard Smoker

Clark's Cold Blast Smoker

Price90 cts. each

Price60 cts.

If sent by Parcel Post to any point to within 150 miles from Bangor, add 8 cents extra to price of either style of smoker for postage.

Books on the Farm, Orchard and Garden

All books sent postpaid on receipt of price

A. B. C. of Agriculture. A valuable work for all interested in farming and gardening. Illustrated, 66 pages, 5x7 inches. Cloth ...\$.50

Clovers and How to Grow Them. By Thomas Shaw. Illustrated, 5x8 inches. 337 pages. Cloth\$1.00

Farm Grasses of the United States. By William Jasper Spillman. Illustrated, 248 pages, 5x7 inches. Cloth\$1.00

The Book of Alfalfa. By F. D. Coburn. Illustrated. Bound in cloth, 336 pages, 6½x9 inches. Latest edition.....\$2.00

Spraying Crops. By C. M. Weed. Illustrated, 140 pages, 5x7 inches. Cloth.....\$.50

Manual of Agriculture. By Emerson and Flint. Illustrated, 284 pages, 5x7 inches. Cloth,\$1.00

Chemistry of the Farm. By R. Warrington, F. C. S. Treating with the utmost clearness and conciseness, and in the most popular manner possible, of the relation of chemistry to agriculture, 120 pages, 5x7 inches. Cloth..\$1.00

Farm Appliances. Describing numerous useful and labor saving appliances, of great value in farm work, 250 illustrations, 192 pages, 5x7 inches. Flexible cloth\$.50

Fences, Gates and Bridges. A much-needed and valuable work. Over 100 engravings, 192 pages, 5x7 inches. Flexible cloth.\$.50

How Crops Grow. By Prof. Samuel W. Johnson of Yale college. A treatise on the chemical composition, structure and life of the plant. With numerous illustrations and tables of analysis, 416 pages, 5x7 inches. Cloth.....\$1.50

Peddler's Land Measure for Farmers. A convenient pocket companion, showing at once the contents of any piece of land, when its length and width are known, up to 1,500 feet either way, 144 pages, 4x6½ inches. Cloth.....\$.50

Forage Crops Other Than Grasses. How to cultivate, harvest and use them. By Thomas Shaw. Illustrated. 287 pages, 5x7 inches. Cloth,\$1.00

Bommer's Method of Making Manures By George Bommer. A practical guide for making manures on the farm, 86 pages, 9½x6 inches. Paper\$.25

Soils and Crops of the Farm. By George E. Morrow, M. A., and Thomas F. Hunt. The methods of making available the plant food in the soil, and history of the farm crops. Illustrated, 310 pages, 5x7 inches. Cloth.....\$1.00

Soiling Crops and the Silo. By Thomas Shaw. How to cultivate and harvest crops; how to build and fill a silo; how to use silage, 364 pages, 5x7 inches. Cloth\$1.50

Draining for Profit and Draining for Health. By George E. Waring, Jr. Illustrated, 252 pages, 5x7 inches. Cloth\$1.00

Farm Drainage. By Judge French of New Hampshire, 384 pages, 5x7 inches. Cloth..\$1.00

Land Drainage. By Manly Miles. Illustrated, 200 pages, 5x7 inches. Cloth.....\$1.00

Cabbage and Cauliflower. From seed to harvest. By C. L. Allen. Illustrated, 126 pages, 5x7 inches. Cloth\$.50

Market Gardening. By Burnett Landreth. For both north and south, of interest to the amateur gardener, trucker and farmer. Illustrated, 315 pages, 5x7 inches. Cloth.....\$1.00

The Potato. By Samuel Fraser. This book is destined to rank as a standard work on potato culture. Illustrated. Bound in cloth, 200 pages, 5x7 inches.....\$.75

Wheat Culture. By D. S. Curtis. Paper..\$.50

Field Notes on Apple Culture. By L. H. Bailey, Jr., 90 pages, illustrated, 5x7 inches. Cloth\$.75

Cider Maker's Handbook. By J. M. Trowbridge. Illustrated, 119 pages, 5x7 inches. Cloth\$1.00

Cranberry Culture. By Joseph J. White. Illustrated, 132 pages, 5x7 inches. Cloth...\$1.00

The Fruit Garden. By P. Barry. Illustrated, 516 pages, 5x7 inches. Cloth\$1.50

Strawberry Culturist. By Andrew S. Fuller. Fully illustrated, 5x7 inches. Flexible cloth\$.25

Guenon's Treatise on Milch Cows. By Thomas J. Hand. Over 100 illustrations, 131 pages, 5x7 inches. Cloth\$1.00

Animal Breeding. By Thomas Shaw. This book is the most complete and comprehensive work ever published on the subject of which it treats. Illustrated, 405 pages, 5x7 inches. Cloth\$1.50

The Study of Breeds. By Thomas Shaw. The accepted text-book in colleges, and the authority for farmers and breeders. Illustrated, 371 pages, 5x7 inches. Cloth\$1.50

American Cattle Doctor. By George H. Dadd, V. S. To help every man to be his own cattle doctor, 367 pages, 6x9 inches. Cloth\$2.00

Diseases of Swine. By Dr. R. A. Craig. A text-book for swine growers, veterinary surgeons and students. Illustrated, 190 pages, 5x7 inches. Cloth\$.75

Home Pork Making. The art of raising and curing pork on the farm. By A. W. Fulton. Fully illustrated, 125 pages, 5x7 inches. Cloth,\$.50

Making Poultry Pay. By Edwin C. Powell. A manual of practical information on poultry keeping. Illustrated, 324 pages, 5x6½ inches. Cloth\$1.00

Poultry Architecture. Compiled by G. B. Fiske. A treatise on poultry buildings, Over 100 illustrations, 125 pages, 5x7 inches. Cloth,\$.50

The New Egg Farmer. By H. H. Stodard, a practical, reliable manual upon producing eggs and poultry for market, 140 original illustrations, 331 pages, 5x7 inches. Cloth.....\$1.00

Quimby's New Bee Keeping. By L. C. Root. The mysteries of bee keeping explained. The result of 50 years' experience, illustrated, 271 pages, 5x7 inches. Cloth\$1.00
